Sections Filed April 1, 2026, to June 30, 2026. 1221

The *California Regulatory Notice Register* is an official state publication of the Office of Administrative Law containing notices of proposed regulatory actions by state regulatory agencies to adopt, amend or repeal regulations contained in the California Code of Regulations. The effective period of a notice of proposed regulatory action by a state agency in the *California Regulatory Notice Register* shall not exceed one year [Government Code § 11346.4(b)]. It is suggested, therefore, that issues of the *California Regulatory Notice Register* be retained for a minimum of 18 months.

CALIFORNIA REGULATORY NOTICE REGISTER is published weekly by the Office of Administrative Law, 300 Capitol Mall, Suite 1250, Sacramento, CA 95814-4339. The Register is printed by Barclays, a subsidiary of West, a Thomson Reuters Business, and is offered by subscription for \$409.00 (annual price). To order or make changes to current subscriptions, please call (800) 328-4880. The Register can also be accessed at <https://oal.ca.gov>.

PROPOSED ACTION ON REGULATIONS

Information contained in this document is published as received from agencies and is not edited by Thomson Reuters.

TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission, pursuant to the authority vested in it by Sections 82011, 87303, and 87304 of the Government Code to review proposed conflict-of-interest codes, will review the proposed/amended conflict-of-interest codes of the following:

CONFLICT-OF-INTEREST CODES

AMENDMENT

MULTI-COUNTY: Pacific Charter Institute
Connecting Waters Charter
Schools

STATE AGENCY: California Public Employees’
Retirement System

A written comment period has been established commencing on September 11, 2026, and closing on October 26, 2026. Written comments should be directed to the Fair Political Practices Commission, Attention: Maia Kocinsky-Kirkham, 1102 Q Street, Suite 3050, Sacramento, California 95811.

At the end of the 45-day comment period, the proposed conflict-of-interest codes will be submitted to the Commission’s Executive Director for their review, unless any interested person or their duly authorized representative requests, no later than 15 days prior to the close of the written comment period, a public hearing before the full Commission. If a public hearing is requested, the proposed codes will be submitted to the Commission for review.

The Executive Director of the Commission will review the above-referenced conflict-of-interest codes, proposed pursuant to Government Code Section 87300, which designate, pursuant to Government Code Section 87302, employees who must disclose certain investments, interests in real property and income.

The Executive Director of the Commission, upon their own motion or at the request of any interested person, will approve, or revise and approve, or re-

turn the proposed codes to the agency for revision and re-submission within 60 days without further notice.

Any interested person may present statements, arguments, or comments, in writing to the Executive Director of the Commission, relative to review of the proposed conflict-of-interest codes. Any written comments must be received no later than October 26, 2026. If a public hearing is to be held, oral comments may be presented to the Commission at the hearing.

COST TO LOCAL AGENCIES

There shall be no reimbursement for any new or increased costs to local government which may result from compliance with these codes because these are not new programs mandated on local agencies by the codes since the requirements described herein were mandated by the Political Reform Act of 1974. Therefore, they are not “costs mandated by the state” as defined in Government Code Section 17514.

EFFECT ON HOUSING COSTS AND BUSINESSES

Compliance with the codes has no potential effect on housing costs or on private persons, businesses, or small businesses.

AUTHORITY

Government Code Sections 82011, 87303 and 87304 provide that the Fair Political Practices Commission as the code-reviewing body for the above conflict-of-interest codes shall approve codes as submitted, revise the proposed code, and approve it as revised, or return the proposed code for revision and re-submission.

REFERENCE

Government Code Sections 87300 and 87306 provide that agencies shall adopt and promulgate conflict-of-interest codes pursuant to the Political Reform Act and amend their codes when change is necessitated by changed circumstances.

CONTACT

Any inquiries concerning the proposed conflict-of-interest codes should be made to Maia Kocinsky-Kirkham, Fair Political Practices Commission, 1102 Q Street, Suite 3050, Sacramento, California 95811, or email mkocinsky-kirkham@fppc.ca.gov.

