EXECUTIVE SUMMARY

ES-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

Introduction

The Executive Summary of the five-year Consolidated Plan for FY 2025/26 – 2029/30 (Con Plan) provides an overview of the City of Huntington Beach's (City) housing and community development needs, as well as the City's priorities and strategies to address these needs. It is meant to inform the U.S. Department of Housing and Urban Development (HUD), housing and service providers, City residents, and businesses.

Each year, the City of Huntington Beach receives federal funds through the Community Development Block Grant (CDBG) and Home Investment Partnership Program (HOME) to support housing and community development projects that primarily benefit low- and moderate-income households. In order to receive these funds, the City must adopt a five-year strategic plan that identifies local needs and outlines how these needs will be addressed using the available funds. The City's current five-year plan (FY 2020/21–2024/25) will end on June 30, 2025, requiring the adoption of a new plan before that date.

The new five-year Con Plan builds on several key documents, including the current Con Plan, the City's Draft 2013-2021 Housing Element, the 2024 Orange County Homeless Point-in-Time Count and Report, and the 2024 Orange County Continuum of Care.

The Con Plan includes the following sections:

- Executive Summary
- The Process
- Needs Assessment
- Housing Market Analysis
- Strategic Plan
- One-Year Action Plan

Summary of the Objectives and Outcomes Identified in the Plan Needs Assessment Overview

The City's Con Plan strategy outlines general priorities to address community needs and guides the investment of federal funds. To effectively meet these needs, the City has identified five priority areas that require the most attention. These priorities are:

1. **Housing Needs:** The need for affordable housing options in the City continues to be high, based on the proportion of households in the City experiencing cost burdens.
2. **Community Facility Needs:** The City recognizes the high need for public improvement activities throughout the City in order to provide for and maintain a safe and decent

environment for its citizens. Identified community facility needs include, but are not limited to, parks and playgrounds, community and neighborhood facilities, and childcare and youth centers.

3. **Infrastructure Needs:** The City recognizes the high need for public infrastructure improvements throughout the City in order to provide for and maintain a safe and decent environment for its citizens. Identified public infrastructure needs include, but are not limited to, sidewalk improvements, bicycle and walking paths, street and alley improvements, and tree planting and beautification.
4. **Homeless Needs:** There is a high need for continued investment of federal funding into serving the City's homeless and at risk of homelessness populations. Using CDBG public service funds, the City will provide assistance to homeless service providers that assist various subcategories of homeless populations such as homeless youth and women.
5. **Special Needs:** Huntington Beach prioritizes housing and services for special needs populations. Special needs populations include the elderly, families with young children, developmentally disabled, victims of domestic violence, homeless individuals, and those with behavioral or physical health issues.
6. **Community Service Needs:** There are a number of vital community services in the City that need continued support. These community services serve low- to moderate-income households and generally do not fall under the other service populations (homeless, special needs, etc.).
7. **Other Housing and Community Development Needs:** The City has identified the need to provide support for the HOME and CDBG programs in the City, as well as to affirmatively further fair housing. These activities are vital to the continuation of the City's efforts to administer these programs.

These priorities are aligned with the national objectives and outcomes set by the U.S. Department of Housing and Urban Development (HUD), as described below:

National Objectives

HUD's national objectives are guidelines that federal funds must meet in order to address community development needs. These objectives are set by HUD for programs such as CDBG and HOME. The three national objectives are:

- **Provide decent affordable housing:** This objective focuses on activities that increase or improve the availability and quality of affordable housing for low- and moderate-income households. This includes efforts such as building new housing, rehabilitating existing housing, or assisting with rent or homeownership.

- **Create a suitable living environment:** Activities under this objective aim to improve the quality of life for individuals and families by addressing various community issues. This can involve improving public facilities, increasing safety, upgrading infrastructure, or addressing environmental hazards to create a healthier and safer living environment.
- **Create economic opportunities:** This objective relates to activities that promote economic development, such as job creation, business expansion, or commercial revitalization. The goal is to support local economies, improve job opportunities, and reduce poverty in low- and moderate-income areas.

National Outcomes

HUD's national outcomes are the specific results that HUD seeks to achieve through funded activities. These outcomes help to assess whether a project or program is effectively addressing the national objectives. The three national outcomes are:

- **Availability/Accessibility:** This outcome focuses on ensuring that housing, services, or facilities are available and accessible to those who need them, especially for low- and moderate-income individuals. It includes activities that increase access to housing, public facilities, or services such as healthcare, education, or transportation.
- **Affordability:** The goal of this outcome is to make housing, services, or infrastructure affordable for low- and moderate-income individuals and families. It typically includes activities like providing rental assistance, creating affordable housing units, or reducing the cost of essential services.
- **Sustainability:** Sustainability focuses on long-term impact. It involves ensuring that projects or investments are designed to be enduring and continue to benefit the community over time. This could mean building energy-efficient housing, upgrading infrastructure to last, or implementing programs that will maintain positive community outcomes in the future.

The City's strategy for meeting HUD's national objectives and outcomes is outlined below.

Huntington Beach 2025/26 – 2029/30 Consolidated Plan Programs By HUD Objectives and Outcomes			
OBJECTIVE/ OUTCOMES	AVAILABILITY/ ACCESSIBILITY	AFFORDABILITY	SUSTAINABILITY
DECENT HOUSING	<i>Implementing Programs:</i> • Housing Rehabilitation Loan Program • Housing Rehabilitation Administration • Fair Housing Program	<i>Implementing Programs:</i> • HOME Acquisition/Rehabilitation of Affordable Housing • HOME New Construction of Affordable Housing	

		HOME Tenant Based Rental Assistance	
SUITABLE LIVING ENVIRONMENT	<i>Implementing Programs:</i> - ADA Improvements - Homeless Services - Youth and Family Services - Senior Services - General Public Services		<i>Implementing Programs:</i> - Special Code Enforcement - Public Facility Improvements - Infrastructure Improvements
ECONOMIC OPPORTUNITY			

Table 1 – 2025/26 - 2029/30 Consolidated Plan Programs

Evaluation of Past Performance

HUD requires that grantees provide an evaluation of past performance. Since the current year, 2024/25, is still in progress, the City of Huntington Beach will measure the current years' performance for CDBG and HOME in the 2024/25 Consolidated Annual Performance Evaluation Report (CAPER) which will capture the City's progress towards meeting its five-year goals and objectives outlined in the 2020/21 – 2024/25 Con Plan. However, the following is an evaluation of performance to date:

Decent Housing

- In FY 2020/21, the City of Huntington Beach allocated \$2.8 million in HOME funding to support the development of a 43-unit affordable senior housing project at 18431 Beach Boulevard. This project, in partnership with the Community Housing Development Organization (CHDO) Jamboree Housing Corporation, is a significant step in addressing the housing needs of seniors. Of the 43 units, nine are HOME-income and rent-restricted, ensuring affordability for very-low-income households. The project was completed in December 2024 and contributes to nearly 50% of the City's 20-unit development goal for the 2020/21-2024/25 Consolidated Plan period.
- Since July 2020, the City has allocated nearly \$3 million in HOME funds for the Tenant-Based Rental Assistance (TBRA) program, which helps low- and moderate-income households with rental costs. This program has been instrumental in addressing housing affordability challenges and has assisted 218 households so far, showcasing its effectiveness in supporting vulnerable populations.
- The City's Homeowner Rehabilitation Loans and Grants Program provides critical support to lower-income homeowners. The Rehabilitation Grant Program offers one-time grants of up to \$15,000 for deferred maintenance and health/safety repairs, while the Rehabilitation Loan Program offers deferred payment loans up to \$75,000 for larger repairs. To date, 43 homeowner rehabilitation projects have been completed through these programs, with more households currently being assisted in FY 2024/25. These

efforts demonstrate the City's ongoing commitment to supporting homeownership and preserving affordable housing for its residents.

Suitable Living Environment

- The City's Special Code Enforcement program has consistently surpassed its goal of assisting 600 housing units each year in CDBG-eligible areas. Since July 2020, the program has issued over 4,500 code violations, which in most cases, are voluntarily addressed by homeowners. This proactive approach to maintaining community standards and ensuring safe and habitable living conditions, underscores the City's commitment to ensuring compliance with housing standards and contributing to the overall well-being and livability of neighborhoods within CDBG-eligible areas.
- The City of Huntington Beach continues to prioritize the delivery of high-quality services to various segments of the community, including youth, homeless individuals, seniors, the disabled, and illiterate adults. These efforts are supported through public service funding and aim to improve the well-being and accessibility of essential services for residents.

Since July 2020, the City has made significant progress in its public service initiatives. For example, over 700 youth have benefited from subsidized after-school programming, enriching their educational experiences and offering valuable opportunities for personal growth. Additionally, 2,250 homeless individuals have received a range of services, including case management, emergency housing, outreach services, and other supportive programs. These efforts highlight the City's commitment to addressing homelessness and supporting vulnerable populations.

Furthermore, around 1,500 seniors and individuals with special needs have accessed services through the City's Senior Care Services Program and the Oak View Family Literacy Program. These programs are designed to meet the specific needs of these groups, ensuring they receive the support and care they require. These initiatives reflect the City's ongoing dedication to enhancing the lives of its residents and ensuring that all members of the community have access to the services they need.

- As part of its commitment to enhancing public facilities and community infrastructure, the City set a goal to assist 5,000 persons with improved or new public facilities during the 2020/21-2024/25 Consolidated Plan period. In FY 2023/24, the City allocated CDBG funding to the Central Library Restrooms Project, which includes ADA improvements. This project not only contributed to enhancing accessibility but also exceeded the goal by serving a larger number of individuals than initially targeted.
- The City used CDBG funding in FY 2020/21, 2021/22, FY 2023/24, and in FY 2024/25 to make ADA curb cut improvements in various areas of the City. By the end of FY 2023/24, over 6,500 persons had already benefited from the handicap-accessible curb cuts, surpassing the 5-year goal of 2,000. An estimated 2,750 additional persons are set to benefit from the latest project in FY 2024/25.

Economic Opportunity

In 2024, the City of Huntington Beach updated its Economic Development Strategic Plan. The City Council initiated this update to reinforce existing economic development efforts, address current needs, and prioritize new initiatives. The plan provides a roadmap for strengthening the local economy, creating jobs, and ensuring that Huntington Beach remains a vibrant and welcoming place for businesses, residents, and visitors. A blend of new initiatives and enhancements across four main areas are featured in the plan:

- Business Retention, Attraction & Expansion
- Tourism, Culture & Community
- Responsive & Effective Government
- Communication & Collaboration

The plan aims to enhance the City's economic vitality and quality of life by retaining and attracting a diversified mix of businesses, strengthening tourism and cultural offerings, growing the Streamline Surf City Initiative, and fostering stronger collaboration with local stakeholders. Each area includes specific goals and objectives with actionable milestones, as well as priorities for the upcoming year.

In addition, in October 2023, the City Council adopted the 2023-2027 Strategic Plan for the City of Huntington Beach. This 2023-2027 Strategic Plan identifies various policies and programs that the City should prioritize, over and above normal operations, within the limited financial, human, and operational resources of the City. The goal of economic development is for greater business retention, investment, and job growth in Huntington Beach.

Summary of citizen participation process and consultation process

The City developed its Con Plan through extensive consultation and coordination with housing, social service and healthcare providers; public agencies; and the local public housing agency as presented in Table 2. As a means of gaining input from these agencies, the City conducted an agency consultation workshop, public meetings, a survey, and invited local grantees to provide comments on the draft Con Plan and Annual Action Plan. In addition, consultation in the development of the Con Plan involved several City departments.

Consulted Agencies and Organizations		
Families Forward	Fair Housing Foundation	Literacy Volunteers
StandUp for Kids	Community SeniorServ	Mental Health Association of Orange County
Oak View Family Resource Center Children's Bureau	Open Arms Food Pantry and Resource Center	Robyne's Nest
Pathways to Independence	Project Hope Alliance	
City of Huntington Beach Departments and Commissions		

Huntington Beach Office of Business Development	Huntington Beach Community Services Department	Huntington Beach Police Department
Huntington Beach Public Works Department	Huntington Beach City Council	Citizen Participation Advisory Board (CPAB)
Other Public Agencies		
Orange County Health Agency	Orange County Housing Authority	

Table 2 – Citizen Participation Consultation

The City of Huntington Beach has followed HUD guidelines for citizen and community involvement in the preparation of its Con Plan and Annual Action Plan. This process aims to ensure that the community has an active role in shaping the documents, which will guide the allocation of federal funding for housing and community development projects.

To encourage broad participation, the City engaged the public through various activities, including:

- Agency Workshop
- Community Meetings
- Community Needs Survey
- Public Hearings

These efforts allowed residents and stakeholders to provide valuable input on the City's priorities and needs.

A draft of the five-year Con Plan will be available for public comment from April 4 to May 6, 2025. During this period, the public will have the opportunity to review and provide feedback on the draft plan. Additionally, a City Council public hearing is scheduled for May 6, 2025, offering a final opportunity for residents and interested parties to comment on the plan before it is formally adopted and submitted to HUD.

Summary of public comments

Public comments received at the agency workshop, community meetings, the results of the community survey, and comments made at public hearing can be found in the Appendix.

Summary of comments or views not accepted and the reasons for not accepting them

The City responded to all relevant comments. All comments received were accepted.

Summary

Key findings of the Needs Assessment include:

- Housing overpayment is the most prevalent housing problem, with 76% of Huntington Beach's low and moderate income (<80% AMI) renter households facing a cost burden (>30% of income on housing costs), and 40% facing a severe cost burden (>50% of income towards housing). Consultation with housing, homeless and public service providers identify the shortage of affordable rental housing as the most significant issue facing Huntington Beach's extremely low-, low- and moderate-income residents.
- Household overcrowding is a far less significant problem than overpayment in Huntington Beach though it has doubled in the last decade from 5% of all renters in 2010 to 10% a decade later (as documented by the 2007-2011 and 2016-2020 ACS¹). However, certain neighborhoods continue to experience high levels of overcrowding.
- Many of the workers who make up Huntington Beach's workforce earn modest incomes, making it challenging to afford to live in the City where they work. The analysis of rental housing costs and affordability illustrates that households earning extremely low, low and moderate incomes cannot afford average market rents in Huntington Beach. Local occupations priced out of the rental market include: bookkeepers, bus drivers, preschool teachers, retail sales managers, and food service managers.
- For homeless people or people at-risk of becoming homeless, the most significant problem is the lack of affordable rental housing. This problem has been compounded by record high rents combined with decreases in public funding previously used to support affordable housing.
- The City's Capital Improvement Program identifies the following general projects (within low- and moderate-income areas) in need of CDBG funds over the next five years:
 - ✓ American with Disabilities Act (ADA) improvements to public facilities
 - ✓ Sidewalk, curb and gutter improvements, including accessibility ramps
 - ✓ Main Street Library HVAC installation project
 - ✓ Critical repairs to police and fire stations throughout the City
 - ✓ Necessary improvements to the Oak View Library, Oak View Family Resource Center, Central Library, and playground improvements at 9th Street and Lagenbeck Parks

¹ The American Community Survey (ACS), performed by the U.S. Census Bureau, is an ongoing Census statistical survey that samples a small percentage of the population every year, and publishes five-year averages of this data. Many of the tables in the Consolidated Plan are "pre-populated" by HUD with data from the 2016-2020 ACS, and thus the City has utilized the 2016-2020 ACS as the primary data source throughout the Plan.

THE PROCESS

PR-05 Lead & Responsible Agencies 24 CFR 91.200(b)

Describe agency/entity responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source

The following are the agencies/entities responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Agency Role	Name	Department/Agency
Lead Agency	HUNTINGTON BEACH	Community Enhancement Division
CDBG Administrator	HUNTINGTON BEACH Jennifer Villaseñor, Community Development Director	Community Enhancement Division
HOME Administrator	HUNTINGTON BEACH Jennifer Villaseñor, Community Development Director	Community Enhancement Division

Table 3 – Responsible Agencies

Narrative

The Community Enhancement Division of the City of Huntington Beach serves as the lead agency responsible for overseeing the development of both the Con Plan and the Annual Action Plan. This division plays a crucial role in coordinating the allocation of funding for various community development projects and initiatives. It is also responsible for monitoring community-based organizations that receive funding, ensuring compliance with program requirements, and managing the successful implementation of these projects. Additionally, the division administers the CDBG and HOME programs, which support affordable housing and other community development efforts. Beyond these responsibilities, the division also oversees other housing and community development initiatives, ensuring that all efforts align with the City's goals and HUD guidelines. Through these activities, the Community Enhancement Division plays a key role in fostering the growth and improvement of Huntington Beach's housing and community services.

Introduction

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I)).

The City of Huntington Beach developed its Con Plan through a collaborative process that involved consultation with a wide range of stakeholders. These stakeholders included the Orange County Housing Authority, various City departments, health and social service providers, and neighboring local governments. A key part of this process was seeking input from housing, homeless, and social service providers active within Huntington Beach.

To gather valuable insights, the City held an agency workshop to better understand the services they offer, identify priority needs within the community, and pinpoint any gaps in services. This workshop was an important tool for capturing the perspectives of organizations that work directly with residents in need of housing assistance, homeless services, and other social support.

By engaging a diverse group of stakeholders and utilizing surveys and consultations, the City ensured that the Con Plan was shaped by the knowledge and experiences of those most directly involved in addressing the community’s housing and social service needs. This collaborative approach was essential in making sure the plan reflects the community’s priorities, ultimately guiding the allocation of resources to effectively address the key challenges Huntington Beach faces.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness

The City of Huntington Beach actively participates in the Orange County Continuum of Care (CoC), which is led and coordinated by the Orange County Health Care Agency. This partnership between public and nonprofit entities aims to ensure comprehensive and regional coordination of efforts and resources to address homelessness and support individuals at risk of homelessness throughout Orange County.

As part of the CoC, the City's Homeless Outreach Case Manager collaborates with other stakeholders to promote community-wide commitment to the goal of ending homelessness. The CoC serves as a regional convener of year-round planning processes and facilitates the involvement of public and private agencies within the regional homeless system of care.

The Orange County Continuum of Care system is structured to achieve several key objectives:

1. **Promote Community-wide Commitment:** The CoC fosters a shared commitment among stakeholders to end homelessness through regional coordination and collaboration.
2. **Advocate for Funding and Resources:** It advocates for funding and resources to support efforts aimed at quickly rehousing individuals experiencing homelessness while minimizing trauma and dislocation.
3. **Promote Access to Mainstream Programs:** The CoC works to ensure that homeless individuals and families have access to and effectively utilize mainstream programs and services.
4. **Implement Best Practices:** It promotes the implementation of best practices and evidence-based approaches to homeless programming and services to ensure effectiveness and efficiency.

By actively participating in the Orange County Continuum of Care, the City of Huntington Beach contributes to the collective efforts aimed at addressing homelessness and improving outcomes for individuals and families experiencing housing instability in the region.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards and evaluate outcomes, and develop funding, policies and procedures for the administration of HMIS

Not applicable. The City of Huntington Beach does not receive ESG funds.

Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities

Agency/Group/ Organization	Agency/Group/ Organization Type	What section of the Plan was addressed by Consultation?	How was the Agency/Group/Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?
City of Huntington Beach	Other government - Local	• Housing Need Assessment • Homeless Needs • Homelessness Strategy • Non-Homeless Special Needs • Market Analysis • Economic Development • Non-Housing Community • Development Strategy • Anti-Poverty Strategy • Lead-based Paint Strategy	Citizen Participation Advisory Board (CPAB). The City of Huntington Beach will continue to maintain strong relationships with service providers through the Citizen Participation Advisory Board (CPAB) to help implement the five-year strategy outlined in the Con Plan. The CPAB plays a key role in ensuring that community input and collaboration remain central to the process of allocating resources and addressing the social service needs of the community.
Huntington Beach City Council	Civic Leaders	• Housing Need Assessment • Non-Homeless Special Needs • Market Analysis • Economic Development • Non-Housing Community • Development Strategy • Anti-Poverty Strategy	Public hearings. Public hearings are a key component of the City's process for ensuring that the Con Plan accurately reflects the needs and priorities of the community. City Council members, who represent the needs of their constituents, play an important role in this process by incorporating community feedback into the Con Plan. The needs and priorities identified through public hearings, consultations, and surveys have been integrated into the Con Plan, ensuring that the City's strategy addresses the most pressing concerns of residents. These public hearings provide a platform for community members to voice their opinions and influence the allocation of resources to meet the housing and social service needs of Huntington Beach. Through this process, the City ensures that the Plan is responsive to the community's evolving needs.

Table 4 – Agencies, groups, organizations who participated

Identify any Agency Types not consulted and provide rationale for not consulting

The City of Huntington Beach diligently engaged in the development of its Consolidated Plan by consulting with a broad spectrum of stakeholders. These consultations included housing, social, and health service providers, as well as local agencies and governments, and the Orange County Housing Authority. By actively seeking input from these various entities, the City ensured that a comprehensive range of perspectives and expertise were considered in the planning process. The City is unaware of any Agency Types relevant to the Consolidated Plan that were not consulted.

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	Orange County Health Care Agency, Office of Care Coordination	Leadership and coordination of Orange County's Continuum of Care planning process is led by the Orange Health Care Agency, Office of Care Coordination. The organization uses housing and demographic data obtained through HMIS and Homeless Counts to determine needs and to pinpoint gaps in housing and services. This in turn helps to pool and coordinate resources with the County and cities to develop coordinated homeless access and assessment centers. Huntington Beach participates in building the regional continuum of care to address the homeless and persons at risk of homelessness.
Huntington Beach 2013-2021 Housing Element	City of Huntington Beach Planning Division	Key housing policies and programs from the 2013-2021 Housing Element have been reflected within the Con Plan.
Orange County Housing Authority Administrative Plan	Orange County Housing Authority (OCHA)	The purpose of OCHA's Administrative Plan is to establish policies and procedures to implement the Section 8 Program in a manner consistent with HUD requirements and local objectives. The Con Plan reflects the policies set forth in the Administrative Plan.

Huntington Beach HOME-ARP Allocation Plan	City of Huntington Beach	The HOME-ARP Allocation Plan describes how Huntington Beach intends to distribute its HOME-ARP funds. The plan includes an assessment of unmet needs and service gaps for the qualified population and a summary of the planned uses of the program funds for eligible activities. The Con Plan reflects much analysis in the HOME-ARP Allocation Plan.
Multi-Family Submarket Report for Huntington Beach/Seal Beach	CoStar Group	The Multi-Family Submarket Report, prepared in August 2024, provides real estate information and analytics on both multi-family rental and multi-family sales in Huntington Beach.

Table 5 – Other local / regional / federal planning efforts

Describe cooperation and coordination with other public entities, including the State and any adjacent units of general local government, in the implementation of the Consolidated Plan (91.215(l))

The City of Huntington Beach has notified adjacent local governments including Costa Mesa, Fountain Valley, Seal Beach, Westminster and the County of Orange of the availability of the draft Consolidated Plan for 30-day review and comment. Huntington Beach coordinates with the local CoC in implementation of the Consolidated Plan's homeless strategy, and with the Orange County Housing Authority in implementation of the Housing Choice Voucher Program.

Summary of citizen participation process/Efforts made to broaden citizen participation

The City followed HUD's guidelines for citizen and community involvement in preparation of the Consolidated Plan and Action Plan. To encourage citizen participation in the preparation of the documents, the City undertook several activities as summarized below.

Housing and Community Development Needs Survey

In order to evaluate public opinion of specific housing and community development needs, the City utilized a Needs Survey (in English and Spanish) in which the respondent was asked to rank the level of need for a particular housing program, capital improvement and public infrastructure project, and public service need.

Hard copies of the survey were distributed in various community locations within low- and moderate-income neighborhoods and at the Senior Center, and published on the City's website. A total of 334 responses were received with the following results:

- Top **Housing Needs** include the construction of new or rehabilitation of existing affordable rental housing, property maintenance/code enforcement, and the development of affordable senior housing.
- Top **Capital Improvement** Needs include parks and playgrounds, community/neighborhood centers, and childcare/youth centers.
- Top **Infrastructure Improvement** Needs include sidewalk improvements, bicycle and walking paths, street/alley improvements, and tree planting/beatification projects.
- Top **Public Service** Needs include anti-crime, homeless, and domestic violence preventative and response services.

