**APPLICATION AND CONTRACT FOR ELECTRIC SERVICE  
FOR SCHEDULE WTR  
Wireless Technology Rate**

CUSTOMER ACCOUNT NO. \_\_\_\_\_

SERVICE ACCOUNT NO. \_\_\_\_\_

**TO SOUTHERN CALIFORNIA EDISON COMPANY (SCE):**

The undersigned Applicant hereby requests SCE to supply electric service and to deliver electric energy to and for the equipment hereinafter described in accordance with the applicable rates and rules of SCE including the tariff set forth herein.

**Applicant hereby agrees to the following:**

1. SCE has made available for inspection its applicable rates and rules. Applicant agrees to comply therewith, and with any changes or modifications thereof which may be authorized from time to time by the Public Utilities Commission of the State of California (Commission).
2. Applicant's attention has been directed to the rate schedules applicable to the service herein described, and Applicant has elected to take and pay for unmetered service under Schedule WTR based on fixed usage categories of 0-25, 26-50, 51-100, 101-150, 151-200, 201-250, 251-300, 301-350, 351-400, 401-450, 451-500, 501-900, 901-1350, 1351-1800, 1801-2250, and 2251-2700 kWh per month per device. Further, Applicant will pay a Customer Charge in accordance with the Rates section of Schedule WTR.
3. Applicant hereby grants to SCE a right-of-way for any electric lines that may be necessary to build in, on, under, or over Applicant's premises for the purposes of making delivery hereunder. This provision does not apply to SCTA Pilot devices. (T)
4. Applicant shall pay for and install per SCE's construction standards and subject to SCE's inspection a load control device (fused splice box) acceptable to SCE that will ensure the Applicant's service will not exceed the fixed usage category elected by the Applicant. This provision does not apply to SCTA Pilot devices. (T)
5. Applicant understands that: a) the fused splice box will act as the point of service/connection between the customer and SCE and will be installed per SCE's and local government agency requirements; b) the fused splice box will be locked with an SCE lock and made accessible only by SCE; c) the applicant shall provide all SCE approved fuses to be installed by SCE; d) if the service exceeds the maximum tier or the Commission closes this Schedule the customer must remove their pole mounted equipment, including the fused splice box, and install a metered service under the applicable tariff per SCE's electrical service requirements and applicable governmental agency requirements; e) once the maximum kWh of a tier has been exceeded, SCE will automatically move the applicant to the next available tier, the applicant shall provide the appropriate size fuses for that tier, and SCE will bill accordingly; f) service shall be provided per the provisions of Rule 15 and/or 16, g) SCE will not approve an application for service under this rate schedule until all the required documentation has been submitted to SCE, and h) installation of service and customer apparatus must abide by General Order 95, Cal-Osha 98, and the National Electric Code. Provision a) thru g) do not apply to SCTA Pilot devices. SCTA Pilot devices will be installed in compliance with the SCTA License Agreement. (T)  
(T)
6. Within 36 months of commencement of service under this contract, when a change is made to SCE's facilities, settlement shall be made for the installation and removal cost of the facilities removed. A new contract shall be entered into providing for the modified service required by Applicant.
7. This contract shall at all times be subject to such changes or modifications by the Commission as said Commission may, from time to time, direct in the exercise of its jurisdiction.
8. Where applicable — Contract Demand \_\_\_\_\_ (kW).