AVAILABILITY OF PROPOSED CONFLICT-OF-INTEREST CODES

Copies of the proposed conflict-of-interest codes may be obtained from the Commission offices or the respective agency. Requests for copies from the Commission should be made to Maia Kocinsky-Kirkham, Fair Political Practices Commission, 1102 Q Street, Suite 3050, Sacramento, California 95811, or email mkocinsky-kirkham@fppc.ca.gov.

TITLE 14. FISH AND GAME COMMISSION

MAMMAL TRAPPING CONSISTENCY WITH STATUTE

NOTICE IS HEREBY GIVEN that the Fish and Game Commission (Commission), pursuant to the authority vested by sections 200, 203, 1050, and 3005.5 of the Fish and Game Code, and to implement, interpret or make specific sections 1050, 3003.1, 3005.5, 3007, 4000, 4150, 4152, 4156, 4157, 4158, 4180, Fish and Game Code; proposes to amend sections 251.5, 465.5, 467, 474, 478 and 479, and repeal Section 696, Title 14, California Code of Regulations (CCR), relating to mammal trapping consistency with statute.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

The amendments to Section 251.5, 465.5, 467, 474, 478 and 479 and removal of section 696 of Title 14, California Code of Regulations are necessary to maintain consistency with new statute in Fish and Game Code Section 4001 (Assembly Bill 273, 2019–20 legislative session) which made it unlawful to trap any fur-bearing mammal or nongame mammal for purposes of recreation or commerce in fur and prohibits the sale of the raw fur of any fur-bearing mammal or nongame mammal otherwise lawfully taken. The bill eliminated the Licensed Fur Dealer and Licensed Fur Agent licenses that the department previously sold. Current regulations in sections 251.5, 465.5, 467, 474 and 696 are also out of date with respect to these requirements. The Department of Fish and Wildlife (Department) has requested the proposed amendments for the purpose of updating trapping regulations to be consistent with statute. It is necessary that the Fish and Game Commission:

- Ensure consistency with Fish and Game Code Section 4001, which prohibits recreational or commercial fur trapping and the sale of raw fur, and remove outdated references to discontinued fur dealer/agent licenses.

- Update bobcat-related regulations to match requirements in Sections 4157 and 4158, including restrictions on bobcat take and alignment with the development of the bobcat management plan.
- Align regulations with Section 2023, which prohibits the sale, trade, and manufacture of most fur products, and ensure record-keeping requirements for exempt fur products are reflected accurately.

Proposed Regulatory Changes

Amend Section 251.5

Revise Section title, remove reference to an outdated permit for the possession of a mountain lion, remove reference to the recreational trapping of mammals and update terms for consistency with statute.

Amend Section 465.5

Remove conditional reference to body gripping traps and update to state that no traps, body gripping or otherwise, are lawful for recreational use. Remove stipulation for trap type when stating the prohibition on purchase, barter or exchange of raw fur. Make minor clarifying changes to the language referencing a tenant or designee, who will accomplish depredation trapping. Reference to a new form “DFW 1389e” is added, to aid individuals in obtaining the referenced “trap number issued by and registered with the department” in new subsection (f).

Amend Section 467

Update to state that trappers shall report their take of furbearing and nongame mammals rather than their take of fur. Specify that trapping reports shall specify whether “take” was lethal or nonlethal. Update the stated penalty for non-reporting for consistency with Fish and Game Code Section 4008.

Amend Section 474

Revise Section title clarifying that these provisions are relevant to the taking of ‘nongame mammals’ and clarifying that take on private property is only allowed for the owner, tenant, or a person in possession of written permission.

Amend Section 478

Hunting of bobcat is unlawful unless under specific permits or depredation is occurring. Trapping of bobcat is unlawful except under depredation. It is unlawful to sell or export any pelt or part of bobcat taken under a depredation permit.

Amend Section 479

It is unlawful to possess any pelt or part without a department mark or shipping tag not legally taken prior to 2020. If the bobcat or parts are imported from outside California, the pelt must have a Convention on International Trade in Endangered Species (CITES) tag, or be accompanied by a Declaration of Importation with proof of lawful take.