A copy of the Housing and Community Development Survey, along with the Needs Survey Report can be found in the Appendix.

Community Workshops

The City held two community workshops on October 30, 2024, at Oak View Community Center and November 7, 2024, at Central Library. The presentation covered CDBG and HOME programs, eligible funding uses, and current funding uses, while also gathering public input on priority needs. Sixteen residents attended.

Stakeholders Workshop

On November 14, 2024, a stakeholders meeting was convened with various agencies that provide services to Huntington Beach's low- and moderate-income households, special needs populations, and homeless populations. The discussion focused on identifying priority needs and gaps in the services provided. A total of eight agencies participated in the meeting, including

those offering fair housing, tenant-based rental assistance, homelessness support, literacy programs, and other public services.

Community Meetings and Public Hearings

The Citizen Participation Advisory Board (CPAB) held a public hearing on January 16, 2025, at Huntington Beach City Hall to discuss community needs. Following this, two community meetings occurred on January 30 and February 20, 2025, allowing agencies and individuals to express opinions on public service gaps in Huntington Beach. The represented agencies/programs included Oakview Children's Bureau/Boys and Girls Club Afterschool Program, Fair Housing Foundation, Open Arms Food Pantry and Resource Center, Pathways to Independence, Project Hope Alliance, Robyne's Nest, Senior Center Care Management, and StandUp for Kids Orange County.

NEEDS ASSESSMENT

NA-05 Overview

Needs Assessment Overview

The Consolidated Plan's Housing and Community Development Needs Assessment was conducted in a variety of ways, including data review and analysis²; consultation with housing, homeless and service providers, and City Departments; Community Needs Assessment Survey; and community meetings to take public input on community needs. Key findings of the Needs Assessment include:

- Housing overpayment is the most prevalent housing problem, with 80% of Huntington Beach's low and moderate income (<80% AMI) renter households facing a cost burden (>30% of income on housing costs), and 45% facing a severe cost burden (>50% of income towards housing). Consultation with housing, homeless and public service providers identify the shortage of affordable rental housing as the most significant issue facing Huntington Beach's low- and moderate-income residents.
- Household overcrowding is a far less significant problem than overpayment in Huntington Beach and has decreased from 13% of all renters in 2000 to just 5% a decade later (as documented by the 2007-2011 ACS). However, certain neighborhoods continue to experience high levels of overcrowding.
- For homeless persons or persons at risk of becoming homeless, the most significant problem is the lack of affordable rental housing. This problem has been compounded by record high rents combined with decreases in public funding previously used to support affordable housing. Surveys of homeless service providers in Huntington Beach identify additional affordable housing as the top priority need, followed by the need for additional substance abuse services, and additional tenant-based rental assistance.
- The City's Capital Improvement Program (CIP) presents a comprehensive listing of planned and projected capital project needs based on various long-range plans, goals, and policies. Pursuant to the 2023/24-2027/28 CIP, the following general projects (within low- and moderate-income areas) have been identified in need of CDBG funds over the next five years:
 - ✓ Citywide sidewalk, curb and gutter improvements, including accessibility ramps
 - ✓ Residential overlay and slurry seal program
 - ✓ Other public facilities and infrastructure projects

² The American Community Survey (ACS), performed by the U.S. Census Bureau, is an ongoing Census statistical survey that samples a small percentage of the population every year, and publishes five-year averages of this data. Many of the tables in the Consolidated Plan are "pre-populated" by HUD with data from the 2016-2020 ACS, and thus the City has utilized the 2016-2020 ACS as the primary data source throughout the Plan.

Table 14 – Crowding Information – 2/2

Describe the number and type of single-person households in need of housing assistance.

According to the 2023 5-year American Community Survey (ACS) estimates, there are approximately 10,170 single-person renter households in the City, but only 1,465 studio rental units and 8,170 one-bedroom rental units available (2016-2020 ACS – refer to Section MA-10 later in the report). These figures highlight a critical shortage of affordable rental units, with high rents making these options inaccessible to low- and moderate-income individuals. Tables 11 and 12 indicate that 4,225 low- and moderate-income single-person renter households are spending more than 30% of their income on housing costs, with nearly half (1,940 households) experiencing a severe cost burden, allocating more than 50% of their income to housing.

Since 2010, the proportion of single-person renter households has remained steady, representing about 30% of all renter households and 12% of all households, regardless of tenure.

In contrast, the 2023 5-year ACS data shows that there are 9,983 single-person owner-occupied households in Huntington Beach, presumably residing in the 260 studio units and 1,255 one-bedroom owner units available. Of these owner-occupied households, 11% (1,105 households) face some form of cost burden, with 425 experiencing severe cost burdens. While this is a significant challenge, it is far less pronounced than among the single-person renter households, highlighting the relative stability and lower cost burden faced by those who own their homes. These findings underscore the ongoing need for affordable rental housing, particularly for low- and moderate-income single-person households.

Estimate the number and type of families in need of housing assistance who are disabled or victims of domestic violence, dating violence, sexual assault and stalking.

Among the 628 Huntington Beach residents reported by the Orange County Housing Authority (OCHA) as receiving Housing Choice Vouchers, 19% (117) have a disabled member. These statistics confirm the significant need for housing assistance among the City's disabled population.

Persons spending greater than half their incomes on housing are considered precariously housed, and at risk of homelessness. The 2016-2020 CHAS documents 30% of Huntington Beach's low- and moderate-income households as spending more than half their incomes on housing; applying the same 30% severe housing overpayment figure to the City's estimated 22,698 disabled population (2008-10 ACS) translates to approximately 6,809 persons with disabilities in need of housing assistance.

Domestic violence disproportionately affects women and children, with survivors often fleeing violent situations in search of safety and support. While specific data for Huntington Beach is limited, state-level statistics provide valuable insights into the scope of the issue. According to the California Partnership to End Domestic Violence (CPEDV), approximately 40% of women in California have experienced physical intimate partner violence at some point in their lives. When applying this statewide statistic to Huntington Beach's 2023 adult female population (age 18+), it is estimated that approximately 32,326 women in the City may have been victims of domestic violence at some stage.

In contrast, the California Department of Justice reported 443 domestic violence-related calls in Huntington Beach in 2023. This significant gap between the number of potential victims and the actual number of calls for police assistance suggests a troubling underreporting of domestic violence incidents. Many victims may be reluctant to seek help due to fear, shame, or lack of knowledge about available resources, further underscoring the need for additional support services in the community.

Beyond immediate safety concerns, women and children fleeing domestic violence often require a range of critical services, including emergency shelter, transitional housing, counseling, and childcare. These services are essential for helping survivors rebuild their lives and regain their independence. Given the large number of potentially affected women in Huntington Beach, the City may benefit from expanding domestic violence prevention and support programs to ensure that all victims have access to the care and protection they need.

Dating violence is defined as the physical, sexual, psychological, or emotional violence within a dating relationship, including stalking. Dating violence is widespread with serious long-term and short-term effects. Many teens do not report it because they are afraid to tell friends and family. A 2019 CDC Youth Risk Behavior survey found that 41% of females and 26% of males have experienced contact sexual violence, physical violence, or stalking by an intimate partner during their lifetime. Even more alarming, is the same study reports that one in every 12 teens experience physical dating violence and about the same number face sexual dating violence. Supporting healthy, nonviolent relationships could reduce teen dating violence and prevent its harmful, long-lasting effects on individuals, their families, and their communities. During the pre-teen and teen years, it is critical for youth to begin learning skills to create and maintain healthy relationships, including managing feelings and communicating in a healthy way. Research also highlights the need for prevention efforts that address the unique needs of teens who are at greater risk of experiencing teen dating violence.

What are the most common housing problems?

Based on the CHAS tables provided by HUD (extrapolated from 2016-2020 ACS data), the following summarizes two key housing problems in Huntington Beach:

- Among Huntington Beach's approximately 18,420 low and moderate income (<80% AMI) renter households, 14,090 (76%) face a cost burden of spending greater than 30% of income on rent. Over 40% of the City's low- and moderate-income renters face a severe cost burden, with 7,910 spending more than 50% of income on rent. As depicted in Figure 4 located in Appendix B, census tracts with the highest concentrations of severe renter overpayment (32-55% of all renters spending >50% income on rent) are scattered throughout the City, with a predominance north of Warner Avenue. Consultation with housing, homeless and public service providers identify the shortage of affordable rental housing as the most significant issue facing Huntington Beach's low- and moderate-income residents.
- Household overcrowding, defined as more than one person per room (excluding kitchens, porches, and hallways), is less prevalent than overpayment for housing in Huntington Beach, yet it remains a growing concern. Over the past decade, the rate of overcrowding has doubled from 5% in 2010 to 10% in 2020, as documented by the 2007-2011 ACS. Among low- and moderate-income renters, Table 13 highlights that 1,890 households—representing 10% of Huntington Beach's 18,420 low- and moderate-income renter households—are overcrowded. This marks a notable increase from 2015, when the number of overcrowded households stood at 1,190.
- For homeless persons or persons at-risk of becoming homeless, the most significant problem is the lack of affordable rental housing. This problem has been compounded by record high rents combined with decreases in funding available through Section 8 and HOME, and the loss of \$3 million in annual Redevelopment Housing funds previously used to support affordable housing. Surveys and discussions with homeless service providers in Huntington Beach conducted for the Consolidated Plan identify additional affordable housing as the top priority need, followed by the need for additional tenant rental assistance and wrap around support services.

Are any populations/household types more affected than others by these problems?

As reflected in Tables 12 and 13, small-related and single person, non-elderly ("other") households are most impacted by renter cost burden. Small, related households comprise 5,410, or 38%, of Huntington Beach's 14,105 low- and moderate-income renters spending greater than 30% of income on housing costs. Elderly person households are also most impacted by severe cost burden (> than 50% of income of housing costs) among low- and moderate-income renters, comprising 43% of the total low-and moderate-income households that experience severe cost burden.

Based on input from local service providers, low- and moderate-income populations particularly impacted by housing overpayment in Huntington Beach include single-parent families, senior citizens on fixed incomes, the working poor, young adults, and persons suffering from a physical, mental or developmental disability.

Describe the characteristics and needs of Low-income individuals and families with children (especially extremely low-income) who are currently housed but are at imminent risk of either residing in shelters or becoming unsheltered 91.205(c)/91.305(c)). Also discuss the needs of formerly homeless families and individuals who are receiving rapid re-housing assistance and are nearing the termination of that assistance

Record-high rents in Huntington Beach have significantly increased the risk of homelessness, particularly for lower-income individuals and families. Among the most vulnerable are family households and single mothers, who are disproportionately affected by the high costs of housing and childcare. Additionally, individuals working in low-wage jobs are particularly vulnerable, as rising rent prices further strain their already limited resources. The lack of sufficient funding and limited availability of Section 8 vouchers exacerbates the situation, leaving many households with few options for affordable housing.

Low-income renter households earning less than 50% of the Area Median Income (AMI) and facing extreme cost burdens—spending more than 50% of their income on rent—are at especially high risk of becoming homeless. This risk is compounded for those who are unemployed, employed in low-paying jobs, or dealing with serious health issues among family members. These factors create a perfect storm that can push households into homelessness if they do not have access to stable housing solutions.

In response, the City of Huntington Beach offers three tenant-based rental assistance programs aimed at individuals and families at imminent risk of becoming homeless or residing in shelters. These programs provide up to 24 months of assistance, along with case management and support services to help households transition to stable, non-assisted housing. Beneficiaries include homeless individuals, those at risk of homelessness, families with children, veterans, and seniors. For households nearing the end of their rental assistance, maintaining stable housing requires more than just financial support. Full-time employment, affordable childcare, reliable transportation, and access to affordable housing are critical. In addition, healthcare access, life skills training, and opportunities for further education or vocational training play an essential role in ensuring long-term housing stability and self-sufficiency.

If a jurisdiction provides estimates of the at-risk population(s), it should also include a description of the operational definition of the at-risk group and the methodology used to generate the estimates:

Not applicable. The City adheres to HUD’s criteria for defining homelessness to identify those at imminent risk of homelessness.

Specify particular housing characteristics that have been linked with instability and an increased risk of homelessness

As highlighted in Table 12, an estimated 5,285 low- and moderate-income renter households, along with 4,485 owner-occupied households in Huntington Beach, are spending more than half

of their gross monthly income on housing costs. This significant financial burden leaves these households with limited resources to cover essential living expenses such as food, transportation, healthcare, utilities, and other necessities. With so little disposable income remaining, these households are especially vulnerable to eviction and homelessness. A sudden reduction in income—whether due to job loss, reduced work hours, or cuts in government benefits—can have catastrophic consequences. Similarly, unexpected expenses, such as a medical emergency, major car repair, or the onset of a serious illness that prevents someone from working, could push these households into financial instability, making it even more difficult to stay housed.

Discussion

As discussed above, housing affordability is a critical issue among Huntington Beach's renter population. With nearly 30% of low and moderate income (<80% AMI) renter households spending more than half their incomes on housing, severe housing cost burden is the most pervasive housing problem in the community. The need far exceeds the resources available through the Consolidated Plan and is further exacerbated by the increased costs associated with developing affordable housing.

As described in the City's 2013-2021 Housing Element, many of the workers who make up Huntington Beach's workforce earn modest incomes, making it challenging to afford to live in the City where they work. The analysis of rental housing costs and affordability presented in the Housing Market section of this report (Section MA-15) illustrates that households earning low and moderate incomes (up to 80% AMI) cannot afford average market rents in Huntington Beach.

NA-15 Disproportionately Greater Need: Housing Problems – 91.205 (b)(2)

Assess the need of any racial or ethnic group that has disproportionately greater need in comparison to the needs of that category of need as a whole.

Introduction

A disproportionately greater housing need exists when the members of a racial or ethnic group at an income level experience housing problems at a greater rate (10% or more) than the income level as a whole. The following tables identify the presence of one or more housing problems among households of differing race/ethnicities and income levels, with the analysis that follows identifying any racial/ethnic group evidencing a disproportionate housing need. The four housing problems are:

- 1) Lacks complete kitchen facilities.
- 2) Lacks complete plumbing facilities.
- 3) More than one person per room; and
- 4) Cost Burden greater than 30%.

0%-30% of Area Median Income

Table 18 - Disproportionally Greater Need 80 - 100% AMI

Data Source: 2016-2020 CHAS

Discussion

Tables 15-18 above identify the presence of one or more housing problems (lacks complete kitchen, lacks complete plumbing, overcrowding at > 1 person per room, or overpayment at > 30%) for different racial/ethnic group within a given income category. The following summarizes the results of these CHAS tables and identifies groups experiencing disproportionate housing need in Huntington Beach.

Extremely Low Income (0-30% AMI)

- 78% of extremely low-income households in Huntington Beach have one or more housing problems, ranging from 44% to 100% by racial or ethnic group.
- The highest incidence of housing problems (100%) is experienced by Pacific Islanders, representing a disproportionate need based on the CHAS data provided by HUD. However, at just 15 households, the total number of extremely low-income Pacific Islander households in Huntington Beach is minimal, representing just 0.1% of the total 9,480 extremely low-income households in the City.
- Extremely low-income Black/African American and Hispanic households meet the definition of having a disproportionately greater housing need. A total of 90% of Black/African American and 89% of Hispanic extremely low-income households have one or more of the hour housing problems, compared to 78% of all households as a whole.

Low Income (30-50% AMI)

- 77% of low-income households in Huntington Beach have housing problems, ranging from 67% (American Indians) to 74% (Whites) to 82% (Hispanics) to 100% (Black/African Americans).
- Black/African American households have a disproportionate housing need in this income category; however, at only 85 households, the total number of low-income Black/African American households only represents 1% of the total households in this income group.

Moderate Income (50-80% AMI)

- 59% of moderate-income households in Huntington Beach have housing problems, ranging from 31% (Pacific Islanders) to 68% (Hispanics) by racial or ethnic group.

Median Income (80-100% AMI)

- 39% of all households in Huntington Beach in the median income bracket have housing problems, ranging from 32% to 60% by racial or ethnic group.
- Pacific Islander households earning median incomes evidence a disproportionate housing need, with 60% experiencing one or more housing problems. At 15 households, Pacific Islander households represent only 2% of Huntington Beach's median income households.

NA-20 Disproportionately Greater Need: Severe Housing Problems – 91.205 (b)(2)

Introduction

A disproportionately greater housing need exists when the members of a racial or ethnic group at an income level experience housing problems at a greater rate (10% or more) than the income level as a whole. The following tables identify the presence of *severe* housing problems among households of differing race/ethnicities and income levels, with the analysis that follows identifying any racial/ethnic group evidencing a disproportionate housing need. The four severe housing problems are:

- 1) Lacks complete kitchen facilities.
- 2) Lacks complete plumbing facilities.
- 3) More than 1.5 persons per room.
- 4) Cost Burden over 50%.

Table 22 – Severe Housing Problems 80 - 100% AMI

Data Source:

2016-2020 CHAS

Discussion

Tables 19-22 above identify the presence of one or more *severe* housing problems (lacks complete kitchen, lacks complete plumbing, overcrowding at > 1.5 person per room, or overpayment at > 50%) for different racial/ethnic group within a given income category. The following summarizes the results of these CHAS tables and identifies groups experiencing disproportionate housing need in Huntington Beach.

Extremely Low Income (0-30% AMI)

- 70% of all extremely low-income households in Huntington Beach experience one or more of the identified severe housing problems, ranging from 44% to 100% by racial or ethnic group.
- The highest incidence of severe housing problems (100%) is experienced by Pacific Islanders, representing a disproportionate need. However, at just 15 households, the

total number of these households in Huntington Beach is minimal, representing well under 1% of the total extremely low-income households in the City.

Low Income (30-50% AMI)

- 52% of low-income households in Huntington Beach have severe housing problems, ranging from 0% (Pacific Islanders) to 82% (Black/African Americans) by racial or ethnic group.
- Black/African American and American Indian/Alaska Native households earning low incomes evidence a disproportionate housing need, with 82% and 66% respectively, experiencing one or more severe housing problems. At 70 households, Black/African American households represent only under 1% of Huntington Beach's low-income households. Likewise, American Indian/Alaska Native households represent under 1% of low-income households as well, at 50 households.

Moderate Income (50-80% AMI)

- 25% of moderate-income households in Huntington Beach have severe housing problems, ranging from 0% to 39% by racial or ethnic group.
- Hispanic households earning moderate incomes evidence a disproportionate housing need, with 39% experiencing one or more housing problems. At 820 households, Hispanic households represent 7% of Huntington Beach's moderate-income households.

Median Income (80-100% AMI)

- 10% of median-income households in Huntington Beach experience severe housing problems, ranging from 0% to 20% by racial or ethnic group.
- Median income Asian households represent a disproportionate need, with 20% experiencing severe housing problems. Asian households represent under 2% of all households in this income category.

NA-25 Disproportionately Greater Need: Housing Cost Burdens – 91.205 (b)(2)

Introduction

Housing Cost Burden

Housing Cost Burden	<=30%	30-50%	>50%	No / negative income (not computed)
Jurisdiction as a whole	47,850	14,430	13,580	840
White	34,795	10,000	8,830	590
Black / African American	440	195	185	0
Asian	5,370	1,525	1,530	90
American Indian, Alaska Native	190	35	55	0
Pacific Islander	95	90	15	0
Hispanic	5,740	2,240	2,715	135

Table 23 – Greater Need: Housing Cost Burdens AMI

Data Source:

2016-2020 CHAS

Discussion

A disproportionately greater housing need exists when the members of a racial or ethnic group at an income level experience housing problems at a greater rate (10% or more) than the income level as a whole. Table 23 above identifies cost burden for each racial and ethnic group earning up to 100% AMI in Huntington Beach, including no cost burden (<30% income towards housing), cost burden (30-50%), severe cost burden (>50%), and not computed due to no/negative income. According to the CHAS data on which this table is based, 19% of Huntington Beach 0-100% AMI households experience a cost burden, with an additional 18% experiencing a severe cost burden. In comparison with this citywide average, only one racial/ethnicity group – Pacific Islanders - experience disproportionate housing cost burdens. However, with a total of just 90 Pacific Islander households (earning 0-100% AMI) identified as residing in Huntington Beach by the 2016-2020 American Community Survey (ACS), combined with the sampling methodology utilized by the ACS, the results for such a small sample size are less than statistically significant.

NA-30 Disproportionately Greater Need: Discussion – 91.205(b)(2)

Are there any Income categories in which a racial or ethnic group has disproportionately greater need than the needs of that income category as a whole?

The analysis of housing problems and severe housing problems in sections NA-15 and NA-20 identify Hispanic, Asian, African American, Pacific Islander, and American Indian households as evidencing a disproportionate housing need. Tables 24A and 24B below identify the specific income categories among these racial groups where disproportionate need is apparent.

Income Category	% Households with Housing Problems (# Households with Housing Problems)					
	Citywide	Hispanic	Asian	African American	Pacific Islander	American Indian
0-30%	78% 9,480	89% 1,865	--	90% 140	100% 15	--
30-50%	77% 6,100	--	--	100% 85	--	--
50-80%	59% 7,215	--	--	--	--	--
80-100%	39% 3,145	--	--	--	32% 380	--

Table 24A – Housing Problems: Greater Disproportionate Need

Income Category	% Households with Severe Housing Problems (# Households with Severe Housing Problems)					
	Citywide	Hispanic	Asian	African American	Pacific Islander	American Indian
0-30%	70% 9,475	86% 1,790	--	84% 130	100% 15	--
30-50%	52% 7,960	--	--	82% 70	--	66% 50
50-80%	25% 12,290	39% 820	--	--	--	--
80-100%	10% 8,065	--	20% 140	--	--	--

Table 24B – Severe Housing Problems: Greater Disproportionate Need

As illustrated in the above tables, the actual number of households within the Asian, Pacific Islander, African American and American Indian racial groups identified by the HUD CHAS data as experiencing disproportionate housing problems is extremely limited. As previously mentioned, given this small number of households, combined with the sampling methodology utilized by the American Community Survey, the results in such a small sample size are less than statistically significant.

In contrast, disproportionate housing needs among low- and moderate-income Hispanic households are evident in Huntington Beach, particularly for those households of extremely-low income.

If they have needs not identified above, what are those needs?

Not applicable.

Are any of those racial or ethnic groups located in specific areas or neighborhoods in your community?

A minority concentration is defined as a census block group with greater than the City average of minority population (20%). Figure 6 (located in Appendix B) depicts minority concentrations in Huntington Beach. Under this definition, seven census block groups are identified as having a concentration of minorities. The majority of these areas are located in the area bound by Bolsa Avenue on the north, Talbert Avenue to the south, Goldenwest Street to the west and Newland Street to the east. Four of the seven census tracts correspond to the City's low- and moderate-income areas (refer to Figure 2).

NA-35 Public Housing – 91.205(b)

Introduction

The Housing Choice Voucher (HCV) program, formerly called the Section 8 program, is HUD's largest program that helps low-income families, the elderly, and the disabled find affordable decent, safe, and sanitary housing in the private market. Participants receive federally subsidized vouchers that they can use to rent the home or apartment of their choosing, provided that it meets the requirements of the program and agreement of the landlord. The funding assistance is provided to the family or individual, the voucher holder, and can move with the family or individual rather than being tied to the property or unit.

The Orange County Housing Authority (OCHA) is the local public agency providing Housing Choice Vouchers within Huntington Beach. According to a special data run conducted by OCHA for the City, as of February 2025, there were a total of 628 Huntington Beach households receiving tenant-based Housing Choice Vouchers; 85 of these were Veterans Affairs Supportive Housing Vouchers, 39 were Continuum of Care Vouchers, 16 were Family Self-Sufficiency Vouchers, and 24 were Family Unification Vouchers. Elderly households comprise 61% of the City's Section 8 recipients (381 households), indicative of several large senior housing complexes with significant numbers of Section 8 tenants. The City also has a significant number of disabled households receiving Section 8 (116 households), although many of these households are also likely to be seniors. There are no public housing projects located within Huntington Beach.

