Resolution \_\_\_\_\_

**NET BILLING TARIFF OR NET ENERGY METERING**  
**RENEWABLE ENERGY CREDITS COMPENSATION FORM**

(T)

**To request Renewable Energy Credit (REC)<sup>1</sup> compensation from SCE, please complete the following sections:**

| <b>Customer Information (as it appears on your monthly SCE statement):</b> |  |
|----------------------------------------------------------------------------|--|
| Customer or Business Name                                                  |  |
| Street Address                                                             |  |
| City, State, Zip                                                           |  |
| Phone                                                                      |  |
| Service Account #                                                          |  |
| Aggregator Name (if applicable)                                            |  |

| <b>Verification of REC Ownership and Transfer:</b> |
|----------------------------------------------------|
|----------------------------------------------------|

I have provided "net surplus electricity" (NSE), as described under the Rates sections of Schedules NBT, NEM, NEM-ST, MASH-VNM, MASH-VNM-ST, NEM-V, NEM-V-ST and SOMAH-VNM, which is reflected on my true-up bill, and for that NSE I want to receive REC compensation, and I confirm all of the following: (T)

- ☐ Ownership of RECs: In order to receive REC Compensation, I or my authorized aggregator certify under penalty of perjury that I own the REC's associated with net surplus energy (NSE as defined in Schedules NBT, NEM, NEM-ST, MASH-VNM, MASH-VNM-ST, NEM-V, NEM-V-ST and SOMAH-VNM). (T)
- ☐ RPS Eligibility of Facility: I, or my authorized aggregator, certify that the eligible generating facility providing NSE to the service account provided above is certified by the California Energy Commission (CEC) as a Renewable Portfolio Standard (RPS) Eligible Generating Facility, having the CEC RPS ID listed below. I, or my authorized aggregator, also certify that a copy of the CEC RPS eligibility certificate for this is attached with this form.
- ☐ Transfer of WREGIS Certificates to SCE: I or my authorized representative certify that the Western Renewable Energy Generation Information System (WREGIS) certificates representing the RECs associated with my net surplus energy (negative kWh) shown on the true up bill statement received at the end of my 12-month relevant period, pursuant to California Public Utility Code Section 399. 12(h) and CPUC Decision 08-08-028, have been transferred SCE.

Number of RECs transferred to SCE:<sup>i</sup> \_\_\_\_\_

Transaction ID<sup>2</sup> \_\_\_\_\_

Kilowatt hours (kWh):<sup>3</sup> \_\_\_\_\_

<sup>1</sup> RECs are described under the Rates sections of Schedules NBT, NEM, NEM-ST, MASH-VNM, MASH-VNM-ST, NEM-V, NEM-V-ST and SOMAH-VNM.

<sup>2</sup> Number automatically generated by the WREGIS system that uniquely identifies each transfer.

(T)

**NET BILLING TARIFF OR NET ENERGY METERING**  
**RENEWABLE ENERGY CREDITS COMPENSATION FORM**

---

Serial Number: \_\_\_\_\_

WREGIS GU ID: \_\_\_\_\_

CEC RPS ID: \_\_\_\_\_

Technology Type:<sup>4</sup> \_\_\_\_\_

Relevant Period(s): From \_\_\_\_\_ month/year to \_\_\_\_\_ month/year

☐ **Timing:** I or my authorized representative is submitting this compensation form to SCE within 2 years 6 months of the WREGIS Certificates' date of issuance.

**Customer or Aggregator Signature\*:** The aggregated group shall only be comprised of SCE customers' and those customers' net surplus generation data for accounts associated with SCE's NBT, NEM, NEM-ST, MASH-VNM, MASH-VNM-ST, NEM-V, NEM-V-ST and SOMAH-VNM generating facilities.

(T)

|            |  |
|------------|--|
| Signature  |  |
| Print Name |  |
| Date       |  |

\* **Note:** If the customer assigns an aggregator to perform the REC certification service to receive REC compensation, the customer must complete and submit SCE Form 14-796 (Attachment II), authorizing the aggregator to act as its representative. The customer must execute and submit Attachment II with the first REC submittal. The customer need not execute and submit Attachment II again unless the customer changes to a new aggregator.

**Required Documents:**

- Attachment I: If an aggregator is providing the REC certification service, the aggregator must complete Attachment I.
- Attachment II: If the customer is authorizing the aggregator to act as its representative and certify its RECs, it must complete Attachment II.

---

<sup>3</sup> If the customer is not working with an aggregator, please provide the kWh in the space provided. Aggregators must complete Attachment I.

<sup>4</sup> Examples include PV-solar, wind, and renewable fuel cells.

|                                  |                      |                  |                            |                          |                 |                         |                                                      |
|                                  |                      |                  |                            |                          |                 |                         |                                                      |
|                                  |                      |                  |                            |                          |                 |                         |                                                      |
|                                  |                      |                  |                            |                          |                 |                         |                                                      |
|                                  |                      |                  |                            |                          |                 |                         |                                                      |
| <b>Total kilowatt hour (kWh)</b> |                      |                  |                            |                          |                 |                         |                                                      |

\*Total kilowatt hour divided by 1,000 must equal total RECs  
Add sheets as needed.

## ATTACHMENT II

### AUTHORIZATION TO: RECEIVE CUSTOMER INFORMATION OR ACT ON A CUSTOMER'S BEHALF

(Form 14-796)

To complete this Attachment, complete Form 14-796 which can be located at the link below:

[Electric Filed Forms](#) | [SCE Tariff Books](#) | [Regulatory Information](#) | [Home - SCE](#)

---

<sup>i</sup> A REC or a WREGIS certificate consists of one megawatt-hour (1,000 kWh) of generation. Because fractional WREGIS certificates cannot be created, SCE cannot provide a credit for a portion of a WREGIS certificate unless a customer works through an aggregator or waits to accumulate the requisite 1,000 kWh.