It is unlawful for the pelt of any other furbearing mammal imported to California to be possessed without a Declaration of Importation form. Persons who sell or trade “used fur product” must maintain complete records of each item. The sale and trade of fur products for religious purposes to Native American Tribes is exempt.

Repeal Section 696

This section is repealed in its entirety. The Fur Dealer License and Fur Agent Licenses described within Section 696 were subject to Fish and Game Code Section 4001 (Assembly Bill 273 from the 2019–20 legislative session), which made it unlawful to trap any fur-bearing mammal or nongame mammal for purposes of recreation or commerce in fur and prohibited the sale of the raw fur of any fur-bearing mammal or nongame mammal otherwise lawfully taken.

Benefit of the Regulations

The proposed regulations is to maintain consistency with new Statute in Fish and Game Code. Three recent bills, AB273, AB1254 and AB44 from the 2019–2020 legislative session changed the legal framework for recreational fur trapping and the possession or exchange of raw fur and new and used fur products in California. Existing regulations regarding the use of traps are out of date with respect to these changes and require substantive updates to maintain consistency with new law. Additionally minor conforming changes are also included for clarity and consistency in conveying these regulations for the public.

Consistency and Compatibility with Existing Regulations

The Commission has reviewed its regulations in Title 14, CCR, and conducted a search of other regulations on this topic and has concluded that the proposed amendments to Sections 251.5, 465.5, 467, 474, 478, 478.1, 479 and 550 and the repeal of 696 are neither inconsistent nor incompatible with existing State regulations. No other State agency has the authority to promulgate hunting regulations.

PUBLIC PARTICIPATION

Comments Submitted by Mail or Email

It is requested, but not required, that written comments be submitted on or before **December 3, 2026** at the address given below, or by email to FGC@fgc.ca.gov. Written comments mailed, or emailed to the Commission office, must be received on **December 11, 2026**. If you would like copies of any modifications to this proposal, please include your name and mailing address. Mailed comments should be addressed to Fish and Game Commission, P.O. Box 944209, Sacramento, CA 94244–2090.

Meetings

NOTICE IS GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held in the California Natural Resources Building, 715 P Street, Sacramento, California, which will commence at 8:00 a.m., or soon thereafter, on **Tuesday, October 13, 2026** and may continue at 8:00 a.m. on **Wednesday, October 14, 2026, Thursday October 15, 2026 and Friday, October 16, 2026**. This meeting will also include the opportunity to participate via webinar/teleconference. Instructions for participation in the webinar/teleconference hearing will be posted at www.fgc.ca.gov in advance of the meeting or may be obtained by calling 916–653–4899. Please refer to the Commission meeting agenda, which will be available at least 10 days prior to the meeting, for the most current information.

NOTICE IS ALSO GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held at 1500 Capitol Ave, Sacramento, CA 95814 in Sacramento, California, which will commence at 8:00 a.m. on **Tuesday, December 15, 2026**, and may continue at 8:00 a.m. on **Wednesday, December 16, 2026**. This meeting will also include the opportunity to participate via webinar/teleconference. Instructions for participation in the webinar/teleconference hearing will be posted at www.fgc.ca.gov in advance of the meeting or may be obtained by calling 916–653–4899. Please refer to the Commission meeting agenda, which will be available at least 10 days prior to the meeting, for the most current information.

AVAILABILITY OF DOCUMENTS

Copies of the Notice of Proposed Action, the Initial Statement of Reasons, and the text of the regulation in underline and strikeout format can be accessed through the Commission website at www.fgc.ca.gov. The regulations as well as all related documents upon which the proposal is based (rulemaking file), are on file and available for public review from the agency representative, Melissa Miller–Henson, Executive Director, Fish and Game Commission, 715 P Street, Box 944209, Sacramento, California 94244–2090, phone (916) 653–4899. Please direct requests for the above–mentioned documents and inquiries concerning the regulatory process to Melissa Miller–Henson or Jenn Bacon at FGC@fgc.ca.gov or at the preceding address or phone number. **Mario Klip, Game Conservation and Wildlife Connectivity Program Manager, Department of Fish and Wildlife, has been designated to respond to questions on the substance of the proposed regulations. Mr. Klip can be reached at UplandGameMgmt@wildlife.ca.gov.**

AVAILABILITY OF MODIFIED TEXT

If the regulations adopted by the Commission differ from but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of adoption. Any person interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency representative named herein.