Section 504 Needs Assessment: Describe the needs of public housing tenants and applicants on the waiting list for accessible units:

Not Applicable, as there is no public housing in Huntington Beach and OCHA does not have a public housing program.

Most immediate needs of residents of Public Housing and Housing Choice voucher holders

The most immediate need of residents with Housing Choice Vouchers is available, affordable rental units that fall within the rent levels of HUD's Fair Market Rents.

How do these needs compare to the housing needs of the population at large

High rents and low vacancy rates in Orange County effect the population at large, not just low and extremely low- income residents. The increase in home prices has led to a decline in housing affordability, contributing to additional demand for rental housing.

Introduction

Homelessness has become an increasingly urgent challenge across the United States, particularly in the Los Angeles and Orange County regions. A variety of factors contribute to this rise, including the lack of affordable housing for low- and moderate-income individuals, a growing number of people living below the poverty line, reductions in public assistance programs, substance abuse issues, the de-institutionalization of individuals with mental illness, and, in some cases, an increase in people who choose homelessness as a lifestyle.

The U.S. Department of Housing and Urban Development (HUD) mandates that all Continuum of Care jurisdictions conduct a biennial unsheltered count and an annual sheltered count to measure homelessness on a single night during the last ten days of January. For 2024, Orange County's Sheltered Point in Time (PIT) Count was held on the night of Monday, January 22, 2024, with demographic data collected from all emergency shelter and transitional housing programs throughout the county. The Unsheltered PIT Count took place over three days, from Tuesday, January 23, to Thursday, January 25, 2024, to ensure that the county's 800-square-mile jurisdiction was thoroughly canvassed. With improvements in the PIT process, methodology, and data quality—thanks to the use of GIS technology—the results from the 2019, 2022, and now 2024 counts offer the most accurate representation of Orange County's homeless population to date. It is important to note that the PIT Count not only involves a physical tally of those experiencing homelessness but also includes a formula to estimate the total number of homeless individuals.

The 2024 PIT Count identified 7,322 homeless individuals in Orange County, representing a substantial 28% increase from the 2022 count, which recorded 5,718 individuals. In Huntington Beach specifically, the count found 433 homeless individuals—173 of whom were unsheltered and 260 sheltered. This marks an increase from the 2022 figures, which reported a total of 330 homeless individuals: 188 unsheltered and 142 sheltered. Pinpointing the exact cause of the increase is a challenge given the number of variables that could influence the fluctuation of the numbers. The County does know, however, that certain resources existed in 2022 that did not exist during the 2024 PIT Count. Some of those include:

- The Emergency Rental Assistance Program (ERA). Approximately \$300 million in rental assistance was awarded by the County and state to Orange County residents to prevent evictions due to COVID-19.
- The Eviction Moratorium pursuant to the COVID-19 pandemic was still in effect; the moratorium ended on May 31, 2022.

While the 2024 Point-in-Time Count report provides specific demographic information about the homeless population for the entire County, data for Huntington Beach specifically is limited.

If data is not available for the categories "number of persons becoming and exiting homelessness each year," and "number of days that persons experience homelessness," describe these categories for each homeless population type (including chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth):

Nature and Extent of Homelessness: (Optional)

Race	Sheltered	Unsheltered
American Indian, Alaskan Native, or Indigenous	36	75
American Indian, Alaska Native, or Indigenous & Hispanic/Latino/e/o	91	28
Asian or Asian American	103	164
Asian or Asian American & Hispanic/Latino/e/o	8	7
Black, African American, or African	329	223
Black, African American, or African & Hispanic/Latino/e/o	13	7
Hispanic/Latino/e/o	37	1509
Middle Eastern or North African	1	40

Native Hawaiian or Pacific Islander & Hispanic/Latino/e/o	12	5
White	1,120	1,772
White & Hispanic/Latino/e/o	1,275	205
Multi-Racial & Hispanic/Latino/e/o	20	14
Multi-Racial & not Hispanic/Latino/e/o	51	77
TOTAL	3,149	4,173
Ethnicity	Sheltered	Unsheltered
Hispanic/Latino/e/o	1,456	1,777
Not Hispanic/Latino/e/o	1,693	2,396

Notes: Race and ethnicity categories have been combined and expanded to align with HUD guidance for race and ethnicity reporting.

Estimate the number and type of families in need of housing assistance for families with children and the families of veterans.

Individuals and families experiencing homelessness have diverse needs, which can range from medical care, job training, childcare, mental health services, credit counseling, and substance abuse treatment to English language education. Homeless families, in particular, may require housing that accommodates their unique needs, such as sufficient space for family members, affordable childcare, and support through counseling and life skills training.

According to the 2024 PIT Count, Orange County's homeless population includes 1,128 people in 347 families with at least one adult and one minor. Of these families, 291 (representing 948 people, including 362 adults and 586 children) were sheltered, which accounts for 84 percent of the total homeless families. Given that Huntington Beach constitutes six percent of the county's

homeless population, it is estimated that approximately 68 individuals in 21 families within Huntington Beach may require housing assistance.

For veterans, specific family data is unavailable for the 328 counted in the county. However, applying the same six percent estimate suggests that about 20 veterans in Huntington Beach may also need housing assistance.

Describe the Nature and Extent of Homelessness by Racial and Ethnic Group.

The 2024 Point-In-Time Count provides an analysis of the racial and ethnic composition of the homeless population in Orange County. The data indicates that Hispanic individuals account for 56% of this population, followed by White individuals at 39%, Black individuals at 8%, Asian individuals at 4%, American Indian/Alaska Native individuals at 2%, and multi-racial individuals at 2%. This reveals a notable overrepresentation of Hispanic and Black/African American groups within the homeless demographic compared to their respective proportions in the general population, where Hispanics comprise 20% and Black/African Americans less than 2%.

Describe the Nature and Extent of Unsheltered and Sheltered Homelessness.

The 2024 Point-in-Time (PIT) Count reported that Huntington Beach had an estimated 173 unsheltered homeless individuals and 260 sheltered individuals, accounting for 40% and 60%, respectively, of the total homeless population in the area. In contrast, approximately 57% of the total homeless population of 7,322 in Orange County were unsheltered. This suggests a lower incidence of unsheltered homelessness in Huntington Beach compared to the county overall. This difference may be attributed to the presence of the City's Navigation Center and a Homekey Program site in the city, which was functioning as an emergency shelter at the time of the count. This Homekey Program site is in the process of transitioning to permanent housing.

Discussion

The data collected from the Orange County 2024 PIT describing 7,322 homeless persons within Orange County, coupled with a 2024 Continuum of Care housing inventory count showing a total of 9,812 total year-round emergency, transitional, and permanent beds/units for homeless persons Orange County suggests the overall need for additional housing for homeless has been met, though not by type of housing. The prevalence of health-related conditions such as substance abuse, mental health, alcoholism, and other issues experienced by homeless persons also suggest a need for public services to assist with these conditions. Public outreach to housing and homeless service providers conducted in support of the Consolidated Plan echoes this need.

Introduction

Certain segments of the population may have greater difficulty finding adequate and affordable housing due to their unique special needs and circumstances. Such circumstances range from fixed incomes to limited mobility to the need for supportive services. The groups that categorically fall under special needs are the elderly and frail elderly, persons with disabilities, victims of domestic violence, persons with HIV/AIDS, and persons with substance abuse problems. These groups represent a significant part of Huntington Beach's population, and efforts must be made to ensure that decent, affordable and accessible housing is available to all such special needs populations.

Describe the characteristics of special needs populations in your community:

Elderly

The elderly and frail elderly special needs population (age 65 and above) comprise approximately 39,110 residents in Huntington Beach (20%), reflecting a slightly greater proportion of seniors in comparison with Orange County (17%) and California as a whole (16%). Over 47% of Huntington Beach's seniors are 75 years of age and above, a population, which may require more supportive housing options as they age and tend to become more frail. Some of the more pressing housing needs of Huntington Beach's seniors include:

- **Rental affordability.** Rising rents are a particular concern due to the fact that most seniors are on fixed incomes. Of Huntington Beach's approximately 7,495 senior renter households, 70% are low and moderate income (<80% AMI), with 42% low income (<50% AMI). Market rents in Huntington Beach are well beyond the level affordable to low- and moderate-income households, as confirmed by the Census which documents 45% of the City's low/mod income senior renters spending more than half their incomes on rent.
- **Disabilities.** The Census identifies approximately 32% of Huntington Beach's seniors as having one or more disabilities, encompassing physical, sensory and mental disabilities, as well as conditions that limit the senior's ability to leave their home. Combined with the significant number of older seniors (age 75+) indicates a large segment of the senior population that may require various levels of housing support.
- **Housing maintenance.** Huntington Beach has approximately 22,000 senior homeowners. As these homeowners age, many may be unable to maintain their homes or perform minor repairs. The installation of grab bars and other assistance devices may be necessary to enhance accessibility.

Addressing the diverse housing needs of Huntington Beach's senior population will require strategies which foster independent living (such as home accessibility improvements, second

units, rehabilitation assistance), as well as strategies that encourage the provision of a variety of supportive living environments for seniors of all income levels.

Persons with Disabilities

The 2016-2020 ACS identifies 22,698 Huntington Beach residents as having one or more disabilities, representing 12% of the City's population. About one-third of these adult residents are unable to live independently. The ACS documents the presence of following types of disabilities among Huntington Beach's disabled residents:

- Ambulatory – 42%
- Cognitive – 40%
- Hearing – 29%
- Vision – 14%

Of the City's senior population, 32% suffer from a disability. As Huntington Beach's population continues to age, the number of residents with disabilities will also increase.

Victims of Domestic Violence

Individuals fleeing domestic violence are generally women and children. It is difficult to estimate the number of victims of domestic violence, as many victims do not call the police or seek services. Women between the ages of 18 and 44 are at an increased risk for domestic violence, with lower-income and immigrant women particularly vulnerable to abuse. This group needs transitional housing with counseling and supportive services.

Persons with HIV/AIDS

Persons with HIV/AIDS are considered a special needs group due to their need for affordable housing, health care, counseling and other supportive services. The Orange County Health Care Agency tracks HIV/AIDS cases and reports 266 newly diagnosed HIV cases in 2023 in Orange County. Among the top five cities impacted by new HIV cases include Santa Ana (60), Anaheim (41), Orange (18), Graden Grove (17), Costa Mesa (17), and Irvine (14). Short-term housing needs for persons with AIDS – many of whom face homelessness - may include hospice facilities, shelters or transitional housing. Long term needs include affordable housing near public transportation and health care facilities.

Alcohol/Other Drug Abuse

According to the National Center for Drug Abuse Statistics, one in ten Americans over the age of 12 suffers from Alcohol Use Disorder. In California, excessive alcohol use is responsible for an average of 15,443 deaths annually. Similarly, about half of individuals aged 12 and older in the United States have used illicit drugs at least once. Drug use is most prevalent among individuals aged 18 to 25, with 39% reporting use, compared to 34% of those aged 26 to 29. In California, an average of 6,198 drug overdoses occur each year, and approximately 2.31% of all deaths in the state are attributed to drug overdose, a figure that has increased by 10.37% over the past three years.

Individuals struggling with drug and alcohol addictions often require a supportive living environment to break the cycle of substance abuse. Supportive housing for individuals with substance use disorders typically includes transitional housing programs that offer counseling, job training, and other resources to facilitate recovery. The County is the primary funding source for these types of programs, helping to provide the necessary services for those in need.

What are the housing and supportive service needs of these populations and how are these needs determined?

Housing and service needs are addressed under each group heading in the prior section. The housing needs of persons with disabilities is further elaborated on below.

Persons with Disabilities

Some people with disabilities may live comfortably without special housing accommodations, but persons with physical and/or sensory disabilities often require specially designed, barrier-free housing that allows freedom of movement not only to and from the housing unit, but also within the unit itself. Special modifications to permit free access are very important in maintaining independence. The California Code of Regulations Title 24 requirements set forth access and adaptability requirements for the disabled population. These regulations apply to public buildings and require that ramps, larger door widths, restroom modifications, and other special facilities be incorporated into building designs. However, these standards are not mandatory for new single-family residential construction. Therefore, conventional housing may require modification to ensure its suitability for occupancy by a disabled person.

The City has a well-defined Reasonable Accommodation procedure that ensures individuals with disabilities are protected. Specifically, Chapter 17.77 – Reasonable Accommodation Procedures of the Huntington Beach Municipal Code (HBMC) provides an application process and review requirements for a Reasonable Accommodation request from the City’s zoning and land use regulations, policies, and practices when necessary to provide an individual with a disability an equal opportunity to use and enjoy a dwelling. Chapter 17.77 ensures that reasonable accommodation requests are processed efficiently without imposing costs on the applicant. The City does not assess a fee for reasonable accommodation requests and does not require a public hearing. The administrative approval of reasonable accommodations is an objective decision-making process. The findings the City must make to provide a reasonable accommodation are based on the objective need to provide an individual with a disability an equal opportunity to use and enjoy a dwelling.

Many developmentally disabled persons can live and work independently within a conventional housing environment. More severely disabled individuals require a group living environment where supervision is provided. The most severely affected individuals may require an institutional environment where medical attention and physical therapy are provided. Because developmental disabilities exist before adulthood, the first issue in supportive housing for the developmentally disabled is the transition from the person’s living situation as a child to an appropriate level of independence as an adult.

Discuss the size and characteristics of the population with HIV/AIDS and their families within the Eligible Metropolitan Statistical Area:

As reported in the Orange County Health Care Agency HIV/AIDS Surveillance Program's *2023 HIV Fact Sheet*, by the end of 2023, there were 7,044 individuals living with HIV disease in Orange County. Among these individuals, 266 (or 4%) were newly diagnosed with HIV in 2023, highlighting ongoing challenges in both prevention and treatment.

The demographic profile of those living with HIV in the county reflects a significant gender disparity, with the majority (78%) of individuals being male. Ethnically, the population is predominantly Hispanic and White, accounting for 51% and 31% of cases, respectively. Asians make up 11% of those living with HIV, and African Americans represent 6% of the population. This distribution points to specific communities that may face unique challenges in terms of access to care, education, and prevention efforts.

When examining age distribution, the largest group of individuals diagnosed with HIV in 2023 were between the ages of 26 and 35, comprising 33% of new diagnoses. The next largest age groups were individuals aged 36 to 45 years (25%) and 19 to 25 years (18%). Individuals aged 46 to 55 years made up 14% of new diagnoses, while those 56 years and older accounted for 9%. This age distribution underscores the ongoing need for targeted HIV prevention and treatment strategies, particularly among younger populations, while also addressing the needs of older individuals who may face different health challenges related to living with HIV.

This data highlights the importance of continuing efforts to provide comprehensive care, support, and education for individuals living with HIV, while also addressing the specific needs of different demographic groups within the county.

If the PJ will establish a preference for a HOME TBRA activity for persons with a specific category of disabilities (e.g., persons with HIV/AIDS or chronic mental illness), describe their unmet need for housing and services needed to narrow the gap in benefits and services received by such persons. (See 24 CFR 92.209(c)(2) (ii))

Not applicable. The City of Huntington Beach administers HOME Tenant-Based Rental Assistance (TBRA) programs designed to provide crucial support for individuals and families facing housing instability. These programs are specifically targeted to assist homeless individuals, those at risk of homelessness, veterans, victims of domestic violence, families with children, and seniors. The HOME TBRA programs offer rental assistance to help eligible participants secure safe and stable housing while also providing case management and support services to facilitate long-term housing stability. By offering temporary financial assistance and resources, the City aims to prevent homelessness, reduce the risk of eviction, and help vulnerable populations transition into stable, independent living situations. These efforts are essential in addressing the unique challenges faced by these groups, including limited income, high housing costs, and the need for additional supportive services.

Discussion

There is a small but significant population of non-homeless special needs persons in the City. Particular attention should be paid to elderly and disabled populations. Seniors 65 and over make up 20% of Huntington Beach's population. It's notable that the elderly population in the City is higher compared to the proportion of seniors in Orange County (17%) and the State as a whole (16%). In addition, among Huntington Beach's 7,500 senior renter households, nearly three-quarters are low and moderate income. This population is particularly vulnerable to rent increases as the majority are on fixed incomes.

Describe the jurisdiction's need for Public Facilities:

The City of Huntington Beach is home to a wide array of public facilities designed to serve the diverse needs of its residents. These amenities include five libraries, 79 parks covering nearly 767 acres with 190 playgrounds, a gym and pool facility, three clubhouses, a nature center, a golf club, a senior center, three community centers, a civic center, an art center, an International Surf Museum, and a community college. Additionally, the City is fortunate to have 208 acres of public beach and a 98-acre public golf course, providing recreational opportunities for residents and visitors alike.

However, despite these extensive resources, many of the City's public facilities are aging and require significant repair and modernization. Key infrastructure assets such as the Civic Center, fire stations, libraries, and community centers are facing a range of critical issues, including water intrusion, failing HVAC systems, and outdated electrical infrastructure. Years of underfunding have led to deferred maintenance, creating safety risks and limiting the effectiveness of these facilities. To ensure the continued delivery of essential services and protect public safety, the City must prioritize investment in upgrades, secure additional funding, and adopt sustainable, modern infrastructure practices.

The City's 2024 Infrastructure Report Card outlines a number of immediate, near-term, and long-term facility needs. Among the most urgent are the Main Street Library HVAC installation project, critical repairs to police and fire stations throughout the City, and necessary improvements to the Oak View Library, Oak View Family Resource Center, Central Library, and playground improvements at 9th Street and Lagenbeck Parks.

To address these challenges, the City follows a five-year Capital Improvement Program (CIP), which serves as a strategic guide for future facility and infrastructure investments. The City's 2023/24 – 2027/28 CIP identifies citywide facility ADA improvements that could potentially utilize Community Development Block Grant (CDBG) funding over the next five years. Many of the City's public facilities require significant accessibility improvements to comply with the Americans with Disabilities Act (ADA). These improvements may involve the removal of architectural barriers and updates to restrooms, doors and doorways, signage, and paths of travel to ensure greater accessibility for all residents.

By investing in these critical facility projects, the City of Huntington Beach aims to ensure that its public facilities continue to serve the needs of its residents safely and effectively for years to come.

How were these needs determined?

The City of Huntington Beach's Capital Improvement Program forecasts capital needs over a five-year period based on various long-range plans, goals, and policies. The plan presents a comprehensive listing of planned and projected capital project needs which have been identified by City staff for the five-year planning period. The CIP document includes both new projects and upgrades to existing facilities.

Needs were also determined in the City's 2024 Infrastructure Report Card which offers an evaluation of 13 infrastructure subcategories, including public facilities and parks, and aim to highlight strengths and urgent challenges while creating a long-term plan for a resilient Huntington Beach. While Huntington Beach benefits from adequate services in areas like parks, the pier and plaza, and roads, several systems—including stormwater, wastewater, and city facilities—are aging and approaching the end of their useful life. Of particular concern are the rehabilitation of City facilities, alleys, and pump stations, which have been identified as critical objectives requiring immediate attention to prevent service disruptions and safety risks.

Finally, a Housing and Community Development survey was available during the development of this Con Plan. Of the 334 surveys collected, respondents ranked parks and playgrounds, community/neighborhood facilities, and childcare/youth facilities as the top three facility needs in Huntington Beach.

Funds for capital improvement projects are provided mainly from Infrastructure Funds, however, some projects, particularly those involving sidewalk, curb, and gutter construction in enhancement areas, community center renovations, and citywide ADA improvements, can be funded with CDBG funds.

Describe the jurisdiction's need for Public Improvements:

Infrastructure improvements cover such issues as upgrades or expansion of streets, sidewalks, curbs and gutters, sewer and drainage systems, and streetlights, and are in general an eligible expenditure for CDBG funds within low and moderate-income areas. Most of Huntington Beach's low- and moderate-income neighborhoods are older, and many contain aging infrastructure. The City's CIP has identified ADA ramp repairs and installation to be funded with CDBG funding in the next five years. CDBG funds will be allocated for the repair, design, and construction of ADA ramps throughout Huntington Beach, enhancing accessibility across key public spaces and ensuring that residents with mobility challenges have equal access to the City's services and facilities.

How were these needs determined?

The City's Capital Improvements Plan identifies infrastructure and public improvements to be undertaken in Huntington Beach from 2023/24 to 2027/28. The City has generally relied on a variety of other non-CDBG funding sources to pay for infrastructure improvements, and is actively addressing water, sewer, storm drain and street deficiencies through ongoing projects.

Nonetheless, the City may direct CDBG funds towards infrastructure improvements in low- and moderate-income enhancement neighborhoods as needed.

The Consolidated Plan Housing and Community Development Needs Survey, completed by 334 households in Huntington Beach identified sidewalk improvements, bicycle and walking paths, street and alley improvements, and tree planning/beautification as the most critical community development needs in Huntington Beach.

Describe the jurisdiction's need for Public Services:

Huntington Beach is home to a diverse range of special needs populations, as well as numerous low- and moderate-income households, all of which have distinct public service needs. Consultation with community residents and social service providers, conducted as part of this Consolidated Plan, has led to the identification of several critical service needs within the City. These needs are essential to supporting the well-being of vulnerable groups and enhancing overall community health and resilience. The following key service areas were highlighted:

1. **Homeless Services:** Addressing the needs of the homeless population, including services tailored to homeless youth, mental health care, case management, and wraparound services that offer comprehensive support.
2. **Senior Services:** Providing resources for homebound seniors, offering home modification assistance, ensuring access to nutrition resources, and providing respite for caregivers to support aging residents.
3. **Healthcare and Mental Health Services:** Expanding access to mental health services, substance abuse treatment, healthcare specifically for seniors, and drug and alcohol education to foster improved health outcomes for residents.
4. **Financial Support Services:** General support services that provide additional financial resources to assist individuals and families in need.
5. **Disability Services:** Offering resources for persons with disabilities, including assistive technology and other tools to support independence and enhance quality of life for individuals with disabilities.
6. **Affordable Childcare:** Access to affordable childcare services that enable families to work and maintain financial stability while ensuring quality care for their children.
7. **Youth Services:** Providing recreational and sports programs to engage young people, promoting physical activity, teamwork, and social skills development.

Additionally, the Housing and Community Development Needs Survey revealed that the most urgent needs identified by residents included anti-crime efforts, homelessness prevention, and services for victims of domestic violence (for further details, see Appendix C).

The City of Huntington Beach, along with local nonprofit organizations, offers a wide range of services to address the needs of low- and moderate-income residents, as well as those with special needs such as persons with disabilities and the homeless. The City actively supports the delivery of these essential services through its Community Services and Police Departments,

alongside its ongoing partnership with public service providers, ensuring a coordinated and effective response to the community's most pressing challenges.

How were these needs determined?

Consultation with social service providers actively engaged in the Huntington Beach area, coupled with the distribution of a comprehensive Housing and Community Development Needs Survey, has resulted in valuable and detailed input regarding the needs of the diverse populations they serve. This feedback has been instrumental in identifying critical areas of concern and in shaping a clear understanding of the challenges facing these communities. Additionally, the Community Development Department has played a vital role by offering crucial guidance in prioritizing public service needs, ensuring that resources and efforts are strategically directed toward the most pressing issues. This collaborative approach ensures that both community needs and departmental objectives are aligned, fostering a more effective and responsive strategy for addressing housing and social service challenges in Huntington Beach.

HOUSING MARKET ANALYSIS

MA-05 Overview

Housing Market Analysis Overview

Table 28 presents the City's housing unit mix, as reported in the 2016-2020 ACS. The City has approximately 81,840 housing units, reflecting a net increase of about 2,679 units over the past 10 years. The mix of housing types in Huntington Beach has remained relatively stable over the past two decades, with 60% of units being single-family homes and 36% being multi-family units. Additionally, the City has 18 mobile home parks, containing approximately 3,290 mobile home units, which make up 4% of the City's total housing stock.