If the regulatory proposal is adopted, the final statement of reasons may be obtained from the address above when it has been received from the agency program staff.

**IMPACT OF REGULATORY
ACTION/RESULTS OF THE
ECONOMIC IMPACT ASSESSMENT**

The potential for significant statewide adverse economic impacts that might result from the proposed regulatory action has been assessed, and the following initial determinations relative to the required statutory categories have been made:

- (a) Significant Statewide Adverse Economic Impact Directly Affecting Business, Including the Ability of California Businesses to Compete with Businesses in Other States:

The Commission does not anticipate significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states because the proposed regulations are to conform to current law that is already observed and to make minor clarifying and conforming changes.

- (b) Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California; Benefits of the Regulation to the Health and Welfare of California Residents, Worker Safety, and the State's Environment:

The Commission does not anticipate any impacts on the creation or elimination of jobs, the creation of new business, the elimination of existing businesses or the expansion of businesses in California because the proposed regulation is administrative in nature. The Commission anticipates general benefits to the health and welfare of California residents, and no impacts to worker safety, or to the state's environment.

- (c) Cost Impacts on a Representative Private Person or Business:

The agency is not aware of any cost impacts because the proposed regulations are to conform to current law that is already observed and to make minor clarifying and conforming changes.

- (d) Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State:

None.

- (e) Nondiscretionary Costs/Savings to Local Agencies:

None.

- (f) Programs Mandated on Local Agencies or School Districts:

None.

- (g) Costs Imposed on any Local Agency or School District that is Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4, Government Code:

None.

- (h) Effect on Housing Costs:

None.

EFFECT ON SMALL BUSINESS

It has been determined that the adoption of these regulations may affect small business. The Commission has drafted the regulations in Plain English pursuant to Government Code Sections 11342.580 and 11346.2(a)(1).

CONSIDERATION OF ALTERNATIVES

The Commission must determine that no reasonable alternative considered by the Commission, or that has otherwise been identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

GENERAL PUBLIC INTEREST

OFFICE OF ADMINISTRATIVE LAW**PUBLIC INFORMATION SESSION
SCHEDULED: OCTOBER 2026**

The Office of Administrative Law (OAL) has scheduled a public information session for Tuesday, October 13th, from 11:00 a.m. to 1:00 p.m.

This two-hour public information session covers the basic principles of the Administrative Procedure Act (APA). Taught by OAL attorneys, students will learn about OAL, how to participate in the rulemaking process, when an agency needs to adopt regulations,

how regulations are adopted, and the underground regulation petition process. This special information session is specifically focused on assisting the public in understanding the APA and only members of the public are invited.

Registration information is available on OAL’s website at the following link: <https://oal.ca.gov/training/>.

DECISION NOT TO PROCEED

COMMISSION ON PEACE OFFICER STANDARDS AND TRAINING

PURSUANT TO GOVERNMENT
CODE SECTION 11347

RE: NOTICE OF PROPOSED
RULEMAKING CONCERNING
MINIMUM REQUIREMENTS FOR
INSTRUCTION FACILITATORS

Pursuant to Government Code Section 11347, the Commission on Peace Officer Standards and Training (POST) hereby gives notice that it has decided not to proceed with the rulemaking action published in the California Regulatory Notice Register, January 23, 2026, Register 2026, Number 4–Z (Notice File Number Z2026–0112–03). The proposed rulemaking concerned minimum requirements for instruction facilitators (OAL Number 2026–0326–01S).

Any interested person with questions concerning this rulemaking should contact Andrew Mendonsa at either (916) 227–2510 or by email at: andrew.mendonsa@post.ca.gov.

POST will also publish this Notice of Decision Not to Proceed on its website.