Housing tenure refers to whether a housing unit is owned, rented, or vacant. It serves as a key indicator of the housing climate within a community, reflecting the relative affordability of housing and residents' ability to access housing opportunities. Tenure also influences residential mobility, with owner-occupied units generally experiencing lower turnover rates compared to rental housing. According to the 2016-2020 ACS (Table 29), 54% of Huntington Beach's households are homeowners, while 41% are renters. Over the past two decades, owner occupancy has slightly declined in the City. This trend can be partly attributed to the increasing cost of homeownership and the development of multi-family housing designed to maximize the use of residentially zoned land.

Another important characteristic of the City's housing supply is unit size in relation to the number of bedrooms. Large households, defined as those with five or more members, create a demand for units with three or more bedrooms. The 2016-2020 ACS identifies 8,430 rental units in Huntington Beach with three or more bedrooms, which generally aligns with the needs of the City's 5,592 large renter households. While it may seem that there is a sufficient supply of large rental units, many of these units are likely single-family homes, which may not be affordable for renters.

Regarding single-person households, approximately 25% of the City's renters are one-person households, yet only 4% of the rental stock consists of studio units (without a bedroom). Although one-bedroom units account for an additional 24% of rental housing in Huntington Beach, the high rental prices make these units unaffordable for many single individuals.

The vacancy rate is a key indicator of overall housing availability within a community and often reflects how well the current supply of for-sale and rental housing meets demand. A vacancy rate of 5% for rental housing and 2% for ownership housing is typically regarded as healthy, indicating a balance between housing supply and demand. According to the 2020 Census, the residential vacancy rate in Huntington Beach was 1.2% for ownership units, signaling a limited supply of homes on the market. For rental housing, the 2020 Census reported a vacancy rate of 2.6%, which is significantly below the healthy rate of 5%. Moreover, the City's August 2024 *Multi-Family*

Submarket Report by CoStar Group, a company specializing in real estate information and analytics, documented a multi-family rental vacancy rate of 3.2% for the Huntington Beach/Seal Beach area. This report suggests that the Huntington Beach multi-family vacancy rate is declining due to insufficient supply growth. Additionally, a recent survey conducted in February 2025 on the California Regional Multiple Listing System (CRMLS) indicated only 165 available rental units in Huntington Beach, with prices ranging from \$1,495 per month for a 300-square-foot unit to \$35,000 per month for a nearly 6,800-square-foot harbor front property.

MA-10 Number of Housing Units – 91.210(a)&(b)(2)

Introduction

All residential properties by number of units

Property Type	Number	%

Table 29 – Unit Size by Tenure

Data Source: 2016-2020 ACS

Describe the number and targeting (income level/type of family served) of units assisted with federal, state, and local programs.

As presented in the Affordable Rental Housing Table below, Huntington Beach currently has 2,459 deed-restricted affordable units. Approximately 20 percent (502 units) of these affordable units are for senior citizens, with the remainder available to family households. This inventory includes all multi-family units assisted under federal, state, and local programs, including HUD, state/local bond programs, density bonus, inclusionary, and former redevelopment programs.

TOTALS			2,459 units	

Provide an assessment of units expected to be lost from the affordable housing inventory for any reason, such as expiration of Section 8 contracts.

In return for public assistance, the developer/owners of affordable housing developments are typically required to make the units affordable to lower income households for a specified period of time contingent on the requirements of individual funding programs or city incentives (such as density bonus).

Upon expiration of a project's affordability controls, the affordable units are at risk of being sold or converted to market rate housing. As documented in the City's Affordable Rental Housing Table above, the City has 293 deed-restricted affordable units that are at risk of conversion to market rates during the 2025-2029 Con Plan period. This includes 48 senior units and 245 family units.

Does the availability of housing units meet the needs of the population?

The available housing units do not meet the needs of low-income City residents, as evidenced by the high rates of housing overpayment discussed in the following section on the Cost of Housing (MA-15).

Describe the need for specific types of housing:

The following types of housing are not being provided for in the market without some level of public assistance:

- Rental housing affordable to extremely low-, low- and moderate-income households.
- Rental housing with three or more bedrooms affordable to low- and moderate-income large households (5+ members).
- Studio rental units affordable to low- and moderate-income single person households.
- Homeownership housing affordable to the moderate- and middle-income workforce.
- Affordable, accessible housing for persons living with disabilities.
- Permanent supportive housing for persons with special needs, including homeless individuals and families, persons living with HIV/AIDS and their families, transition age (emancipated foster care) youth, persons with chronic mental illness, and others.

Discussion

The City of Huntington Beach utilizes a diverse range of funding sources for housing development, rehabilitation, tenant-based rental assistance, and services for special needs and at-risk populations. However, the overall funding available to the City is limited, and it can take several years to accumulate sufficient resources for housing projects. Some funding sources, such as the remaining housing successor funds from the dissolution of the Huntington Beach Redevelopment Agency, have been allocated to the Homekey Program project for major renovation/construction of "The Oasis" at 17251 Beach Boulevard.

The City's primary funding source for affordable housing is the federal HOME program, though unfortunately, these funds have been steadily reduced each year. Over the past five years, the City has directed its HOME funds toward a significant affordable senior housing project, Pelican Harbor at 18431 Beach Boulevard consisting of 43 units, nine of which are HOME-restricted. Additionally, the City has supported several tenant-based rental assistance programs, which have provided housing opportunities for homeless individuals, those at risk of homelessness, seniors, veterans, and victims of domestic violence. These programs have not only facilitated access to

housing but have also provided essential support services to promote self-sufficiency and independence.

As federal HOME funds continue to decline, the City will increasingly rely on alternative funding sources, such as Low-Income Housing Tax Credits, to finance future affordable housing initiatives. In this context, the City must also advocate for legislative changes that would secure increased funding for affordable housing.

MA-15 Housing Market Analysis: Cost of Housing - 91.210(a)

Introduction

Many housing challenges, such as overcrowding and cost burden, are directly linked to the cost of housing within a community. When housing costs are high in relation to household income, the prevalence of housing issues tends to be significantly higher. This section examines the affordability of housing in Huntington Beach for lower and moderate-income households.

Cost of Housing

	Base Year: 2009	Most Recent Year: 2020	% Change
Median Home Value	642,900	803,400	25%
Median Contract Rent	1,535	1,881	23%

Table 30 – Cost of Housing

Table 33 – Monthly Rent

Data Source Comments: Online Rental Survey conducted on 02/25/2024 on the California Regional Multiple Listing System (CRMLS)

Is there sufficient housing for households at all income levels?

No. The greatest need for affordable housing in Huntington Beach continues to be for extremely low-income households. However, even moderate-income households face significant challenges due to high rent levels, making it difficult to find suitable housing.

Table 32, "Housing Affordability," outlines the number of owner and renter housing units in Huntington Beach that are affordable for households within each income range, based on the affordability standard of spending no more than 30% of income on total housing costs. By incorporating data from the 2016-2020 CHAS (Comprehensive Housing Affordability Strategy) report, which details the number of owner and renter households in each income category, we can better understand the housing shortage for low- and moderate-income households.

For instance, the table reveals that there are only 4,355 rental units in Huntington Beach affordable to low-income (<50% AMI) households, while there are 11,265 lower-income renter households, creating a shortfall of more than 250% in affordable rental housing. In the case of owner-occupied housing, the 2016-2020 CHAS report identifies just 7,290 affordable homeowner units, while there are 19,995 owner households earning less than 100% of the Area Median Income (AMI). These disparities between household incomes and housing costs mean a significant portion of Huntington Beach's population is spending more than 30% of their income on housing.

How is affordability of housing likely to change considering changes to home values and/or rents?

High prices and low inventory keep home ownership out of reach for many Huntington Beach residents. Limited land for new development, increasing construction costs, and rising inflation rates are all anticipated to keep home prices from dropping to affordable levels for many households. At the same time, the "Great Recession" and housing crisis in 2008 and 2009 resulted in many previous homeowners becoming renters. This increased demand for rental housing has placed upward pressure on rents, negatively impacting housing affordability for renters.

How do HOME rents / Fair Market Rent compare to Area Median Rent? How might this impact your strategy to produce or preserve affordable housing?

A rental survey conducted on the CRMLS in February 2025 documented a total of 169 rental units available, including three 0-bedroom units, 33 one-bedroom units, 49 two-bedroom units, 43 three-bedroom units, 36 four-bedroom units, three five-bedroom units, and two six-bedroom units. According to the survey data, the median rents by bedroom size are as follows: \$2,725 for a studio/0-bedroom, \$2,800 for a one-bedroom, \$3,750 for a two-bedroom, \$6,250 for a three-bedroom, \$6,950 for a four-bedroom, \$8,800 for a five-bedroom, and \$10,250 for a six-bedroom rental unit.

As shown in Table 33, HUD Fair Market Rents (FMRs) are significantly underestimated compared to actual market rents in February 2025. For example, a 0-bedroom studio rents for a median price of \$2,725, while HUD’s reported fair market rent is \$2,200, resulting in a difference of \$525. The most significant discrepancies between current rental rates and FMRs are seen in three- and four-bedroom units, with deviations of nearly \$2,500 each.

The high rental market in Huntington Beach particularly affects the Section 8 rental subsidy program, administered by the Orange County Housing Authority, which relies on private landlords who request rents above the payment standards allowed.

Discussion

Housing affordability is based on the relationship between household income and housing expenses. According to HUD and the California Department of Housing and Community Development (HCD), housing is considered “affordable” if the monthly payment is no more than 30% of a household’s gross income.

Table 34 presents maximum affordable rents by income level and household size and compares that with median market apartment rents in Huntington Beach. As the table indicates, citywide average rents are above the level of affordability for all extremely low-, low- and moderate-income households. For example, the maximum affordable monthly rent for a three-person low-income household is \$1,776, or up to \$2,841 for moderate income household, whereas the median market rent for a two-bedroom apartment is \$3,750.

Income Level	Maximum Affordable Rent			
	Studio (1 person)	1 Bedroom (2 person)	2 Bedroom (3 person)	3 Bedroom (4 person)
Extremely Low Income (0 - 30% AMI)	\$829	\$948	\$1,066	\$1,184
Low Income (31 - 50% AMI)	\$1,381	\$1,578	\$1,776	\$1,973
Moderate Income (51 - 80% AMI)	\$2,210	\$2,525	\$2,841	\$3,156
Huntington Beach Average Apt Rents	\$2,725	\$2,800	\$3,750	\$6,250

Table 34 – Comparison of Market and Affordable Rents

Housing sales price statistics for January 2025 were gathered from the CRMLS, providing an in-depth look at the housing market in Huntington Beach. According to the data, 89 condominiums and single-family homes were sold during the month, with a median sales price of \$1,355,000. This price point is well beyond the reach of low- to moderate-income households, who struggle to afford homes in this price range.

While there are some older and more affordable units on the market, these are becoming increasingly rare. Moreover, it is highly unlikely that any market-rate homes or condominiums

would be affordable to lower- or moderate-income residents, particularly those earning up to 80% of the Area Median Income (AMI). For households in this income bracket, the current housing prices in Huntington Beach present an insurmountable barrier to homeownership.

The sales price data underscores a broader trend in beach communities, where housing costs are generally much higher than in other regions. In order to make homeownership accessible to low- and moderate-income buyers, it is clear that significant public subsidies are required. Without such subsidies, it is virtually impossible for these households to purchase homes at market prices, given the extreme price disparities between what they can afford and the current market rates. This highlights the growing need for affordable housing initiatives and the importance of providing financial support to bridge the gap between market prices and the needs of lower-income buyers.

Introduction

To adequately meet the needs of residents, housing within a city must be in habitable and safe condition, free from hazards such as lead-based paint, faulty electrical wiring, or other structural or safety concerns. Housing units in poor condition pose a significant risk to the health and safety of residents, potentially leading to serious injuries or long-term health issues. In addition to the immediate risks to residents, housing in disrepair can result in considerable financial costs for the City or housing providers including costly repairs, potential legal liabilities, and a decrease in property values.

Ensuring that all housing units meet basic standards of safety and quality is crucial not only for the well-being of individuals and families, but also for maintaining the overall health of the community. Substandard housing conditions can also contribute to broader issues such as increased emergency services calls, public health concerns, and a lower quality of life for residents.

This section provides a comprehensive overview of the condition of housing throughout Huntington Beach, examining the prevalence of housing in need of repairs or upgrades and identifying areas where intervention is needed to maintain safety standards and improve living conditions for residents.

Describe the jurisdiction's definition of "standard condition" and "substandard condition but suitable for rehabilitation":

The term "standard housing condition" is defined as a dwelling unit that complies with the California State Health and Safety Codes. According to this definition, substandard conditions, as outlined in the State Health and Safety Code Section 17920.3, refer to a dwelling that presents any of the following hazards that could pose a risk to health or safety: (a) inadequate sanitation, (b) structural hazards, (c) nuisances, (d) electrical wiring issues, (e) plumbing problems, (f) mechanical equipment malfunctions, (g) faulty weather protection, (h) risk of fire or explosion, and other unsafe conditions.

A dwelling is generally considered suitable for rehabilitation if the cost of repairs does not exceed 75% of the unit's replacement value.

Need for Owner and Rental Rehabilitation

The age of a community's housing stock can provide an indicator of overall housing conditions. Typically housing over 30 years in age is likely to need rehabilitation work to major elements of

the structure, such as roofing, siding, plumbing and electrical systems. As a mature community, the majority of Huntington Beach's housing stock consists of units older than 30 years of age, as shown in Table 36. Among owner-occupied housing, 74% of units were constructed prior to 1980, reflective of post WWII building boom throughout much of Orange County. Similarly, a substantial proportion of Huntington Beach's rental housing is greater than 30 years in age (71%); this housing typically suffers more wear-and-tear from tenants than owner-occupied housing.

Table 35 presents the number of housing units in Huntington Beach with one or more housing problems, including: 1) lack of complete plumbing facilities, 2) lack of complete kitchen facilities, 3) more than one person per room, and 4) cost burden greater than 30 percent. As presented, approximately 30% of owner units have one or more of these problems (or "conditions"), and approximately 50% of renter units have one or more problems. The majority of these problems are associated with housing cost burden, rather than household overcrowding or the physical condition of the unit, as confirmed by Table 9 Housing Problems (among households earning up to 100 percent AMI) which identifies 650 units in Huntington Beach as lacking complete plumbing or kitchen facilities, and 2,170 overcrowded households, in comparison to 23,230 households experiencing cost burden.

As indicated in Table 38, given the strength of Huntington Beach's housing market, City Code Enforcement staff are unaware of any homes sitting vacant or bank-owned in need of rehabilitation or replacement.

Estimated Number of Housing Units Occupied by Low- or Moderate-Income Families with LBP Hazards

The age of the housing stock is the key variable for estimating the number of housing units with lead-based paint. Starting in 1978, the use of lead-based paint on residential property was prohibited. National studies estimate that 75 percent of all residential structures contain lead-based paint and that older structures have the highest percentage of lead-based paint. As shown Table 36, about 74% of Huntington Beach's owner-occupied units were built prior to 1980, and of these 32,520 units, just 4% or 1,820 units have occupants that include children. Similarly, among Huntington Beach's rental housing, 71% were built prior to 1980 (23,990 units), with children present in just 3% or 920 of these units.

Pre-1980 housing units with children pose the greatest threat of lead poisoning. With an estimated 2,740 such households in Huntington Beach, lead exposure among children is not a sizable issue. Another risk factor is household income, with lower income households having a greater risk of exposure. The 2016-2020 CHAS identifies 43 percent of Huntington Beach's households as earning less than 80 percent HAMFIError! Reference source not found., translating to an estimated 33,355 low- and moderate- income households residing in the City's approximately 56,510 pre-1980 housing units.

Discussion

As documented in Huntington Beach's 2013-21 Housing Element, City Code Enforcement staff conducted a citywide windshield survey to identify neighborhoods with deteriorating or deteriorated housing conditions. The survey focused on the exterior and publicly visible areas of units, rating each unit as "good," "fair," or "poor" based on several factors, such as roof condition, paint, and landscaping. A total of 318 units were identified as needing significant repair or replacement. The City is committed to maintaining housing units in compliance with standards and continues to monitor those in need of repair or replacement through its Code Enforcement Division.

In addition to the housing conditions survey, City staff identified areas of deterioration based on observed violations of the Uniform Housing Code. This effort was part of a broader strategy to identify geographic areas that meet the U.S. Department of Housing and Urban Development (HUD) guidelines for utilizing Community Development Block Grant (CDBG) funding for targeted code enforcement and preservation activities. The survey revealed a significant deterioration issue in the area bounded by Bolsa Chica Street to the west, Bolsa Avenue to the north, Brookhurst Street to the east, and Atlanta Avenue to the south. This area, known as the "Special Code Enforcement Target Area," includes several census tracts and has a total population of 67,625. Of these residents, 45,300 individuals (69.99%) fall within the low- to moderate-income bracket.

Special Code Enforcement Target Area

Introduction

The following section discusses the Housing Assistance Voucher (formerly Section 8) rental assistance program administered by the Orange County Housing Authority (OCHA), consisting of 628 vouchers for low-income households in use in the City of Huntington Beach (2025). The City's inventory of 2,459 units of assisted rental housing, and 293 units at risk of conversion to market rate, is discussed in the earlier section MA-10. OCHA does not have any public housing.

Within the overall Housing Assistance Voucher rental assistance program, OCHA administers several specialized HUD programs. The three specialized programs active in Huntington Beach are: Veteran Affairs Supportive Housing, Shelter Plus Care, and Family Unification. Each of these programs is described below, and the number of participants in the City identified.

- **The Housing and Urban Development-Veterans Affairs Supportive Housing (HUD-VASH) Program** provides permanent housing subsidies and case management services to homeless veterans with mental and addictive disorders through a collaboration of the Departments of Housing and Urban Development and Veteran Affairs. A total of 650 HUD-VASH vouchers are being currently utilized in Orange County, with 85 (13%) in use within Huntington Beach.
- **The CoC (Continuum of Care) Program** is designed to assist individuals and families experiencing homelessness by providing services to help them move into transitional and permanent housing. The program aims to promote communitywide commitment to ending homelessness by funding nonprofit providers and local governments. Additionally, the housing choice voucher program allows very low-income families to choose their own housing, with the assistance of the Public Housing Authority (PHA). A total of 40 CoC families are currently receiving housing choice vouchers as of January 2025.
- **Self-Sufficiency (FSS) Program** is a proactive initiative by HUD that assists families living in public housing or receiving Section 8 vouchers. It aims to foster economic independence by providing services such as case management, referrals, and supportive social services. Eleven households in Huntington Beach are currently enrolled in the FSS Program.
- **The Family Unification Program (FUP)** provides housing assistance to families for whom the lack of adequate housing is a primary factor in the separation of children from their parents. Under FUP, rental assistance is provided to families for whom the lack of adequate housing would result in 1) the imminent placement of the family's child or children in out-of-home care, or 2) the delay in the discharge of the child or children to

the family from out-of-home care. Twenty-four families in Huntington Beach are currently assisted through the FUP program.

- Families assisted under OCHA’s HCV program, may move from their current unit to another unit within OCHA’s jurisdiction, or to a unit outside OCHA’s jurisdiction under **Portability**. Within the limitations of the regulations a participant family or an applicant family that has been issued a voucher has the right to use tenant-based voucher assistance to lease a unit anywhere in the United States providing that the unit is located within the jurisdiction of a PHA administering a tenant-based voucher program The process by which a family obtains a voucher from one PHA and uses it to lease a unit in the jurisdiction of another PHA is known as portability. There are 115 Huntington Beach residents utilizing the portability allowability.
- The Rental Assistance for **Non-Elderly Persons with Disabilities Program** provides incremental Section 8 Housing Choice Vouchers (HCV) for non-elderly disabled families served by PHAs with demonstrated experience and resources for supportive services. These vouchers will enable non-elderly disabled (NED) persons residing in nursing homes or other healthcare institutions to transition into the community with appropriate services. One Huntington Beach resident is currently receiving a NED voucher.
- The **Emergency Housing Voucher (EHV) program** provides a significant opportunity for PHAs, Continuums of Care’s, and Victim Service Providers (VSPs) to develop collaborative partnerships and strategies that effectively address the needs of vulnerable populations in their communities. Through EHV, HUD provided 70,000 housing choice vouchers to local PHAs to assist individuals and families who are homeless, at-risk of homelessness, fleeing, or attempting to flee, domestic violence, dating violence, sexual assault, stalking, or human trafficking, or were recently homeless or have a high risk of housing instability. Fifty-nine Huntington Beach households are currently receiving emergency housing vouchers.

Introduction

Table 40 presents an inventory of emergency shelter, transitional, and permanent supportive housing facilities located within Huntington Beach, as well as in the surrounding communities of Costa Mesa, Santa Ana, Fountain Valley and Westminster, as reported by the Orange County Continuum of Care. Transitional housing is intended to facilitate the transition of homeless individuals and families to permanent housing. This type of housing limits the length of stay and re-circulates the assisted unit to another eligible individual or family. Supportive housing is defined as permanent rental housing linked to a range of support services designed to enable residents to maintain stable housing. A total of 3,301 beds were counted as part of the 2024 Orange County Continuum of Care (CoC) Housing Inventory, with 336 beds specifically available within Huntington Beach.

The narrative that follows describes these facilities, as well as homeless services available to Huntington Beach's homeless and at-risk population.

Facilities and Housing Targeted to Homeless Households

	Emergency Shelter Beds		Transitional Housing Beds	Permanent Supportive Housing Beds	
	Year Round Beds (Current & New)	Voucher / Seasonal / Overflow Beds	Current & New	Current & New	Under Development
Households with Adult(s) and Child(ren)	51	0	64	400	
Households with Only Adults	1,085	0	44	1,649	
Chronically Homeless Households	0	0	0	312	
Veterans	2	0	0	207	
Unaccompanied Youth	8	0	0	0	

Table 40 - Facilities and Housing Targeted to Homeless Households

Describe mainstream services, such as health, mental health, and employment services to the extent those services are used to complement services targeted at homeless persons.

The City of Huntington Beach has launched a comprehensive strategy to address homelessness. In FY 2021/22, the City appointed a Deputy Director of Homelessness & Behavioral Health Services and created the Homeless & Behavioral Health System of Care. This system provides outreach, engagement, case management, and connects individuals to shelter, housing, and behavioral health support. While the Deputy Director's role has evolved since February 2022, the City continues to support homelessness services.

The HB Cares Volunteers program, established in 2023, is a key component of the system. It has trained 21 volunteers in de-escalation, trauma-informed care, vicarious trauma, and Mental Health First Aid. Volunteers manage the homeless outreach line, ensuring a streamlined communication process, and facilitate group activities at the Navigation Center such as resume building, job skill development, recovery groups, bingo, etc. Additionally, a licensed Marriage and Family Therapist began volunteering in December 2023, assisting with 62 Disabling Condition Assessments and continuing to support mental health services as needed.

The system also includes three full-time homeless outreach social workers and a social services supervisor who engage with individuals, families, veterans, and seniors at risk of or experiencing homelessness. They connect people to resources, service providers, and help secure documents for County of Orange housing programs. They work closely with local shelters, such as the Navigation Center, and partner with crisis teams like Be Well to offer comprehensive support.

Be Well OC (BWOC) in Huntington Beach employs a Mobile Crisis Response Team consisting of two operating vans and two Crisis Interventionists who provide in-community assessments and stabilization. The team is trained to offer information, referrals, transportation, and follow-up support to address mental health situations.

List and describe services and facilities that meet the needs of homeless persons, particularly chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth. If the services and facilities are listed on screen SP-40 Institutional Delivery Structure or screen MA-35 Special Needs Facilities and Services, describe how these facilities and services specifically address the needs of these populations.

The City of Huntington Beach has developed a variety of services and facilities aimed at meeting the needs of homeless individuals, particularly chronically homeless persons, families with children, veterans, and unaccompanied youth. The Navigation Center, located at 17642 Beach Boulevard, opened in December 2020 and provides emergency shelter and essential services to individuals experiencing homelessness. Operated by Mercy House, the Navigation Center can shelter up to 174 adults and couples with ties to Huntington Beach. It offers case management, access to health services, and connections to permanent housing solutions, specifically supporting chronically homeless individuals and families as they work toward housing security in a safe, stable environment.

Looking ahead, the City is still in the process of analyzing a repurposing of the Navigation Center property into a permanent navigation center and affordable housing development. It is proposed that the permanent project will offer supportive housing paired with services to chronically homeless individuals, further addressing long-term homelessness in the community. The City's ongoing collaborations with organizations like the State of California Homekey Program, the County of Orange, National CORE, and American Family Housing help leverage additional resources and expertise, enhancing the impact of these homelessness initiatives. Through these services and facilities, Huntington Beach remains committed to providing comprehensive support

to homeless individuals and families, helping them transition from homelessness to permanent housing and stability.

Furthermore, in FY 2021/22, the City launched the HB Oasis project at 17251 Beach Boulevard, repurposing the former Quality Inn & Suites into transitional housing for up to 64 adults and households experiencing homelessness. This initiative, in collaboration with the State of California Homekey Program, the County of Orange, National CORE, and American Family Housing, provided trauma-informed, evidence-based support and services, including case management and connections to permanent housing. The HB Oasis project helped participants, including veterans and those with mental health or substance use issues, transitioning to long-term stability. In May 2024, HB Oasis was converted into permanent supportive housing and has since undergone major renovation and construction with the addition of kitchenettes to individual units and the use of project-based vouchers to assist with securing permanent housing. Supportive services offered at HB Oasis include mental and physical health care, substance use treatment, trauma counseling, employment assistance, and support for individuals involved in the criminal justice system. These wraparound services are essential for individuals overcoming barriers to housing and self-sufficiency, especially those experiencing chronic homelessness.

Finally, the City is continuing its Tenant-Based Rental Assistance Program, which has been instrumental in preventing homelessness since 2014. The program assists homeless individuals, families, seniors, and veterans by providing rental assistance to help them secure affordable housing, preventing displacement and promoting long-term stability.

Introduction

This section outlines the facilities and services available in Huntington Beach for populations with special housing needs. By offering additional support, these services enhance residents' quality of life and facilitate their transition to full independence when appropriate.

Including the elderly, frail elderly, persons with disabilities (mental, physical, developmental), persons with alcohol or other drug addictions, persons with HIV/AIDS and their families, public housing residents and any other categories the jurisdiction may specify and describe their supportive housing needs.

Elderly and Frail Elderly

As presented previously in MA-10, Huntington Beach has six senior housing projects providing 842 rental units affordable to a mix of very low-, low- and moderate-income senior households. The State Community Care Licensing Division identifies 70 residential care homes for the elderly in Huntington Beach, providing 1,052 beds for seniors 60 years of age and over (February 2025). The majority of these residential care facilities are small (6 or fewer beds) “board and care” homes, with five larger assisted living facilities: Huntington Terrace (185 beds); Ivy Park at Huntington Beach (142 beds); Merrill Gardens (150 beds); Oakmont (111 beds); and Sea Cliff Health Care Center (84 beds). These residential facilities provide care, supervision and assistance with activities of daily living, such as bathing and grooming, and may also provide incidental medical services.

For those seniors who live on their own, many have limited incomes and as a result of their age may not be able to adequately maintain their homes. The City administers a Housing Rehabilitation Program that provides low interest loans and emergency grants to assist lower income homeowners in making needed repairs. Mobile homes are also eligible for emergency rehabilitation grant assistance, a large number of which are occupied by seniors.

The City also provides monthly rental assistance to eligible very low-income senior mobile homeowners in Huntington Beach to help cover a portion of their space rent for up to 24 months. As of March 2025, approximately 81 households were selected through a lottery process to participate in the program. Under the program guidelines, participating households are required to pay no more than 30% of their gross monthly income toward space rent, with the City covering the remaining balance up to the local fair market space rent.

The Huntington Beach Community Services/Senior Services Division operates the Senior Center at Central Park. Programs offered include recreational and social activities, a congregate and home delivered meals program, preventative healthcare, transportation services, and supportive services. The Senior Outreach Center specifically focuses on programs and services to support independent living for frail or homebound seniors.

The Huntington Beach Council on Aging (HBCOA) was formed in 1973 with the mission of enhancing the dignity and quality of life of the City's senior population through comprehensive services, education and advocacy. HBCOA publishes the monthly newsletter *OUTLOOK on Active Aging*, providing information on monthly activities at the Senior Center and community resources for seniors living in Huntington Beach.

Persons with Disabilities

There are a number of resources available throughout the County to serve the disabled and mentally ill residents of Huntington Beach. Table 41 below identifies some of the organizations in and near Huntington Beach that specialize in providing services for the disabled and mentally ill population.

Organization Name	Type of Service Provided	Population Served
Ability First - Newport Mesa Center	After School enrichment programs for children with developmental disabilities	Developmentally disabled youth
Alzheimer's Family Services Center	Provides dementia-specific adult day health care, caregiver support, and education outreach	Persons with dementia and their families
Blind Children's Learning Center of Orange County	Braille instruction, occupational and communication therapies, and vision services	Children from birth to 12 th grade
CSR Children's Foundation Inc.	Assists children challenged by mental or physical disabilities by providing "once in a lifetime" watersport experiences that can be shared with their families.	Children with special needs
Creative Support	Individualized service plans to promote independent and fulfilling lives	Adults with a wide range of abilities and challenges including intellectual disability, autism spectrum disorder, seizure disorder, cerebral palsy, physical challenges, traumatic brain injury, and mental illness.
Independent Endeavor	Apartment Search, housing application process, social security paperwork, medical appointments, medication monitoring, community & personal safety, community interaction, and social interaction & skills	Disabled adults
Independent Options, Inc. Orange County	Residential services, day services, and adult family home agency	Disabled adults
Dayle McIntosh Center for the Disabled (DMC)	Skills training, adaptive life skills, resource/referrals, transitional youth services, etc.	Disabled persons

Organization Name	Type of Service Provided	Population Served
Goodwill Industries of Orange County	Vocational evaluation, training, and employment opportunities	Adults with physical, psychiatric, and developmental disabilities
ICAN California Abilities Network	Provides quality employment, life skills, and social programs for Southern California's adults with intellectual & developmental disabilities.	Adults with intellectual and developmental disabilities
John Henry Foundation	Medically supervised residential facility	Mentally disabled persons
Mental Health Association of Orange County	Medication support, case management, vocational rehabilitation, etc.	Mentally disabled persons
No Ordinary Moments, Inc.	Coordinates the OC Regional Center to provide services to developmentally disabled. Operates a supported living program and a mobile intervention unit/crisis team	Developmentally disabled persons
Orange County Arc	Educational, vocational, and life skills training	Developmentally disabled adults
Project Independence	Support for independent living, day programs, positive behavior supports, recreational and vocational resources	Developmentally disabled persons
Providence Speech and Hearing Center	Complete diagnostic and treatment services	Persons with speech and hearing impairments
Regional Center of Orange County	Educational and vocational skills training, resources and referrals	Developmentally disabled adults
United Cerebral Palsy Association of Orange County, Inc.	Support group, life skills training	Persons with cerebral palsy and similar disabilities
Visiting Nurse Association Home Health Systems	Home-based nursing, rehabilitation, etc.	Ill, injured, or physically disabled persons
Vocational Visions	Health-related services and job placement support	Developmentally disabled adults

Table 41 - Inventory of Facilities and Services for the Disabled and Mentally Ill Population: Huntington Beach and Surrounding Areas

The living arrangements for persons with disabilities depends on the severity of the disability. Many persons live at home in an independent environment with the help of other family members. To maintain independent living, disabled persons may require assistance. This can include special housing design features for the physically disabled, income support for those who are unable to work, and in-home supportive services for persons with medical conditions. Accessible housing can also be provided via senior housing developments.

The State Community Care Licensing Division (February 2025) identifies two small family homes for children with mental, developmental or physical disabilities (11 bed capacity) and three adult residential facilities (11-person capacity) in Huntington Beach that provide 24-hour non-medical care.

Substance Abuse Facilities and Services

The Orange County Care Agency offers a variety of outpatient and residential programs aimed at reducing or eliminating alcohol and drug abuse within the community. These services include substance use disorder (SUD) treatment at different levels of care, such as Outpatient, Intensive Outpatient, Withdrawal Management (both Social Model and Medical Detox), Residential Treatment, and Aftercare/Recovery Services.

The programs provide a range of services, including crisis intervention, assessments and evaluations, individual, group, and family counseling, HIV education, pre- and post-test counseling, voluntary testing, and referrals to additional services when necessary. Outreach efforts are also made to schools and the broader community to raise awareness and offer support.

The Perinatal Program offers services at both outpatient and residential levels, focusing on promoting the health of the community by providing evidence-based treatment for pregnant and parenting women. Special emphasis is placed on supporting women who are pregnant or IV drug users. These programs aim to increase understanding of addiction and recovery, teaching coping skills, fostering safe living environments, and addressing issues such as domestic violence and abuse.

Additional specialized programs include Methadone maintenance and detoxification, other Medication-Assisted Treatment (MAT), Recovery Residences, and services for individuals referred by the Orange County Collaborative Court, such as those involved in Drug and DUI courts.

Substance abuse services available to Huntington Beach residents include, but are not limited to:

- Orange County Drug & Alcohol Treatment Centers – Outpatient, Short Term and Long Term Residential for a mix of mental health and substance abuse services.
- Crecent Moon Recovery – Addiction treatment center providing drug rehab services including evidence-based and medically assisted care, mental health therapy sessions, and medical detox
- SoCAL Beach Recovery – Drug and alcohol rehab, detox programs, dialectical behavior therapy, dual-diagnosis programs, and PTSD services.
- Coastline Behavioral Health – Substance abuse treatment and detoxification through inpatient, partial hospitalization programs, intensive outpatient programs, and sober living.
- Buckeye Recovery Network – Outpatient care for addictions in alcohol, benzodiazepine, cocaine, fentanyl, gabapentin, opioids, and opiates.
- Seaciff Recovery Center – Substance abuse treatment and detoxification through hospital inpatient, short-term and long-term residential services.
- Hired Power Personal Recovery Assistants – Work one-on-one with clients to overcome addictive behaviors through outpatient services.

- Connor Ranch Treatment Center – Alcohol, detox, recovery, residential drug rehab center.

HIV/AIDS

As the most populous city in Orange County, Anaheim receives and administers the federal Housing Opportunities for persons with AIDS (HOPWA) for the entire County, including Huntington Beach. The County's Health Care Agency is also responsible for administering federal grants provided by the Department of Health and Human Services and for collecting data on HIV/AIDS patients.

HOPWA funds are utilized to support a variety of activities on a regional basis. These services include the following:

- Supportive services and housing offered via contracts with the Orange County Health Care Agency, including:
 - ✓ Short-term emergency housing and/or utility assistance
 - ✓ Transitional housing
 - ✓ Housing coordination services
 - ✓ Medical detoxification-bed services
- Tenant-based rental assistance administered by the Anaheim Housing Authority (available for residents countywide, including Huntington Beach)

Describe programs for ensuring that persons returning from mental and physical health institutions receive appropriate supportive housing

Huntington Beach supports a comprehensive approach to ensuring that individuals with mental health conditions in Orange County are discharged from facilities in a manner that adheres to both legal and ethical standards. According to California Health and Safety Code Section 1262, mental health patients cannot be discharged from psychiatric, skilled nursing, or hospital facilities without a written aftercare plan. The Orange County Health Care Agency (HCA) is responsible for determining the timing and appropriate location for the discharge of clients diagnosed with serious and persistent mental illnesses, both from inpatient stays and outpatient services. The County contracts with a variety of inpatient providers that offer different levels of care. These contracts ensure compliance with state law regarding "anti-dumping" policies, which prevent patients from being discharged to unsafe or unsuitable living conditions.

Before discharge, each patient is assessed to determine the appropriate level and type of residential care. Patients may be placed in Adult Residential Facilities (ARF) or Residential Facilities for the Elderly (RFE), especially if they are over 60 years old, where they can receive care and supervision. In some cases, patients are placed in more specialized settings, such as Residential Rehabilitation beds or programs, which offer enhanced services. Some individuals may return to their former residences or be placed with family members. Others are connected to clinics and placed in supported short-term housing programs, room and board facilities, or independent living arrangements, depending on their ability to live on their own and whether they have funding or employment. For those determined to be capable of independent living,

assistance is provided to transition into Supportive Housing or Mental Health Services Act (MHSA) units as they become available.

A range of agencies collaborate to ensure that individuals with mental illnesses in Orange County are provided with appropriate housing and aftercare. The Continuum of Care, OC Community Services, the Orange County Health Care Agency, Mercy House, Friendship Shelter, and several inpatient programs all play distinct yet coordinating roles. Other active organizations include Community Care Licensing, the California Hispanic Commission on Drugs and Alcohol, and the Illumination Foundation, which also contribute to the housing and support network for individuals transitioning out of inpatient care.

Specify the activities that the jurisdiction plans to undertake during the next year to address the housing and supportive services needs identified in accordance with 91.215(e) with respect to persons who are not homeless but have other special needs. Link to one-year goals. 91.315(e)

Huntington Beach is planning a range of initiatives in the coming year to address the housing and service needs of its special needs population. The City will allocate Community Development Block Grant and HOME funding to support various programs and activities aimed at improving the quality of life for individuals facing unique challenges. The City is committed to continuing its support for programs targeting groups such as the elderly, individuals with disabilities, victims of domestic violence, those struggling with alcohol and drug abuse, and veterans.

CDBG funds will be specifically allocated to two key initiatives: the Huntington Beach Senior Center Care Management Program, which provides vital support and resources to seniors in the community, and a homeowner rehabilitation program which provides both grants and loans that may be used to assist lower income seniors and disabled persons with accessibility improvements, ensuring that residents can remain safely in their homes.

Additionally, HOME funding will support a tenant-based rental assistance program aimed at senior mobile homeowners, helping them afford the rising costs of space rents. This program will provide rental assistance for up to 24 months, offering much-needed financial relief to seniors living in mobile homes.

In addition to supporting the senior mobile homeowner rental assistance program, HOME funding will also benefit victims of domestic violence, veterans, and other individuals with special needs through two other tenant-based rental assistance programs. Administered by Mercy House and Families Forward, these programs provide up to 24 months of rental assistance for 30 households a year, offering crucial financial support to help individuals secure stable housing. Beyond just rental assistance, these programs are designed to assist participants in achieving long-term independence by providing services that support self-sufficiency, such as case management, life skills training, and connections to other community resources. This multifaceted approach aims to ensure that those who face significant challenges have the support they need to transition to independent living and maintain stable housing over time.

For entitlement/consortia grantees: Specify the activities that the jurisdiction plans to undertake during the next year to address the housing and supportive services needs identified in accordance with 91.215(e) with respect to persons who are not homeless but have other special needs. Link to one-year goals. (91.220(2))

Same as above.

Negative Effects of Public Policies on Affordable Housing and Residential Investment

Huntington Beach has demonstrated a strong commitment to supporting affordable housing through various measures, including updates to its zoning ordinance and direct financial assistance to affordable housing projects. In late 2021, the City conducted public meetings to revise its Affordable Housing ordinance to better align with community needs and legal requirements. These updates aimed to provide compliance options with the law, implement current Housing Element programs, and adjust in-lieu fees and methodology to reflect current market conditions.

Despite funding constraints resulting from the loss of Redevelopment Housing Funds, which previously generated approximately \$3 million annually for housing activities, the City remains dedicated to developing affordable housing. However, one of the primary challenges faced by Huntington Beach in this regard is the scarcity of vacant land suitable for residential development. Much of the underdeveloped residentially zoned land is owned by separate owners, making lot consolidation and the demolition of existing structures necessary to accommodate higher density infill development.

To address this challenge, the City has adopted alternative policy tools, such as the Amended Downtown and Beach and Edinger Corridors Specific Plans. These plans provide opportunities for high-density mixed-use and residential infill development, facilitating the creation of affordable housing units within the community. Through continued collaboration and innovative approaches, Huntington Beach aims to overcome barriers and enhance the availability of affordable housing for its residents.

MA-45 Non-Housing Community Development Assets – 91.215 (f)

Introduction

The tables and narrative that follow describe the local economic condition of Huntington Beach and compares the ability of the local work force to satisfy the needs of local business. The tables give data on the primary industries in the City, the total population in the labor force, the unemployment rate, occupations by sector, travel time to work, the educational attainment of Huntington Beach residents by age, and median earnings.

2016-2020 ACS

Based on the Business Activity table above, what are the major employment sectors within your jurisdiction?

As presented in Table 42, in Huntington Beach, the local economy includes the following primary industries:

- Arts, entertainment, and accommodations (18% of jobs)
- Manufacturing (14% of jobs)
- Education and health care services (13% of jobs)
- Retail trade (13% of jobs)
- Professional, scientific, and management services (8% of jobs)
- Construction (8% of jobs)

The 2020 Census estimates that jobs in the arts, entertainment, and accommodations represent 18% of all jobs, while an additional 13% of all jobs are in retail trade. The high concentration of jobs in these two industries is indicative of Huntington Beach's prosperous tourist economy. With beautiful beaches along the Pacific Ocean, combined with a wide variety of entertainment options, Huntington Beach welcomes over 11 million tourists throughout the year. The City boasts top-class restaurants, shopping, hotels, resorts, spas and a thriving downtown district. The downtown district includes an active art center, an eclectic shopping district, and the International Surfing Museum. Downtown was also once the home of the famous music club "The Golden Bear," which hosted the likes of Jimi Hendrix and Frank Sinatra. Visitors can also find the Surfing Hall of Fame and the Surfing Walk of Fame downtown. The City is also host to several special events each year including a very popular Independence Day Parade, the U.S. Open of Surfing, the AVP Pro Beach Volleyball Series, the, an Annual Cruise of Lights Boat Tour, and a Main Street Halloween Celebration, to name a few.

Manufacturing comprises nearly 14% of all jobs in Huntington Beach mainly due to several major companies being located there such as Boeing, Quicksilver, Cambro Manufacturing, and C&D Aerospace. The 2020 Census reports approximately 10,000 manufacturing jobs in the City, with only 8,000 workers in the manufacturing sector.

Jobs in education and health care, and professional, scientific, and management services, and construction round out the top six industries in Huntington Beach.

Describe the workforce and infrastructure needs of the business community:

Describe any major changes that may have an economic impact, such as planned local or regional public or private sector investments or initiatives that have affected or may affect job and business growth opportunities during the planning period. Describe any needs for workforce development, business support or infrastructure these changes may create.

With nearly 50% of Huntington Beach's employment base in the manufacturing, retail and arts/entertainment/accommodations industries combined, a large segment of the City's economy does not necessarily require an educated workforce. However, as indicated in Table 46, 79% of Huntington Beach's employed workforce has at least some college education. Nearly half (48%) of the employed population has a Bachelor's degree or higher. Furthermore, approximately 75% (60,249 persons) ages 18 and over have at least some college experience. Persons with a bachelor's degree or higher make up 41% of the 18+ years population.

Huntington Beach has adequate transportation infrastructure to support its growing manufacturing and tourism business community. The City is served by three major freeway/highways - Interstate 405, Pacific Coast Highway (Highway 1), and Beach Boulevard (Highway 39) running through the heart of Huntington Beach. Regional bus service is offered through the Orange County Transportation Authority (OCTA), with 14 bus routes currently in Huntington Beach and the number of routes and lines adjusted by OCTA based on ridership patterns. Major bus lines, such as Greyhound and Trailways, also provide transportation to the area.

For passenger service, Amtrak stations are located in Santa Ana and Anaheim, each approximately 20 minutes away. The Union Pacific Railroad serves the City's Gothard Street with freight transportation to this industrial corridor that forms the central spine of the community. This rail service permits direct line shipment to the Midwest and Northwest.

And lastly, the Ports of Long Beach and Los Angeles are located 18 miles northwest and provide worldwide access to the global marketplace. The Ports of Long Beach and Los Angeles are committed to promoting maritime commerce and international trade.

The City recognizes the importance of providing a transportation system that supports the economic vitality of the City. The Goldenwest Transportation Center at the intersection of Center Avenue and Gothard Street provides multiple bus routes and park-and-ride facilities serving transit riders. Both the City and OCTA operate demand responsive services. OCTA runs the ACCESS program, while both the City and OCTA operate the Senior Services Mobility Program.

How do the skills and education of the current workforce correspond to employment opportunities in the jurisdiction?

Huntington Beach boasts a highly educated workforce, with 34% of its labor force having completed some college or earned an associate degree, 26% holding a bachelor's degree, and 15% attaining a graduate or professional degree. This educational composition supports the city's primary industries and aligns with the skill sets required for many of its leading occupations. The largest occupational sector in the city is management, business, and finance, employing 43% of the labor force, followed by sales and office roles, which account for 30% of the workforce. Additionally, 25% of the labor force holds a high school diploma or less, often working in service or retail sectors, where minimum wage is common. These individuals could potentially benefit from job training programs that could provide opportunities for career advancement.

In support of local businesses, the City of Huntington Beach has partnered with the business community to establish two Business Improvement Districts (BIDs), aimed at improving the local economy and attracting new businesses. The Downtown Business Improvement District, formed in 2004, focuses on promoting the downtown commercial area. Businesses within this district contribute an annual assessment based on their size and type, with funds being allocated to marketing and improvements through decisions made by a BID Advisory Board. Additionally, the Tourism Business Improvement District, created in 2014 after the disbanding of the Hotel/Motel BID, aims to market the City as a destination for tourists, meetings, and events. The Tourism BID is funded by a 6% assessment on gross short-term room revenue, helping to increase overnight room sales and further strengthen the City's tourism economy. These efforts are vital in fostering business growth and improving Huntington Beach's image as a prime destination.

The two BIDS will continue to promote job and business growth in the 2025/26 – 2029/30 Consolidated Plan period.

Describe any current workforce training initiatives, including those supported by Workforce Investment Boards, community colleges and other organizations. Describe how these efforts will support the jurisdiction's Consolidated Plan.

The City of Huntington Beach supports a variety of economic development activities that help to create and retain jobs for low- and moderate-income households. Activities supported include a commercial property locator; employment assistance in the form of referrals to resources for finding and training employees; financial assistance through the Small Business Administration; business counseling and training via a litany of not-for-profit Orange County agencies; technical assistance in permits, trademarks, environmental review, and taxes; and export and trade assistance. Micro-enterprise assistance, job training services, and technical assistance are some areas that may warrant consideration for funding during the Consolidated Plan period.

In 2024, the City of Huntington Beach completed its updated Economic Development Strategic Plan. The Strategic Plan is designed to strengthen the local economy by focusing on business retention, attraction, and expansion. It also enhances tourism and culture, ensures responsive governance, and fosters proactive communication and collaboration. The updated plan promotes sustainable growth and active community engagement for a vibrant, resilient future for the City of Huntington Beach.

This updated strategy provides a structured roadmap for economic resilience and growth, focusing on strategic business initiatives, cultural enhancement, responsive governance, and robust collaboration. With outlined milestones, the strategy aims to create a thriving, diverse, and sustainable economy for all residents and businesses, ensuring steady progress and adaptability, and positioning Huntington Beach for a prosperous future.

In terms of workforce training initiatives, the City's Library has implemented a Adult Literacy Program, offering English speaking, reading, and writing skill development for persons 18 years and older. The goal of the program is to promote literacy and improved job skills.

The Community for Entrepreneurship & Leadership at Golden West College is an endeavor to support workforce and economic development. The program began as a collaborative of the Oak View Renewal Partnership, a nonprofit organization that provided assistance to residents of Oak View (a low-income neighborhood in Huntington Beach), and Golden West College. In July 2021, the program transitioned away from workforce development services to a finer focus of entrepreneurial education and coaching, allocating its team and resources to the success and impact of aspiring entrepreneurs. CIELO, as the program is now called, serves as a small business support system for all Orange County residents, with a focus on low-income and under-resourced individuals who lack access to resources, knowledge, and support to change their economic trajectory. CIELO aims to reduce opportunity inequality by providing participants with the resources or connections they wouldn't otherwise have.