RULEMAKING PETITION DECISION

DEPARTMENT OF CORRECTIONS AND REHABILITATION

NOTICE OF DECISION ON
RECONSIDERATION OF PETITION TO
AMEND REGULATIONS PURSUANT TO
GOVERNMENT CODE 11340.6, 11340.7

Petitioner

ERIC D. MILLS; CDCR# BY3716.

Department Contact Person

Please direct any inquiries regarding this action to Ying Sun, Associate Director, Regulation and Policy Management Branch, Department of Corrections and Rehabilitation, P.O. Box 942883, Sacramento, CA 94283–0001.

Availability of Petition

The petition to amend regulations is available upon request directed to the department’s contact person.

Authority

Penal Code Sections: 5054 and 5058.

Provisions of California Code of Regulations Affected:

Title 15, Crime Prevention and Corrections.

Division 3, Adult Institutions, Programs and Parole.

Summary of Reconsideration of Petition and Department Decision:

Section 3375.2(a)(6)

Petitioner’s Reconsideration Request: Amendment to the California Code of Regulations (CCR), Title 15, subsection 3375.2(a)(6).

Reason for Reconsideration Request: The petitioner requested that the California Department of Corrections and Rehabilitation (CDCR) amend CCR, Title 15, section 3375.2(a)(6) and permit Level II incarcerated persons, serving a sentence of life without possibility of parole (LWOP), with an equal opportunity to house at Non–Designated Programming Facilities that do not have a lethal electrified fence (LEF) that provide access to educational and rehabilitative

programs and assist with community reintegration and family reunification.

On July 29, 2026, CDCR issued a denial to the petitioner, indicating that several of the points raised in the petition align with the existing CDCR policies regarding the classification and housing of incarcerated persons serving LWOP sentences.

On August 4, 2026, the petitioner submitted a request for reconsideration of the petition to CDCR expressing disagreement with CDCR's denial of the petition and indicated that CDCR failed to address specific issues raised in the petition. Specifically, petitioner challenges CDCR's current policy of housing for incarcerated persons serving a sentence of LWOP. The petitioner requests that CDCR reconsider the previously denied petition to amend a policy regarding the housing for incarcerated persons serving a sentence of LWOP. Petitioner requests an amendment to section 3375.2(a)(6), in which, he refers to as an "unjustified blanket criteria," and demands CDCR establish a merit-based review to establish criteria that determines individual eligibility or ineligibility for housing LWOP incarcerated persons in LEF facilities. Petitioner asserts the current policy explicitly bans LWOP incarcerated persons from transferring to or being housed at three specific Level II facilities that lack a LEF: California Training Facility (CTF); Folsom State Prison (FSP), and San Quentin Rehabilitative Center (SQRC).

Petitioner references statutory compliance with 2021 California (CA) Assembly Bill (AB) 292 and Penal Code (PC) 2933.7; 2025 CA Senate Bill (SB) 551 and PC 1170(a)(1)(2), 5000, and 5000.5; and 2023 CA AB 1226 and PC 5068. Petitioner also cites the 2011 Expert Panel Study showing that LWOP incarcerated persons are "less likely to engage in violent behavior than incarcerated persons sentenced to lengthy determinate prison terms." This panel study led to major policy changes which allowed LWOP incarcerated persons into Level II facilities consistent with section 3375.1(a)(2). Furthermore, the petitioner contends that the request to amend "the title 15 subsection 3375.2(a)(6) must be granted."

Department's Reconsideration Response: Petitioner's reconsideration of the petition requesting to amend CCR, Title 15, Division 3, Chapter 1, section 3375.2(a)(6) is denied.

CDCR has established a classification system, authorized by PC 5068, that provides a standard evaluation for the placement of incarcerated persons at the least restrictive institution, commensurate with their custodial requirements and consistent with their rehabilitative needs and public safety. The incarcerated person classification score system assigns a numerical preliminary score that is determined by a review of the incarcerated person's case factors which include but

are not limited to: age at first arrest, age at reception to CDCR, length of prison term, and prior incarcerated behavior. Additionally, an incarcerated person's case factors are reviewed annually to consider the incarcerated person's classification score, custody designation, program, work and privilege group and facility placement, including transfer recommendations.