Does your jurisdiction participate in a Comprehensive Economic Development Strategy (CEDS)?

No.

If so, what economic development initiatives are you undertaking that may be coordinated with the Consolidated Plan? If not, describe other local/regional plans or initiatives that impact economic growth.

As described above, Huntington Beach has prepared an Economic Development Strategic Plan which identifies the City's highest priority economic development objectives, and establishes goals, policies and recommended actions. The Strategic Plan aims to strengthen the local economy through business retention, attraction, and expansion, enhancing tourism and culture, ensuring responsive governance, and fostering proactive communication and collaboration. The plan promotes sustainable growth and active community engagement for a vibrant, resilient future, including:

- ✓ **Business Retention, Attraction, & Expansion**
 - Retain and Grow Local Businesses: Prevent closures or relocations, support expansion, and provide resources.
 - Attract New Businesses: Increase tax revenue and job opportunities by showcasing Huntington Beach's strengths.

- Market Business Opportunities: Promote local businesses to residents and visitors.
 - Promote a Year-Round Economy: Support businesses throughout all seasons.
 - Conduct Research and Make Recommendations: Gather data to support informed policymaking.
- ✓ Tourism, Culture, & Community
 - Expand Tourism, Film, and Event Opportunities: Collaborate with Visit Huntington Beach to attract more visitors and events.
 - Raise Awareness of Local Businesses During Special Events: Highlight and support local businesses.
 - Prepare for the LA 2028 Summer Olympics: Ensure readiness to maximize economic opportunities.
 - Enhance Arts and Culture: Develop new cultural programs and events.
 - Support the Social Economy: Boost local social venues and implement tourism enhancement programs.
- ✓ Responsive & Effective Government
 - Enhance Infrastructure: Invest in key infrastructure improvements.
 - Promote Business-Friendly Policies: Develop policies that facilitate business growth.
 - Deliver Exceptional Customer Service: Simplify processes and provide high-quality services.
- ✓ Communication & Collaboration
 - Engage with Stakeholders: Connect with local partners and address feedback.
 - Strengthen Partnerships: Work with business organizations to support local businesses.
 - Share Information and Resources: Use digital platforms to disseminate valuable information.

2025 Action Plan Priorities:

- Organize business outreach visits and events.
- Market available sites and develop an economic profile.
- Engage with stakeholders and build partnerships.
- Expand visibility with business recognition opportunities.
- Elevate online presence with updated content.
- Deliver exceptional permitting service.
- Launch a shop/dine local campaign.
- Expand and attract new cultural/sports events.
- Lead projects to improve resident and visitor experiences.

The City may choose to utilize CDBG funds to assist in implementation. For example, the enhancement of public services, commercial façade programs and assistance with tenant improvements, job training and literacy programs, street improvements, technical assistance, business incubator support, and job retention and attraction services are all activities which can

implement the City's Economic Development Strategic Plan and are eligible uses for CDBG funding.

MA-50 Needs and Market Analysis Discussion

Are there areas where households with multiple housing problems are concentrated? (include a definition of "concentration")

Low- and moderate-income households are most impacted by housing problems in Huntington Beach. The City defines an area of low/mod concentration as a census block group in which a minimum of 51 percent of households earn 80 percent or below the area median income; the census block groups that meet these criteria are depicted in Figure 2 - Low- and Moderate-Income Areas, located in Appendix B. As reflected in this Figure, low- and moderate-income areas are located throughout the City.

Certain minority populations are also more affected by multiple housing problems in Huntington Beach. As shown in Table 53, among households earning up to 80% of the Area Median Income (AMI), Hispanic and Asian households evidence a greater percentage of housing problems than households that are White.

	Households Earning 0 - 80% Area Median Income (AMI)			
	Total	White Non-Hispanic	Hispanic	Asian
Total Households	28,935	19,245	6,010	3,210
Households with any housing problems	20,715	12,910	4,770	2,105
% Racial/Ethnic Group with any housing problems	72%	67%	79%	66%

Table 49 - Huntington Beach Housing Problems by Race/Ethnicity

Data Source: Table reflects compilation of housing problems by race/ethnicity and income derived from the 2016-2020 CHAS, as presented previously in Tables 15-17. Housing problems include: 1) Lacks complete kitchen facilities, 2) Lacks complete plumbing facilities, 3) > than one person per room (overcrowded), or 4) Cost Burden > than 30%.

Are there any areas in the jurisdiction where racial or ethnic minorities or low-income families are concentrated? (include a definition of "concentration")

A minority concentration is defined as a census block group with greater than the City average of minority population (20% for Hispanics and 15.6% for Asians). Figure 6 and 7 (located in Appendix B) depicts minority concentrations of Hispanic and Asian households, respectively, in Huntington Beach. Under this definition, several census block groups are identified as having a concentration of minorities. These areas are scattered around the City and in many cases correspond with low and moderate income areas as seen in Figure 2.

What are the characteristics of the market in these areas/neighborhoods?

The majority of Huntington Beach's low- and moderate-income neighborhoods coincide with the City's four Special Code Enforcement area due to high levels of housing deterioration. Within this area, the City's housing conditions survey in 2007 identified a total of 318 units as needing significant repair or replacement. These areas are the focus of increased code enforcement and neighborhood preservation activities by the City to improve the quality of life and condition of housing.

Are there any community assets in these areas/neighborhoods?

Huntington Beach is home to numerous public parks and neighborhood community centers, particularly in its low- and moderate-income areas, offering valuable resources to residents. For example, the Oak View Family and Community Center and Gymnasium provide a range of services, including recreational activities, educational programs, and human and family services. Additionally, the Oak View Branch Library serves as an important community resource, offering a Family Literacy Program that includes individualized tutoring to support residents' educational needs. The City of Huntington Beach uses Community Development Block Grant funds to enhance and improve these facilities, ensuring that they can better serve the needs of neighborhood residents and contribute to the overall well-being of the community.

Are there other strategic opportunities in any of these areas?

As outlined in Section MA-45, CIELO is a new initiative designed to provide entrepreneurial education and coaching to aspiring entrepreneurs. Serving as a small business support system for all residents of Orange County, CIELO primarily focuses on low-income and under-resourced individuals who may not have access to the necessary resources, knowledge, or support to change their economic trajectory. The goal of CIELO is to reduce opportunity inequality by offering participants the resources and connections that they may not otherwise have access to, helping them overcome barriers and achieve success in their entrepreneurial endeavors. By empowering individuals with the tools and guidance they need, CIELO aims to foster economic mobility and create more equitable opportunities for all.

MA-60 Broadband Needs of Housing occupied by Low- and Moderate-Income Households - 91.210(a)(4), 91.310(a)(2)

Describe the need for broadband wiring and connections for households, including low- and moderate-income households and neighborhoods.

Digital equity revolves around understanding who in the United States has access to the internet, suitable devices, and the digital skills needed to navigate the online world — and who does not. In response to the Digital Equity Act of 2021, the U.S. Census Bureau released data detailing broadband availability and usage alongside demographic information for every state. The data reveals the number of individuals in the U.S. who belong to “covered populations” as defined by the Digital Equity Act, as well as the percentage of the population living in areas without access to fixed broadband, those in households lacking a computer or broadband subscription, and those not using the internet, a PC, or a tablet. The underlying data was collected through a collaboration between the Census Bureau and the National Telecommunications and Information Administration (NTIA).

The covered population totals include individuals who fall into one or more of eight demographic categories. These categories tend to be associated with lower levels of digital inclusion. They may lack reliable broadband services, internet-ready devices or the skills needed to connect and ensure online privacy and cybersecurity. The eight categories are:

- Individuals living in households with incomes at or below 150% of the poverty line.
- Individuals 60 years of age or older.
- Veterans.
- Individuals living with one or more disabilities.
- Individuals with barriers to the English language (including English language learners and those with low literacy).
- Members of racial and ethnic minority groups.
- Individuals residing in rural areas.
- Individuals incarcerated in a nonfederal correctional facility.

According to data for Huntington Beach, less than 2.5% of the population lives in areas where fixed broadband service with speeds of at least 25 Mbps download and 3 Mbps upload is unavailable. While broadband is accessible to 97.5% or more of the population, three census tracts still show a high percentage of households without a computing device and/or broadband subscription. For instance, in census tract 99402, 36.9% of households lack a computer or internet service. This tract is home to 80% minority residents, and 42% face language barriers. Similarly, just under 17% of residents in census tracts 99212 and 99411 also lack computers or internet access. When combined with data on income and minority populations, it is evident that these tracts, which have high rates of digital exclusion, also face high levels of poverty and significant concentrations of Hispanic households.

Describe the need for increased competition by having more than one broadband Internet service provider serve the jurisdiction.

The top residential internet providers in Huntington Beach, including Spectrum, AT&T, Earthlink, and Frontier, contribute to a competitive broadband market in Orange County and Huntington Beach, making internet access widely available to most residents. This competition helps drive rates lower, which is particularly significant for low- and moderate-income (LMI) households, as it makes broadband more affordable. Despite the fact that almost all households in the City have computers and broadband access, lower-income households are still less likely to have their own internet subscription. However, while internet access is common, the exact percentage of income that LMI families spend on digital access remains unknown. This is an important consideration, as the cost of internet services could still place a financial strain on these families.

Describe the jurisdiction's increased natural hazard risks associated with climate change.

Consolidated Plans are now required to consider resiliency to natural hazards within the jurisdiction, ensuring that communities are better prepared for the risks posed by climate change and other natural events. The natural hazards most strongly linked to climate change in Huntington Beach are flooding and fire hazards. Flooding can result from rising sea levels and increased rainfall, while the risk of wildfires is heightened due to hotter temperatures, dry conditions, and changing weather patterns.

To address these challenges, the City has developed strategies for resilience and mitigation through its Local Hazard Mitigation Plan and Natural and Environmental Hazards Element. These plans outline actions to reduce risks, improve preparedness, and ensure that the City can better cope with the impacts of climate change. This includes measures such as improving infrastructure to withstand floods, implementing fire prevention programs, and developing long-term strategies to manage hazardous materials and waste safely.

Flooding

Flooding can be caused by a number of natural events, including heavy rains and coastal storms. Less often, floods can be caused by high tides (tidal flooding), or tsunamis. Flood events can also happen as a result of infrastructure failure; for example, if a water tank breaks. Flooding is the most common hazard in Huntington Beach.

Areas at an elevated risk of flooding are generally divided into 100-year flood zones and 500-year flood zones. The City has areas within both flood zones. As land uses and climate conditions shift and as improvements are made to flood control channels, the size of these flood zones is likely to change.

One hundred-year floods are those that have a 1/100 or 1% chance of occurring in any given year. The 100-year flood is a regulatory standard used by Federal agencies and most states to administer floodplain management programs and is also used by the National Flood Insurance Program (NFIP) as the basis for flood insurance requirements nationwide. Flood insurance rates are based on FEMA designations of flood zones. Standard practice is to avoid or restrict construction within 100-year flood zones, or to engage in flood-proofing techniques such as elevating building pads or constructing walls, dams, and levees. Large portions of the City of Huntington Beach are located within a 100-year flood plain, primarily along wetlands, coastal areas, rivers, channels, and storm drains in the City. Approximately one-third of the City is located within the 100-Year to 500-Year Flood Zone.

Fire Hazards

Fires can occur in urban environments and can also impact unpopulated areas that may contain brush or grasslands. As an urbanized area surrounded by other urbanized communities,

Huntington Beach does not face the wildfire risks that are a threat to other areas of California. Urban fires are the primary fire hazard in the City, which can be caused by electrical faults, unattended cooking, or flammable or combustible materials exposed to a heat source, among other causes. Several areas and activities pose unique urban fire challenges due to the age of buildings, the size and density of structures, and the presence of flammable or combustible materials. As a result, the City must continue to address the growing need to defend both persons and property from fires. Proactive efforts, such as fire sprinkler systems, fire alarms, fire resistant roofing and construction methods, can help reduce the frequency and severity of urban fires.

Describe the vulnerability to these risks of housing occupied by low- and moderate-income households based on an analysis of data, findings, and methods.

While the City of Huntington Beach does have areas with an elevated risk of flooding, it is not considered a major hazard or constraint to housing development. Several housing projects have already been successfully built within the floodplain by implementing improvements to surrounding flood infrastructure, such as flood channels. These projects have received approval through proper mitigation measures, which include ensuring that flood risks are adequately addressed. Going forward, any new housing developments will undergo environmental reviews to ensure that flood protection measures are in place. This approach helps protect future residents, including those from low and moderate-income households, from environmental hazards like flooding.

Similarly, while fire hazards pose a risk, particularly in older areas of Huntington Beach, newer structures are designed with safety features such as fire sprinkler systems and fire-resistant materials. These features help contain fires within the building of origin and reduce the risk of spreading. However, in older neighborhoods where building materials may not meet modern fire safety standards and fire sprinklers may not be installed, there is a higher probability of structural fires spreading to neighboring buildings. This is especially true in high-density areas, where the risk of fire spreading between buildings is greater.

The City's General Plan Safety Element ensures that areas with a higher fire risk are carefully considered in development planning. It requires the identification of lands designated as a State Responsibility Area for fire services and those within a very high fire severity zone. Fortunately, there are no lands with these designations in the areas designated for future residential development in Huntington Beach. This reduces the risk of wildfire impacts on new residential areas, though urban fire safety remains a key consideration in the City's planning and building practices.

STRATEGIC PLAN

SP-05 Overview

Strategic Plan Overview

The Housing and Community Development Strategy is the centerpiece of the Consolidated Plan. The Strategy describes:

- General **priorities** for assisting households
- **Programs** to assist those households in need
- Five-year **objectives** identifying proposed accomplishments

The Strategic Plan also addresses the following areas:

- Financial resources
- Anti-poverty strategy
- Lead-based paint hazard reduction
- Reduction of barriers to affordable housing
- Institutional Structure/Coordination among agencies

In establishing five-year priorities for assistance with CDBG and HOME funds, the City of Huntington Beach has taken several factors into consideration: 1) those households most in need of housing and community development assistance, as determined through the Consolidated Plan Needs Assessment, Agency consultation, the Housing and Community Development Needs Survey, and public participation process; and 2) the extent of other non-federal resources and programs available to address the needs.

SP-10 Geographic Priorities – 91.215 (a)(1)

Geographic Area

1	Area Name	Citywide
	Area Type	Local Target Area
	Other Area Type Description	Not Applicable
	HUD Approval Date	Not Applicable
	% of Low Mod	44.75%
	Revital Type	Comprehensive
	Other Revital Description	Not Applicable
	Identify the neighborhood boundaries for this target area.	Citywide
	Include specific housing and commercial characteristics of this target area.	Not applicable; this geographic area is used to identify where CDBG-funded homeless, special needs, and general community services are delivered.
	How did your consultation and citizen participation process help you to identify this neighborhood as a target area?	Consultation with local service providers, City departments, and the Housing and Community Development Survey highlighted the need for funding community services in Huntington Beach. The most requested services include those for the homeless and victims of domestic violence. Additionally, the high senior population in Huntington Beach emphasizes the need for senior services.
	Identify the needs in this target area.	There is a need for community services for low- and moderate-income individuals, including the homeless, veterans, families with children, the elderly, and victims of domestic violence.
	What are the opportunities for improvement in this target area?	Opportunities for improvement in this target area include expanding community services for vulnerable populations such as the homeless, seniors, and families with children. Additionally, there is an opportunity to improve coordination between local service providers and City departments to meet the needs of low- and moderate-income residents.
2	Are there barriers to improvement in this target area?	A key barrier to improvement in this target area is the lack of funding to address all local needs.
	Area Name	Special Code Enforcement Area
	Area Type	Local Target Area
	Other Area Type Description	Not Applicable
	HUD Approval Date	Not Applicable
	% of Low Mod	66.99%
	Revital Type	Comprehensive
	Other Revital Description	Not Applicable
	Identify the neighborhood boundaries for this target area.	Bolsa Chica Street to the west, Bolsa Avenue to the north, Brookhurst Street to the east, and Atlanta Avenue to the south.

Include specific housing and commercial characteristics of this target area.	Housing owned or rented by predominantly low- and moderate-income households. Signs of property and structure deterioration seen from windshield survey and supported by census data (predominately built before 1980).
How did your consultation and citizen participation process help you to identify this neighborhood as a target area?	Consultation with Code Enforcement and Housing Divisions resulted in this area being set apart for CDBG-funded Code Enforcement programs and other programs that will, together, arrest the deterioration of the local target area. Further, a Housing and Community Development Survey found that code enforcement and property maintenance was highly needed in the City.
Identify the needs in this target area.	Need for code enforcement, street and alley improvements, curb cuts and ramp improvements, housing rehabilitation, and community services for low- and moderate-income households.
What are the opportunities for improvement in this target area?	There is an opportunity to direct federal investment to reverse the area's decline through code enforcement, homeowner rehabilitation, better infrastructure, improved public facilities, and enhanced community services.
Are there barriers to improvement in this target area?	The main barrier is the lack of funding to address the area's overall deterioration.

Table 50 - Geographic Priority Areas

Describe the basis for allocating investments geographically within the jurisdiction (or within the EMSA for HOPWA)

Much of the City's residentially designated land has already been developed. Future residential development rests primarily upon the recycling of existing parcels and infill development. Surrounding Huntington Beach are the Cities of Seal Beach to the northwest, Westminster to the northeast, Fountain Valley and Costa Mesa to the east, Newport Beach to the southeast, and the Pacific Ocean to the southwest.

The City utilizes CDBG and HOME funds for projects and programs operated citywide. However, the majority of CDBG-funded infrastructure and facility projects are targeted to the most-needy neighborhoods: those census tracts where 51% or more of the residents are low- or moderate-income, as seen in Figure 2 in the Appendix.

Specifically, for Code Enforcement, after establishing the general definition of "deteriorated" or "deteriorating" for purposes of code enforcement, the City conducted a visual (windshield) survey of CDBG eligible areas for properties, businesses, parkways, alleys, and structures that met the definition. Based on the visual (windshield) survey, the City determined that low- and moderate-income areas within the area bound by Bolsa Chica Street to the west, Bolsa Avenue to the north, Brookhurst Street to the east, and Atlanta Avenue to the south contained the most properties with deterioration. In some cases, some structures had multiple violations per parcel. This target area is known as "Special Code Enforcement Target Area." Inclusive of the following census tracts, the Special Code Enforcement Target Area is comprised of 67,625 persons, 45,300, or 66.99%, of which are of low-moderate income.

**Table 51 - SPECIAL CODE ENFORCEMENT TARGET AREA
TOTAL POPULATION V. LOW AND MODERATE-INCOME POPULATION
2016-2020 HUD LOW MOD INCOME SUMMARY DATA**

Census Tract	Total Persons	Total LMI Persons	Percentage
0992121	1,195	900	75.30%
0992122	1,385	895	64.60%
0992123	1,710	1,120	65.50%
0992124	1,250	890	71.20%
0992141	1,055	645	61.10%
0992142	725	395	54.50%
0992144	770	510	66.20%
0992161	1,000	575	57.50%
0992164	840	620	73.80%

SP-25 Priority Needs - 91.215(a)(2)

Priority Needs

Priority Need	Priority Level	Population	Geographic Areas Affected	Associated Goals	Description	Basis for Relative Priority
Priority Housing Needs	High	✓ Extremely Low ✓ Low ✓ Moderate ✓ Large Families ✓ Families with Children ✓ Elderly ✓ Chronically Homeless ✓ Families with Children ✓ Veterans ✓ Victims of Domestic Violence	Citywide	Preserve Existing and Create New Affordable Housing ✓ Acquisition / Rehabilitation ✓ New Construction ✓ Homeowner Rehabilitation Loans and Grants Program ✓ Housing Services for TBRA ✓ Tenant Based Rental Assistance Sustain and Strengthen Neighborhoods ✓ Special Code Enforcement	The need for affordable housing in Huntington Beach remains high due to the significant number of households experiencing cost burdens.	Housing was determined to be a high priority in Huntington Beach.
Priority Community Facility Needs	High	✓ Extremely Low ✓ Low ✓ Moderate ✓ Large Families ✓ Families with Children ✓ Homeless ✓ Elderly ✓ Persons with Disabilities	Citywide Special Code Enforcement Area	Preserve Existing Community and Public Facilities ✓ Various TBD Public Facilities	There is a need for public improvements to ensure a safe and decent environment for its citizens. Priority needs in this category could include homeless shelters, parks, recreational centers, youth centers, and healthcare facilities.	Needs Assessment and Housing and Community Development Survey found these activities to be highly rated needs in Huntington Beach.
Priority Infrastructure Needs	High	✓ Non-Housing Community Development	Citywide Special Code Enforcement Area	Provide for Needed Infrastructure Improvements ✓ ADA Improvements (Curb Cuts/Ramps)	Provide needed infrastructure improvements, including ADA improvements, in low/mod neighborhoods throughout	Infrastructure improvements in Huntington Beach's low- and moderate-income neighborhoods, as well as enhancements to streets and

				✓ Various TBD Infrastructure Projects	Huntington Beach.	sidewalks for better accessibility for disabled individuals, were identified as high priorities.
Priority Homeless Needs	High	✓ Homeless Individuals ✓ Homeless Families with Children ✓ Homeless Veterans ✓ Homeless Victims of Domestic Violence	Citywide	Support Efforts to Address Homelessness ✓ Pathways to Independence ✓ Project Hope Alliance ✓ Robyne's Nest ✓ StandUp for Kids Street Outreach Program	Priority homeless needs entails assisting non-profit organizations in serving Huntington Beach's homeless community.	Homeless services were determined to be a high priority in Huntington Beach.
Priority Special Needs	High	✓ Elderly ✓ Frail Elderly	Citywide	Support Agencies that Assist Special Needs Populations ✓ Senior Outreach Center Care Management ✓ Other TBD Special Needs Services	Priority special needs encompass providing services to the elderly and frail elderly.	Special needs populations are a high priority for Huntington Beach.
Priority Community Service Needs	High	✓ Extremely Low ✓ Low ✓ Moderate ✓ Families with Children ✓ Elderly ✓ Disabled	Citywide	Increase Access to Community Services for Low- and Moderate-Income Persons ✓ Children's Bureau After School Program ✓ Other TBD Community Services	Provide needed services to eligible low/mod income persons.	Public services for low- and moderate-income persons and families are deemed a high priority.
Other Housing and Community Development Needs	High	Administrative	Citywide	Planning for Housing and Community Development ✓ CDBG Program Administration ✓ HOME Program Administration ✓ Fair Housing Services	This priority entails administrative activities needed to implement housing and community development needs in the City.	Other Housing and Community Development Needs encompasses the administration of the CDBG and HOME programs and is a high priority for the City.

Table 52 – Priority Needs Summary

Narrative

In establishing five-year priorities for assistance with CDBG and HOME funds, the City of Huntington Beach has taken several factors into consideration: 1) those households most in need of housing and community development assistance, as determined through the Consolidated Plan needs assessment, consultation, and public participation process; 2) which activities will best meet the needs of those identified households; and 3) the extent of other non-federal resources and programs available to address these needs.

Huntington Beach's primary source of funds used to address the community's housing needs is HOME. CDBG funds are directed almost entirely towards community development activities. The unmet housing needs identified in this section are based on 2016-2020 census statistics of households with housing problems compiled as part of the CHAS Databook.

Huntington Beach's priority non-community development needs include unmet community facility, infrastructure, public service, and planning needs. Identified needs and priorities reflect the results of input from various City departments, as well as input from agency consultations and the citizen participation process.

SP-30 Influence of Market Conditions – 91.215 (b)

Influence of Market Conditions

Affordable Housing Type	Market Characteristics that will influence the use of funds available for housing type
Tenant Based Rental Assistance (TBRA)	TBRA is the fastest way to provide affordable housing to those in need as it partners existing rental housing owners with voucher holders. With over 14,000 low- and moderate-income renter households cost burdened, the need for additional rental assistance is substantial. The challenge is that the use of TBRA is completely dependent on landlords' willingness to accept tenant-based rental assistance and to participate in a contractual relationship with Subgrantees, OCHA and/or HUD. In addition, Fair Market Rent levels are well below actual rents.
TBRA for Non-Homeless Special Needs	Similar market characteristics that influence the use of TBRA above are applicable to the use of TBRA to serve persons with special needs, such as veterans and senior citizens. However, special needs populations, on average, are likely have an even greater need for TBRA than the general low- and moderate-income population. An additional market characteristic that may influence the use of TBRA for special needs tenants is the willingness and ability of service providers to assist TBRA clients to remain stable in their housing.
New Unit Production	As documented in the Needs Assessment, 76% of low- and moderate-income renter households are cost burdened, with 40% severely cost burdened. These households would theoretically qualify for new affordable housing if sufficient resources existed to build them. The cost of land, labor and materials affects the total development costs and the number of units the City can support in any given year. While funds are limited, the City will use regulatory tools - such as flexible development standards, density bonus and other incentives - to support the expansion of needed affordable housing.
Rehabilitation	Based on the visual (windshield) survey, the City determined that low- and moderate-income areas within the area bound by Bolsa Chica Street to the west, Bolsa Avenue to the north, Brookhurst Street to the east, and Atlanta Avenue to the south contained the most properties with physical deterioration. Further, the potential presence of lead-based paint in the City's 56,510 owner and rental housing units built before 1980 would theoretically qualify for rehabilitation assistance if sufficient resources existed. The City prioritizes limited CDBG and HOME resources for rehabilitation and code enforcement of substandard housing.
Acquisition, including preservation	With 14,090 low- and moderate-income Huntington Beach renter households cost burdened and nearly 2,000 overcrowded, these households would theoretically qualify for newly acquired and rehabilitated affordable housing if sufficient resources existed. Typically, the City's rehabilitation resources support combined acquisition and rehabilitation projects in partnership with non-profits that leverage City dollars with other funding sources. The cost of land, labor and materials affects the total development costs and the number of units that the City can support in any given year. Another critical issue that influences the use of funds to acquire properties for the creation or preservation of affordable units is the lack of a permanent source of financing. The elimination of the Huntington Beach Redevelopment Agency, coupled with continued reductions in the HOME entitlement, makes addressing priority housing needs more challenging.

Table 53 – Influence of Market Conditions

SP-35 Anticipated Resources - 91.215(a)(4), 91.220(c)(1,2)

Introduction

The table below outlines the CDBG and HOME funding available for housing and community development activities during this Consolidated Plan period. The City receives approximately \$1,077,252 in annual CDBG entitlement and \$502,538 in annual HOME funds. While HOME funds are exclusively allocated for affordable housing activities, CDBG funds are primarily used for community development initiatives.

Anticipated Resources

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	Public-Federal	Acquisition, Planning, Economic Development, Housing, Public Improvements, Public Services	\$1,077,252	\$33,000	\$403,509.37	\$1,513,761.37	\$4,441,008.00	Entitlement funds allocation plus estimated program income plus prior-year resources.
HOME	Public-Federal	Acquisition, Homeowner Rehab, Multifamily rental new construction, Multifamily rental rehab, New construction for ownership, TBRA	\$502,538.46	\$125,000	\$215,958.63	\$843,497.09	\$2,510,153.84	Entitlement allocation plus estimated program income and prior-year resources.

Table 14 - Anticipated Resources

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Federal funds are essential for implementing the Consolidated Plan, as local private and non-federal funds are often insufficient to meet the significant demand for housing and services in the community. Agencies receiving CDBG and HOME funds use these resources as leverage to secure additional funding from other sources.

The City also maximizes other resources through various formula grant programs. For instance, the HOME program is often matched with private and public investments, including low-income housing tax credits. Future matching funds may come from sources such as inclusionary housing in-lieu fees and residual receipts from former Redevelopment Agency loans.

HUD requires a 25% match for HOME funds used in affordable housing projects. Historically, the City has met this requirement with redevelopment tax increment funds, which were combined with HOME funds for affordable housing development. Although redevelopment tax increment funds are no longer available for matching, the City has a surplus of match funds from prior contributions by the former Huntington Beach Redevelopment Agency. As of September 2023, this match surplus stands at approximately \$3,725,103.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

SP-40 Institutional Delivery Structure – 91.215(k)

Explain the institutional structure through which the jurisdiction will carry out its consolidated plan including private industry, non-profit organizations, and public institutions.

Responsible Entity	Responsible Entity Type	Role	Geographic Area Served
Huntington Beach Community Enhancement Division	Government	Affordable Housing, Economic Development, Neighborhood Improvements, Homelessness, Planning	Jurisdiction
Huntington Beach Community & Library Services Department	Government	Public Facilities, Public Services	Jurisdiction
Huntington Beach Code Enforcement Division	Government	Code Enforcement	Jurisdiction
Huntington Beach Police Department	Government	Homelessness	Jurisdiction
Orange County Housing Authority (OCHA)	PHA	Section 8 Rental Subsidy	Countywide
Fair Housing Foundation	Non-profit Organization	Public Services	Jurisdiction
Orange County Continuum of Care	Regional Organization	Homelessness	Countywide
Homeless and Special Needs Services Providers	Non-Profit Agencies	Public Services	Jurisdiction

Table 55 – Institutional Delivery Structure

Assessment of Strengths and Gaps in the Institutional Delivery System

Huntington Beach boasts a well-established housing and community development delivery system, supported by strong City and County agencies that anchor federal programs. The City is also backed by a robust network of experienced non-profit organizations that provide a wide range of services to residents.

The Community Enhancement Division maintains close communication with other City departments when updating or revising housing policies, issues, and services. Through daily interactions, City staff implement programs, track issues of concern, and have easy access to data related to building activity, housing conditions, zoning, growth issues, employment trends, and other demographic information.

Beyond the City's internal network, Huntington Beach collaborates with various non-profit agencies and public service groups through its federal entitlement and other resources. These agencies receive assistance from City staff in program planning, ensuring activity eligibility, compliance with federal regulations, and monitoring the timely expenditure of program funds.

Agencies are required to submit quarterly and annual reports, meet federal requirements, and undergo periodic audits and on-site reviews.

Additionally, the City of Huntington Beach performs project monitoring for all rent-restricted affordable units funded by HOME, CDBG, and former Redevelopment Agency housing funds. This includes:

- Annual audits to ensure compliance with regulatory agreements and affordability covenants.
- Periodic on-site visits, including property inspections and in-depth reviews of rent-restricted affordable unit files.

As part of the Consolidated Plan process, the City gathered input from numerous housing and public service agencies through consultation workshops, interviews, and a Housing and Community Development Survey. This valuable input helped identify service needs and gaps, informing the development of the City's five-year Strategic Plan.

Table 56 - Homeless Prevention Services Summary

Describe how the service delivery system including, but not limited to, the services listed above meet the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth)

There are a variety of homeless and supportive services in the City that provide a range of care for homeless and at-risk households. These services work together, within the framework of the larger Continuum of Care to meet the needs of households.

Homeless Prevention Services

- **Project Self-Sufficiency Orange County:** Helps low-income single parents graduate from college or vocational training with the skills necessary to achieve economic independence. Participants are provided customized, wraparound services throughout their educational journey and transition into career.
- **Interval House:** This six-unit transitional housing facility in the heart of Huntington Beach provides safe housing for women and children recovering from domestic violence. Near major transportation routes, shopping, and services, the 3-bedroom apartments all have enclosed patios and in-unit laundry facilities. Interval House Crisis Shelters provides their residents counseling, education programs, and assistance in becoming self-sufficient.
- **Collette Children's Home:** The eight-unit Colette's Children's Home provides transitional housing for battered/homeless mothers with children and chronically homeless women. Support services provided include job development and retention training, parenting and life skill training, financial planning and assistance, case management services, counseling, and more.
- **Senior Outreach Center:** Provides services that assist elders in the City with their physical, emotional and nutritional needs through professionally trained staff and volunteers. The Outreach Center focuses on programs and services for frail or homebound seniors to promote safety, self-sufficiency and independence.
- **Oak View Community Center:** The Children's Bureau, a non-profit agency, provides a variety of family support and youth development services at the Oakview Community Center, including parent education classes, in-home parenting support and case management, health education and health access assistance, domestic violence prevention and intervention, literacy programs, homework clubs, tutoring, youth clubs, teen programs and clubs, community enrichment and culturally sensitive activities.

Supportive Services

- **Huntington Beach Navigation Center:** The Center can shelter up to 174 adults and couples with ties to Huntington Beach. The Center, operated by Mercy House, provides access to vital services that will help individuals experiencing homelessness on the path towards housing security.
- **Be Well HB:** Be Well OC in Huntington Beach assists with a variety of non-emergency and non-medical, public assistance situations that have historically been handled by the Huntington Beach Police Department (HBPD). Be Well HB is equipped to de-escalate and assist with mental health crisis, suicidal ideation, public assistance, non-domestic violence

family disputes, drug and alcohol abuse/addiction, welfare checks, death notifications, and homelessness (with the HB Homeless Task Force).

- **Waymakers Huntington Beach Youth Shelter:** The Youth Shelter offers a short-term crisis intervention residential program with the goal of family reunification. Children at risk of homelessness, institutionalization, incarceration, or hospitalization are given emergency shelter, meals, 24-hour supervision, individual, group and family counseling, academic tutoring, prevention, education, and life skills development activities as well as aftercare services.
- **Beach Cities Interfaith Services (BCIS):** Coordinates the provision of a variety of financial and human services for the homeless and persons at-risk of homelessness in Huntington Beach. The organization provides sack lunches for homeless individuals and grocery allotments for persons with housing. Other services offered include utility assistance, food/clothing, personal hygiene kits, counseling/referrals, transportation assistance, mail box service, and financial assistance for prescriptions. BCIS is in the process of developing an intake/case management and referral system for the homeless, with the goal of functioning as a multi-service center for the homeless in Huntington Beach.
- **American Family Housing (AFH):** Provides a continuum of services to Huntington Beach residents, including emergency shelter in coordination with local churches; transitional housing in scattered site locations; and permanent affordable rental housing.
- **Salvation Army Family Service Office:** From their Emergency Family Services Office in Huntington Beach, the Salvation Army provides a variety of supportive services for those in need, such as emergency utility bill and rental assistance, clothing and household items, transportation assistance, free food and school supplies.
- **Mental Health Association of Orange County:** Serving adults with severe and persistent psychiatric disorders through direct service, advocacy, education, and information dissemination. Three outpatient recovery centers include mental health assessments, diagnosis, treatment, medication services, individual and group therapy, crisis intervention and case management, support and encouragement. Also, psychosocial consumer clubhouses, wellness centers, veterans services, and resource and referral services are available.
- **Straight Talk Counseling:** Offers affordable, high-quality counseling and prevention services to the community since it was founded in 1971. The mission of Straight Talk Counseling is to make available a variety of mental health, substance abuse, and rehabilitative services to individuals and families in need, for whom access, or utilization of such services is limited, restricted or otherwise unavailable.
- **Pathways to Independence:** Assists single young women from disadvantaged backgrounds through education, therapy, mentoring, housing, and healthcare, to break the cycle of poverty and abuse. The vision is to change the course of young women's lives from abuse and poverty to empowerment and self-sufficiency.

Outreach Services

- **Huntington Beach City Manager's Office:** The City of Huntington Beach has established a comprehensive System of Care for those experiencing, or are at risk of, homelessness with

a focus on outreach, engagement, case management, and linkage to shelter, housing, and other supportive services. The City's Homeless and Behavioral Health Division is committed to taking a positive, balanced approach to assisting the homeless with compassion while upholding our community's overall quality of life.

- **Project Hope Alliance:** PHA's mission is to "end the cycle of homelessness, one child at a time." A proactive, education-centric approach focuses holistically on each child's development so that each child can realize a future without homelessness and become self-sufficient adults.
- **Robyne's Nest:** Resources to school students in the Huntington Beach area, with little to no parental support, to complete high school and pursue a path to self-sufficiency. This includes fostering these students an increased sense of self-worth and dignity, by providing housing, mental health therapy and teaching them how to become independent and self-supporting, and by providing them life skills, counseling services in nutrition, health, finance, educational aid, job training and other related areas. Robyne's Nest focuses on the front-end of the homeless crisis by breaking the cycles of toxicity that leads to homelessness, drug/alcohol addictions, domestic violence, teen pregnancies and more.
- **StandUp for Kids Street Outreach:** Program provides wrap-around support aimed at moving youth facing homelessness from crisis to self-sufficiency. The youth are identified through weekly street outreach and referrals from partner agencies within the City. Youth are assessed for their immediate needs and provided with food, clothing, hygiene products, and transitional housing, as needed.

Describe the strengths and gaps of the service delivery system for special needs population and persons experiencing homelessness, including, but not limited to, the services listed above

Collaboration between public agencies, assisted housing providers, and private and governmental health, mental health, and human services agencies remains essential for the effective delivery of housing and support services. To strengthen this coordination, the City of Huntington Beach continues its involvement in the Commission to Address Homelessness, working alongside regional partners to improve outcomes for individuals and families experiencing homelessness and housing instability.

The primary gap in Huntington Beach's service delivery system is a function of the significant cuts in public and private funding and associated reductions in service. Funding cuts in the CDBG and HOME programs over the last several years, combined with the increased demand for services stemming from increases in housing and rental costs, has resulted in significant gaps in service.

Provide a summary of the strategy for overcoming gaps in the institutional structure and service delivery system for carrying out a strategy to address priority needs

The City proposes to strengthen, coordinate and integrate the governmental institutions, non-profit and private delivery systems to implement the City's five-year strategy and to address the priority needs outlined in the Consolidated Plan for Fiscal Years 2025/26 – 2029/30. Engaging the

community and stakeholders in the delivery of services and programs for the benefit of low to moderate residents will be vital in overcoming gaps in service delivery. The City will also utilize public notices, Community Workshops and Meetings (as appropriate), the City's website, and other forms of media to deliver information on carrying out the Consolidated Plan strategies.

Goals Summary Information

Sort Order	Goal Name	Start Year	End Year	Category	Geographic Area	Needs Addressed	Funding	Goal Outcome Indicator
1	Sustain and Strengthen Neighborhoods	2025	2029	Affordable Housing Non-Housing Community Development	Special Code Enforcement Area Citywide	Priority Housing Needs	\$1,232,530 (CDBG) \$1,468,358 (CDBG)	Housing Code Enforcement/Foreclosed Property Care: 3,000 Household Housing Unit (<i>Special Code Enforcement</i>) Rental Units Rehabilitated: 60 Household Housing Unit (<i>Homeowner Rehabilitation Loans and Grants Program</i>)

Table 57 – Goals Summary

Goal Name	Goal Description
Sustain and Strengthen Neighborhoods	Using CDBG funds, the City will sustain and strengthen neighborhoods by eliminating unsafe conditions and blight while improving the quality of life of residents within the community. <i>(Projects: Special Code Enforcement; Homeowner Rehabilitation Loans and Grants Program)</i>
Preserve Existing and Create New Affordable Housing	To the extent possible, based upon the availability of funds and a project's viability, HOME funds will be used to assist affordable housing developers in the acquisition, construction and/or rehabilitation of low-income rental and/or owner housing units, and in the provision of tenant-based rental assistance (TBRA). <i>(Projects: Acquisition/Rehabilitation, New Construction, Mercy House TBRA, Families Forward TBRA, Mobile Home TBRA, and Housing Services for TBRA)</i>
Support Efforts to Address Homelessness	Using CDBG public service funds, the City will provide assistance to homeless service providers. <i>(Projects: Pathways to Independence, Project Hope Alliance, Robyne's Nest, StandUp for Kids Street Outreach)</i>
Support Agencies that Assist Special Needs Populations	Using CDBG public service funds, the City will provide assistance to special needs service providers. <i>(Project: Senior Outreach Care Management)</i>
Increase Access to Community Services for Low- and Moderate-Income Persons	Using CDBG public service funds, the City will provide assistance to various social service agencies for programs for youth, fair housing, anti-crime, and general public services. Services must benefit at least 51 percent low/mod persons. <i>(Project: Children's Bureau)</i>
Preserve Community and Public Facilities	Using CDBG funds, the City will provide financial assistance to improve public facilities and parks. <i>(Projects: Various TBD Public Facility Projects)</i>
Provide Needed Infrastructure Improvements	Using CDBG funds, the City will provide financial assistance to improve public infrastructure. <i>(Projects: ADA Curb Cuts and Ramps, other TBD Infrastructure Improvements)</i>

Planning for Housing and Community Development	The City will conduct the following administration/planning activities: (1) General Administration of CDBG and HOME Program, including preparation of budget, applications, certifications and agreements, (2) Coordination of CDBG-funded capital improvement projects, (3) Coordination of Public Service Subrecipients, (4) Coordination of HOME-funded housing projects, (5) Monitoring of CDBG and HOME projects/programs to ensure compliance with federal regulations, (6) Preparation of Annual Action Plan, and (7) Preparation of the CAPER. Up to 20% of the annual CDBG entitlement and up to 10% of the HOME entitlement is allowed for administration activities. <i>(Projects: CDBG Program Administration; Fair Housing Foundation; HOME Program Administration)</i>
---	--

Table 58 – Goal Descriptions

Estimate the number of extremely low-income, low-income, and moderate-income families to whom the jurisdiction will provide affordable housing as defined by HOME 91.315(b)(2)

Over the next five years, the City of Huntington Beach will continue its efforts to address housing affordability challenges by providing tenant-based rental assistance (TBRA) to households in need. Specifically, the City plans to allocate HOME funding for TBRA through partnerships with Families Forward and Mercy House, with the goal of assisting 75 homeless, senior, veteran, and/or family households each. Additionally, a separate TBRA program will be available to senior households requiring assistance with mobile home space rents. The Consolidated Plan outlines a target of assisting 30 mobile home residents over the five-year period.

In addition to these initiatives, the City is required to allocate 15% of each annual HOME entitlement allocation to support the development of affordable housing. This allocation will amount to approximately \$584,751 over the next five years, which may be sufficient to fund the development of at least two affordable rental units. While no specific projects are currently under consideration for the development of affordable housing, the City remains committed to exploring potential opportunities and is open to discussions with community housing development organizations (CHDOs) interested in collaborating on future projects.

Plan to remove the ‘troubled’ designation.

Not applicable.

Barriers to Affordable Housing

Huntington Beach has a well-established history of supporting affordable housing initiatives. The City has implemented several provisions in its Zoning Ordinance that facilitate diverse residential development and promote affordable housing, including a density bonus ordinance, an inclusionary housing ordinance, a planned development zone, and reasonable accommodation procedures for individuals with disabilities.

However, the primary barrier to the development of affordable housing in Huntington Beach is the limited availability of vacant land suitable for residential use. Much of the underdeveloped and residentially zoned land in the City is owned by separate entities who hold smaller parcels, creating challenges for cohesive development. This situation necessitates alternative policy strategies, such as lot consolidation or the demolition of older structures, to accommodate higher-density infill development.

Beyond the challenges faced by market-rate housing development—such as high land prices and construction costs—affordable housing projects encounter additional hurdles. While there are sites with some potential to accommodate affordable housing, including those targeting special needs populations, financial assistance for these projects remains scarce and highly competitive.

Typically, a combination of funding sources is required to finance an affordable housing development, as substantial subsidies are necessary to ensure the units are affordable for extremely low, very low, and low-income households. It is not uncommon for affordable housing projects to rely on five or more funding sources to become financially viable. Each funding source may have different requirements, application processes, and deadlines, with some even requiring that financing commitments be secured before applications can proceed. Because securing financing is so critical and competitive, funding agencies often influence the scope and nature of housing projects. In recent years, funding for housing targeting special needs populations—such as veterans, individuals with mental disabilities, and the homeless—has generally been more available than for other low- and moderate-income households.

Strategy to Remove or Ameliorate the Barriers to Affordable Housing

Through the administration of the CDBG and HOME programs, every effort is made to remove barriers to affordable housing through agreements with for-profit and non-profit affordable housing developers. These efforts also include working with neighborhood residents to ensure affordable housing projects are acceptable. Ongoing monitoring of “for sale” affordable units is conducted by department staff by assuring that the affordable housing covenants are recorded on title when the unit is sold. To address the decline in sources of housing funds, the City will continue to advocate for and pursue federal, state, local and private funding sources for affordable housing.

Additionally, as part of the City's Housing Element update, the City must assess and to the extent feasible, mitigate, its governmental constraints to housing for lower- and moderate-income households and persons with disabilities. The Housing Element addresses the City's provisions for affordable housing, emergency shelters, transitional housing, and supportive housing. The following programs in the City's 2013-2021 Housing Element specifically address the variety of regulatory and financial tools used by the City to remove barriers and facilitate the provision of affordable housing:

Multi-family Acquisition/Rehabilitation through Non-Profit Developers: Acquire, rehabilitate, and establish affordability covenants on 80 rental units.

Residential and Mixed-Use Sites Inventory: Maintain current inventory of vacant and underutilized development sites and provide developers with information on incentives.

Beach and Edinger Corridors Specific Plan: Facilitate development through flexible, form-based standards and streamlined processing. Encourage affordable housing by requiring inclusionary units to be provided on-site, or within the Specific Plan, and providing additional incentives for increased percentages of affordable units.

Inclusionary Housing Program and Housing Trust Fund: Continue implementation and re-evaluate Ordinance to provide consistency with case law and market conditions. Establish in-lieu fee amount for projects between 10-30 units.

Affordable Housing Development Assistance: Provide financial and regulatory assistance in support of affordable housing. Provide information on incentives to development community.

Affordable Housing Density Bonus: Continue to offer density bonus incentives as a means of enhancing the economic feasibility of affordable housing development.

Development Fee Assistance: Continue to offer fee reductions to incentivize affordable housing. Specify the waiver of 100% of application processing fees in the Code for projects with 10% extremely low-income units.

Residential Processing Procedures: Provide non-discretionary development review within the Beach and Edinger Corridors Specific Plan. Adopt streamlined review procedures for multi-family development on a citywide basis.

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Homelessness has been a growing challenge across the country including in the Los Angeles and Orange County regions. Contributing factors include a shortage of affordable housing, increasing poverty rates, reduced subsidies, substance abuse issues, the de-institutionalization of the mentally ill, and a rising number of individuals who may view homelessness as a lifestyle choice.

To address this issue, Orange County conducts a biennial enumeration of both sheltered and unsheltered homeless individuals in a 24-hour period. This effort, known as the Homeless Point-in-Time (PIT) Count, is required by Congress for all communities receiving U.S. Department of Housing and Urban Development (HUD) funding for homeless programs. HUD mandates that the PIT Count take place during the last ten days of January. For 2024, the count was conducted by the County of Orange and the Orange County Continuum of Care, with the sheltered count taking place on the night of January 22, 2024, and the unsheltered count occurring from the morning of January 23 through January 25, 2024.

The 2024 PIT Count identified 7,322 homeless individuals in Orange County, marking a significant 28% increase from the 2022 count, which recorded 5,718 individuals. Specifically in Huntington Beach, the count revealed 433 total homeless persons, with 173 classified as unsheltered and 260 as sheltered. This represents an increase from the 2022 figures, where there were 330 total homeless individuals – 188 unsheltered and 142 sheltered.

The City of Huntington Beach has implemented an ambitious strategy to address and ultimately end homelessness. In FY 2021/22, the City took significant steps by appointing a Deputy Director of Homelessness & Behavioral Health Services and establishing the Homeless & Behavioral Health System. This comprehensive system aims to support individuals experiencing homelessness or at risk of homelessness through outreach, engagement, case management, and connecting them with essential services such as shelter, housing, and behavioral health support. Although the Deputy Director's position has evolved since February 2022, the City continues to staff and support homelessness services.