The amendment to the Classification and Discipline Regulations, effective February 20, 2017, was a direct response to studies and reports like the 2011 *Expert Panel Study of the Inmate Classification Score System*. After reviewing the recommendations from reports and studies, the department has determined that the use of the LEF for housing LWOP is appropriate, as it allows LWOP incarcerated persons to be housed in facilities no lower than Level II, while maximizing safety for both the incarcerated population and the public. Subsection 3375.2(a)(6) permits the placement of LWOP incarcerated persons in Level II facilities.

CDCR supports positive programming of incarcerated persons by permitting irregular placement conditions, known as administrative determinants, to enable placement in a facility with a security level which is not consistent with the incarcerated person's placement score. Additionally, with the implementation of the Non-Designated Programming Facilities, CDCR provides an integrated housing environment focused on positive rehabilitative programming for those incarcerated persons that wish to abstain from destructive cycles of violence. Additionally, with the passing of AB 292, which enacted PC 2933.7, the department further promotes the importance of participating in rehabilitative programs. Classification committees shall take into consideration, when reviewing an incarcerated person for transfer, the incarcerated person's current participation/assignment in rehabilitative programs in order to facilitate completion of programming provided by CDCR. Every effort should be made to avoid reassigning or transferring incarcerated persons while they are assigned to Substance Use Disorder Treatment, college programs, or career technical education.

The department, through the Division of Rehabilitative Programs (DRP), offers in-prison rehabilitative programs and services to the incarcerated population across all CDCR institutions. Through its Office of Correctional Education, DRP offers incarcerated persons academic and career technical training to facilitate a successful reentry back into the community, increase public safety, and reduce recidivism. These include traditional education as well as post-secondary and continuing education. According to DRP, the following institutions offer face-to-face Bachelor of Arts programs: Central California Women's Facility; Centinela State Prison; California Institution for Men; California Institution for

Women; California Medical Facility; California State Prison Corcoran; Folsom State Prison; Ironwood State Prison; California State Prison, Los Angeles County; Mule Creek State Prison; Pelican Bay State Prison; R. J. Donovan Correctional Facility; San Quentin Rehabilitation Center; California State Prison, Solano; and Valley State Prison. The department encourages the incarcerated population to contact the DRP at their local institution to inquire about the post-secondary programs available at their institution or at other institutions for which they may qualify.

The department recognizes the importance of family ties and consideration for placement of incarcerated persons within CDCR. The department is dedicated to ensuring the incarcerated population is housed close to strong community and family ties, as well as their children and children under the age of 18 for whom they serve as guardians or a relative caregiver, when possible. With the enactment of AB 1226, PC 5068, counseling staff shall make every effort to recommend the institution in which the incarcerated person is requesting placement, to foster family reunification, commensurate with custodial case factors.

CDCR consistently monitors population trends and realigns housing programs at facilities and institutions to better accommodate the needs of our population.

The language in CCR, Title 15, Division 3, section 3375.2(a)(6) complies with the Administrative Procedure Act as it was approved and certified by the Office of Administrative Law. It was adopted through the required regulatory process in accordance with Government Code section 11340 et seq. As part of this process, the proposed regulations were publicly noticed, allowing the public to review and comment before their adoption and final certification.

**SUMMARY OF
REGULATORY ACTIONS**

**REGULATIONS FILED WITH THE
SECRETARY OF STATE**

This Summary of Regulatory Actions lists regulations filed with the Secretary of State on the dates indicated. Copies of the regulations may be obtained by contacting the agency or from the Secretary of State, Archives, 1020 O Street, Sacramento, CA 95814, (916) 653–7715. Please have the agency name and the date filed (see below) when making a request.

State Water Resources Control Board
File # 2026–0821–01
Wastewater Operator Certification Fees

This emergency action by the State Water Resources Control Board increases fees associated with the Wastewater Operator Certification Program to bring expected revenues in line with program expenditures.