The HB Cares Volunteers program is an integral part of the Homeless & Behavioral Health System in Huntington Beach, serving as the backbone of the initiative and driving positive change within the community. Since its launch in 2023, the HB CARES Program has successfully recruited and trained 21 volunteers who have undergone various training sessions, including de-escalation techniques, trauma-informed care, vicarious trauma, and Mental Health First Aid. Volunteers answer the homeless outreach line daily and return calls, so those in need have a streamlined means of communication with our outreach team. Further, a licensed Marriage and Family Therapist started in December 2023 and has assisted with 62 Disabling Condition Assessments. The therapist will continue to support mental health services on an as-needed basis.

The Homeless & Behavioral Health System also incorporated homeless outreach social workers who actively engaged with unhoused and at-risk of being unhoused individuals, families, veterans, and seniors. Social workers offered support by linking individuals to resources, service providers, and aiding in securing necessary documents for County of Orange housing programs. They maintained close collaboration with local and county shelters, including the Huntington Beach Navigation Center, while also partnering with crisis response teams like Be Well to provide comprehensive assistance and support to those in need. Working in collaboration with Homeless Task Force officers, they ensured that individuals received the necessary care and resources to address their unique situations effectively.

Be Well OC in Huntington Beach (BWOC) is another component of the Homeless & Behavioral Health System. BWOC employs a Mobile Crisis Response Team (two operating vans) composed of two Crisis Interventionists who drive to locations and provide in-community assessment and stabilization services. The teams are well-trained and experienced in providing appropriate information, referrals, transportation to services, and additional follow-up support and case management - to help address mental health-related situations.

In the ensuing years covered by this Consolidated Plan, the City plans to support at least four homeless public service programs that provide outreach and assessment of homeless individuals. The Pathways to Independence Program focuses on young single women experiencing homelessness, while Project Hope Alliance, Robyne's Nest, and StandUp for Kids Street Outreach focus on homeless youth and providing them wrap around services unique to young individuals such as mentoring, food, clothing, housing, academic support, and educational aid.

Further, the City will continue to support the operations and services at the Navigation Center, located at 17642 Beach Boulevard. The Navigation Center, which opened in December 2020, offers 174 beds for overnight shelter and provides direct access to essential services aimed at helping individuals experiencing homelessness move towards housing stability.

These combined efforts reflect the City's commitment to addressing homelessness and facilitating pathways to long-term housing solutions.

Addressing the emergency and transitional housing needs of homeless persons

As mentioned above, the City has partnered with Mercy House to launch the Navigation Center, an emergency homeless shelter. The facility received significant federal funding to support its operations, including CDBG, CDBG-CV (for activities related to COVID-19 prevention, preparation, and response), and HOME funding from the American Rescue Program (HOME-ARP). The Navigation Center can shelter up to 174 adults and couples under normal conditions.

In FY 2021/22, the City initiated the HB Oasis project in collaboration with the State of California Homekey Program, the County of Orange, National CORE, and American Family Housing. This project involved acquiring and rehabilitating the former Quality Inn & Suites motel at 17251

Beach Boulevard to address homelessness in the region. HB Oasis served as interim housing for up to 62 individuals and households in Orange County's Central Service Planning Area. It provided not only transitional housing but also comprehensive property management and residential support services. The focus was on trauma-informed, evidence-based operations to support residents' reintegration into the community through robust case management and connections to permanent housing solutions.

In May 2024, the HB Oasis project transitioned to permanent supportive housing. This transition involved renovating the individual units to include kitchenettes and utilizing project-based vouchers to support long-term housing stability for its residents.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again.

In its ongoing commitment to addressing homelessness and preventing those at risk from becoming homeless, the City of Huntington Beach has implemented a series of strategic initiatives designed to support a variety of populations, including chronically homeless individuals, families with children, veterans, victims of domestic violence, and unaccompanied youth. The City's approach is centered around facilitating the transition to permanent housing and independent living, reducing the duration of homelessness, improving access to affordable housing, and preventing recidivism among recently housed individuals. Key efforts include securing both short-term and long-term funding, collaborating with experienced service providers to leverage additional resources, and creating or securing affordable housing opportunities.

The City also provides comprehensive case management services and conducts street outreach to connect homeless individuals with available resources. One notable initiative, the conversion of the former Quality Inn Hotel into the Huntington Beach Oasis project, created 62 non-congregate transitional housing units. This project offers extensive wraparound supportive services to address challenges such as mental and physical health issues, substance use, trauma, and employment barriers. The success of this program led to the conversion of these transitional units into permanent housing in May 2024.

Similarly, the Navigation Center, supported by approximately \$4.5 million in funding from CDBG, CDBG-CV, and HOME-ARP, offers a range of wraparound services to help individuals transition from emergency shelter to more stable housing. The City plans to repurpose the Navigation Center property into a permanent navigation center and affordable housing development project, which will provide both affordable housing and supportive services for chronically homeless individuals.

Finally, the City will continue to prioritize tenant-based rental assistance (TBRA), with plans to provide subsidies to 180 households between 2025/26 and 2029/30, further reinforcing its commitment to supporting those in need of stable housing.

Help low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families who are likely to become homeless after being discharged from a publicly funded institution or system of care, or who are receiving assistance from public and private agencies that address housing, health, social services, employment, education or youth needs

To prevent homelessness and support at-risk populations, Huntington Beach actively participated in the Orange County Continuum of Care System. This system is designed to provide assistance to individuals at risk of becoming homeless, ensuring a network of support for those in need.

The City is also committed to supporting families through HOME-funded rental assistance programs. During the five-year period covered by this Consolidated Plan, the City is proposing to support three rental assistance programs that will assist a variety of vulnerable population groups in Huntington Beach. For example, Families Forward assists families that are homeless or at risk of homelessness, while Mercy House targets lower-income households, veterans, and victims of domestic violence. The Mobile Home Tenant-Based Rental Assistance Program targets senior owners of mobile homes with space rents.

Although the City does not receive Emergency Solutions Grants (ESG) or Housing Opportunities for Persons with AIDS (HOPWA) funding and therefore is not required to develop a discharge coordination policy, it remains committed to addressing this issue. The City will continue to work with the Orange County Housing Authority and the Continuum of Care Homeless Issues Task Force to develop and refine its discharge coordination policy.

SP-65 Lead based paint Hazards – 91.215(i)

Actions to address LBP hazards and increase access to housing without LBP hazards

As a means of better protecting children and families against lead poisoning, in 1999 HUD instituted revised lead-based paint regulations focused around the following five activities:

- Notification
- Lead Hazard Evaluation
- Lead Hazard Reduction
- Ongoing Maintenance
- Response to Children with Environmental Intervention Blood Lead Level

The City has implemented HUD Lead Based Paint Regulations (Title X), which requires federally funded rehabilitation projects to address lead hazards. Lead-based paint abatement is part of the City's Residential Rehabilitation Program and the Acquisition/Rehabilitation of Affordable Rental Housing Program. Units within rental housing projects selected for rehabilitation are tested if not statutorily exempt. Elimination or encapsulation remedies are implemented if lead is detected and is paid for by either the developer of the project, or with CDBG or HOME funds, as appropriate.

How are the actions listed above related to the extent of lead poisoning and hazards?

As discussed earlier in the Housing Market Analysis, 74% of Huntington Beach's owner-occupied units were built prior to 1980, however of these 32,520 units, only 5.6% or 1,820 units have occupants that include children. Similarly, 71% of Huntington Beach's rental housing was built prior to 1980 (23,990 units), with children present in just 3.8% or 920 of these units. Pre-1980 housing units with children present pose the greatest threat of lead poisoning. With an estimated 2,740 such households in Huntington Beach, lead exposure among children is not a sizable issue.

Another risk factor is household income, with lower income households having a greater risk of exposure. The 2016-2020 CHAS identifies 43% of Huntington Beach's households as earning less than 80% HAMFI, translating to an estimated 24,300 low- and moderate-income households residing in the City's 56,510 pre-1980 housing units.

Based on the visual (windshield) survey, the City determined that low- and moderate-income areas within the area bound by Bolsa Chica Street to the west, Bolsa Avenue to the north, Brookhurst Street to the east, and Atlanta Avenue to the south contained the most properties with physical deterioration. Further, the potential presence of lead-based paint in the City's 56,510 owner and rental housing units built before 1980 would theoretically qualify for rehabilitation assistance if sufficient resources existed. The City prioritizes limited CDBG and HOME resources for rehabilitation and code enforcement of substandard housing.

How are the actions listed above integrated into housing policies and procedures?

The Huntington Beach Community Enhancement Division leads the City's efforts to mitigate lead-based paint hazards. As part of its commitment to ensuring safe housing, all rehabilitation and tenant-based rental assistance (TBRA) projects funded through CDBG and HOME are subjected to testing for lead and asbestos. If a lead hazard is identified, the City engages a lead consultant to oversee the necessary abatement or implementation of interim controls to eliminate the risk.

In addition, for Section 8 housing programs, the Orange County Housing Authority conducts annual inspections of both existing and newly available units. In all cases, any defective paint surfaces must be repaired. For units occupied by households with children under the age of six, corrective actions are taken, including testing and abatement when necessary, or abatement without prior testing if deemed appropriate to protect the health of the children. These measures reflect the City's and County's commitment to ensuring that all housing remains safe and free from lead-based paint hazards, particularly in vulnerable households.

Jurisdiction Goals, Programs and Policies for reducing the number of Poverty-Level Families

The 2016-2020 American Community Survey reported that 8% of City residents had incomes below the poverty level. Of greatest concern is record high rents in Huntington Beach that have placed many lower-income persons at greater risk of homelessness. As discussed previously in Section NA-10 Housing Needs Assessment, of the City's approximately 18,420 low- and moderate-income renter households, 14,090 (76%) face a cost burden of spending greater than 30% of income on rent. Additionally, 40% of the City's low- and moderate-income renters face a severe cost burden, with 7,910 spending more than 50% of income on rent.

Many of the workers who make up Huntington Beach's workforce earn modest incomes, making it challenging to afford to live in the City where they work. The analysis of rental housing costs and affordability (Section MA-15) illustrates that households earning low- and moderate-incomes (up to 80% AMI) cannot afford average market rents in Huntington Beach. In general, individuals working in lower-wage service, retail, and support roles are most likely to find themselves priced out of the rental housing market in Huntington Beach due to the high cost of living in the area.

For the homeless or those at-risk of becoming homeless, the most significant problem is the lack of affordable rental housing, which has been exacerbated by decreases in funding available through Section 8 and HOME, and the loss of approximately \$3 million in annual Redevelopment Housing funds previously used to support affordable housing.

The City's anti-poverty strategy seeks to enhance the employability of residents through the promotion and support of programs which provide employment training and supportive services, while expanding employment opportunities through the implementation of three Business Improvement Districts, and its recently completed Economic Development Strategic Plan.

The City of Huntington Beach supports a variety of economic development activities that help to create and retain jobs for low- and moderate-income households. Activities supported include a commercial property locator; employment assistance in the form of referrals to resources for finding and training employees; financial assistance through the Small Business Administration; business counseling and training via a litany of not-for-profit Orange County agencies; technical assistance in permits, trademarks, environmental review, and taxes; and export and trade assistance. Micro-enterprise assistance, job training services, and technical assistance are some areas that may warrant consideration for funding during the Consolidated Plan period.

In 2024, the City of Huntington Beach completed its updated Economic Development Strategic Plan. The Strategic Plan is designed to strengthen the local economy by focusing on business retention, attraction, and expansion. It also enhances tourism and culture, ensures responsive governance, and fosters proactive communication and collaboration. The updated plan promotes

sustainable growth and active community engagement for a vibrant, resilient future for the City of Huntington Beach.

This updated strategy provides a structured roadmap for economic resilience and growth, focusing on strategic business initiatives, cultural enhancement, responsive governance, and robust collaboration. With outlined milestones, the strategy aims to create a thriving, diverse, and sustainable economy for all residents and businesses, ensuring steady progress and adaptability, and positioning Huntington Beach for a prosperous future.

In terms of workforce training initiatives, the City's Library has implemented an Adult Literacy Program, offering English speaking, reading, and writing skill development for persons 18 years and older. The goal of the program is to promote literacy and improved job skills.

The Community for Entrepreneurship & Leadership at Golden West College is an endeavor to support workforce and economic development. The program began as a collaborative of the Oak View Renewal Partnership, a nonprofit organization that provided assistance to residents of Oak View (a low-income neighborhood in Huntington Beach), and Golden West College. In July 2021, the program transitioned away from workforce development services to a finer focus of entrepreneurial education and coaching, allocating its team and resources to the success and impact of aspiring entrepreneurs. CIELO, as the program is now called, serves as a small business support system for all Orange County residents, with a focus on low-income and under-resourced individuals who lack access to resources, knowledge, and support to change their economic trajectory. CIELO aims to reduce opportunity inequality by providing participants with the resources or connections they wouldn't otherwise have.

Finally, the City will fully comply with Section 3 of the Housing and Community Development Act, which helps foster local economic development and individual self-sufficiency. This set of regulations requires that to the greatest extent feasible, the City will provide job training, employment, and contracting opportunities for low or very low-income residents in connection with housing and public construction projects.

How are the Jurisdiction poverty reducing goals, programs, and policies coordinated with this affordable housing plan

Huntington Beach's affordable housing programs are closely aligned with the City's broader goals and strategies for reducing poverty among local families and individuals. These programs work together to address both the immediate housing needs of low-income residents and the long-term economic self-sufficiency of vulnerable populations. Examples of the coordination between affordable housing initiatives and poverty reduction efforts include:

- **Housing Choice Rental Assistance Program:** Over 600 low and extremely low-income households in Huntington Beach participate in the Housing Choice Rental Assistance Voucher Program, which is administered by the Orange County Housing Authority (OCHA). This program directly supports poverty reduction by helping these households

access affordable rental housing, thus easing financial strain and enabling them to allocate resources toward other basic needs, such as food, healthcare, and education.

- **Tenant-Based Rental Assistance (TBRA) Programs:** The City plans to utilize HOME funds to support three tenant-based rental assistance programs. These programs will provide direct rental subsidies to eligible low-income households, helping reduce the financial burden of housing costs and offering families a better chance at achieving long-term stability and upward mobility.
- **Pathways to Independence Program:** With CDBG funding, the City supports the Pathways to Independence program, which serves single women who are homeless or unstably housed. This program helps participants achieve economic self-sufficiency through education and personal development, providing a critical link between stable housing and the long-term reduction of poverty. By equipping individuals with the skills and support they need to succeed, the program contributes to breaking the cycle of homelessness and poverty.
- **Affordable Housing Development:** During the five-year period of the Consolidated Plan, the City will work to utilize HOME funds to gap finance an affordable housing project at a yet-to-be-determined location. The development of new affordable housing will directly address the need for affordable living spaces for low-income families and individuals, providing them with stable housing opportunities that can help reduce economic vulnerability and improve quality of life.

Through these initiatives, Huntington Beach's affordable housing programs are intricately connected to the City's poverty reduction goals. By ensuring access to affordable housing, supporting programs that enhance self-sufficiency, and developing new affordable housing units, the City is working to reduce poverty and improve the economic stability of its residents.

Describe the standards and procedures that the jurisdiction will use to monitor activities carried out in furtherance of the plan and will use to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements.

Huntington Beach follows monitoring procedures for CDBG-funded public service subrecipients which includes desk reviews of quarterly progress reports and expenditures, and periodic on-site visits to ensure compliance with federal regulations. All subrecipients are required by their subrecipient agreement to submit performance reports that demonstrate work is being performed in accordance with the scope of service, that evidences progress in meeting performance milestones, and that shows expenditures are allowable under the agreement. Staff also conducts periodic on-site monitoring of project activities to document compliance with HUD eligibility guidelines, performance in reaching contract goals, to determine if administrative and fiscal systems are adequate, and to ensure compliance with other crosscutting federal regulations.

CDBG-funded capital projects are monitored by regular status and fiscal reports for Davis/Bacon and Section 3 requirements throughout the course of the project, as well as frequent site visits by staff. For some projects, the City's Public Works Department outsources monitoring and project inspections on construction work.

The City is also responsible for monitoring HOME-assisted rental projects (e.g., transitional, permanent and special needs housing projects) throughout the period of affordability to ensure that these projects are in continued compliance with Federal and State regulations. Monitoring guidelines are intended to assist City staff in making informed judgments about asset management, HOME Investment Partnerships Act (HOME) Program compliance, and management efficiency of HOME-assisted rental projects. The City's monitoring protocol serves to determine if HOME-assisted rental housing remains affordable, its occupants are low- and very low-income, and that the property is maintained in standard condition throughout the affordability period.

Rental project monitoring occurs at three levels:

- Annually, a desk audit is performed wherein the owner/property manager will submit information certifying household sizes, household incomes and rents for all HOME-restricted units;
- An on-site visit will be conducted triennially (once every three years) during which an in-depth review will occur of all HOME and federal crosscutting requirements, e.g., affirmative marketing and tenant selection procedures;
- Upon receipt of a developer's project pro forma, the City conducts an economic analysis to ensure that, in accordance with the City's adopted underwriting and layering review

guidelines, the amount of warranted HOME assistance is necessary to provide affordable housing.

The City has the prerogative to monitor on-site more frequently, especially if a project is at risk because of outstanding findings or insufficient capacity.

The City shall also follow steps to monitor beneficiaries of the Homeowner Rehabilitation Program. During the pre-monitoring phase, applicants will sign a clause on the application form certifying that the property is the principal residence.

Project and financial data on CDBG and HOME-funded activities is maintained using HUD's IDIS (Integrated Disbursement Information System) software. Use of this system allows HUD staff easy access to local data for review and progress evaluation.

EXPECTED RESOURCES

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

Huntington Beach is an entitlement jurisdiction and as such, will receive \$1,077,252 in CDBG entitlement funds, will have approximately \$228,868 in prior year CDBG funds carried forward, and is estimated to receive around \$33,000 in program income for a total of \$1,339,120. The City does not have any income from float-funded activities or surplus from urban renewal settlements, sale of real property, prior period adjustments, loans outstanding or written off, CDBG-acquired property available for sale, or lump sum drawdown payments. Nor is the City funding any “urgent need activities.” CDBG funds will be used for public services, housing services in support of eligible HOME activities, a homeowner rehabilitation program, code enforcement, infrastructure improvements, and CDBG administration.

The City will also receive a HOME entitlement allocation of \$502,538.46. Prior year unallocated funds of \$181,100 and approximately \$125,000 in program income will also be available, for a total of \$808,638.46. The City will use HOME funds for administration of the HOME program, three tenant-based rental assistance programs, and will reserve at least 15% for a future affordable housing project. The City is also proposing to use prior-year HOME administrative funds for current year fair housing services.

SB-2, also known as the Permanent Local Housing Allocation funding, was implemented in January 2019. It imposes an additional recording fee on property sales, with the aim of collecting revenues that are then distributed by the state to local jurisdictions. These funds are earmarked for financing affordable housing projects. Huntington Beach is set to receive annual revenues from this source, but it's contingent upon the certification of the 2021-2029 Housing Element by the State of California. Once the Housing Element is certified, Huntington Beach can continue to access these funds. This funding serves as a crucial resource that can be utilized to complement CDBG and HOME funds, particularly in addressing issues related to affordable housing and homelessness within the community. Leveraging these various funding sources can significantly bolster efforts to combat housing insecurity and homelessness in Huntington Beach.

The Huntington Beach Housing Authority also contributes approximately \$220,000 annually from the Low- and Moderate-Income Housing Asset Fund (LMIHAF) for homeless services personnel as part of the City's Homeless Taskforce effort.

The City will pursue competitive public and private grants for the development and preservation of programs, housing, and services and work to support legislation that promotes funding for future affordable housing during the Consolidated Plan period.

Anticipated Resources

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	Public-Federal	Acquisition, Planning, Economic Development, Housing, Public Improvements, Public Services	\$1,077,252	\$33,000	\$228,868	\$1,339,120	\$4,309,008	Entitlement funds allocation plus estimated program income plus prior-year resources.
HOME	Public-Federal	Acquisition, Homeowner Rehab, Multifamily rental new construction, Multifamily rental rehab, New construction for ownership, TBRA	\$502,538.46	\$125,000	\$181,100	\$808,638.46	\$2,010,153.84	Entitlement allocation plus estimated program income and prior-year resources.

Table 52 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Federal funds play a vital role in implementing the Consolidated Plan. Since local, private, and non-federal resources are often insufficient to meet the community's demand for housing and services, agencies receiving CDBG and HOME funds rely on substantial financial and in-kind support from individuals, foundations, and private organizations to address the needs outlined in the plan.

Additionally, the City leverages other resources from formula grant programs. For instance, the HOME program is supported by a range of funding sources, including private and public investments, as well as low-income housing tax credits. Other potential matching funds include inclusionary housing in-lieu fees, residual receipts from former Redevelopment Agency loans, and State SERAF loan repayments from former Redevelopment Low/Mod Housing Funds.

The City has also combined CDBG and CDBG-CV funds with local funding to support the operation of the Navigation Center, an emergency homeless shelter initially established to provide a safe place for people experiencing homelessness during the COVID-19 pandemic. The center has since become a permanent shelter for Huntington Beach's homeless population.

Historically, the City has used former redevelopment tax increment funds and surplus contributions from the Redevelopment Agency to meet the 25% match requirement for HOME funds. Although redevelopment tax increment funds are no longer available for future matches, the City continues to use the surplus for this purpose. As of September 2023, the surplus stands at approximately \$3,725,103, providing a valuable resource for meeting match requirements and supporting affordable housing development.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City Council approved the acquisition of property at 17631 Cameron Lane, which was developed as an emergency homeless shelter to address the needs of the homeless population. This aligns with the priority need identified in the previous 2020/21–2024/25 Consolidated Plan and continues to be a priority in the 2025/26–2029/30 Consolidated Plan.

ANNUAL GOALS AND OBJECTIVES

AP-20 Annual Goals and Objectives

Goals Summary Information

Sort Order	Goal Name	Start Year	End Year	Category	Geographic Area	Needs Addressed	Funding	Goal Outcome Indicator
1	Sustain and Strengthen Neighborhoods	2025	2026	Affordable Housing Non-Housing Community Development	Special Code Enforcement Area Citywide	Priority Housing Needs	\$246,506 (CDBG) \$368,358 (CDBG)	Housing Code Enforcement/Foreclosed Property Care: 600 Household Housing Unit (Special Code Enforcement) Rental Units Rehabilitated: 12 Household Housing Unit (Homeowner Rehabilitation Loans and Grants Program)
2	Preserve Existing & Create New Affordable Housing	2025	2026	Affordable Housing	Citywide	Priority Housing Needs	\$200,000 (HOME) \$200,000 (HOME) \$101,999.26 (HOME) \$235,000 (CDBG)	Tenant-Based Rental Assistance 15 Households (Families Forward TBRA Program) Tenant-Based Rental Assistance 15 Households (Mercy House TBRA Program) Tenant-Based Rental Assistance 6 Households (Mobile Home TBRA Program) Other 36 Housing Units (Housing Services for TBRA)
3	Support Efforts to Address Homelessness	2025	2026	Homeless	Citywide	Priority Homeless Needs	\$93,312 (CDBG)	Public service activities other than Low/Moderate Income Housing Benefit: 280 Persons Assisted (Pathways to Independence = 40 persons; Project Hope Alliance = 105 persons; Robyne's Nest = 25 persons; StandUp for Kids = 110 persons)

4	Support Agencies that Assist Special Needs Populations	2025	2026	Non-Homeless Special Needs	Citywide	Priority Special Needs	\$29,334 (CDBG)	Public service activities other than Low/Moderate Income Housing Benefit: 165 Persons Assisted (Senior Outreach Care Management)

6	Provide Needed Infrastructure Improvements	2025	2026	Non-Housing Community Development	Citywide Special Code Enforcement Target Area	Priority Infrastructure Improvements	\$112,219 (CDBG)	Public Facility or Infrastructure Activities other than Low/Moderate Income Housing Benefit: 5,000 Persons Assisted (ADA Curbs Cuts and Ramps in MZ 3 = 2,271 persons)
7	Planning for Housing and Community Development	2025	2026	Administration	Citywide	Priority Other Housing and Community Development Needs	\$215,450 (CDBG) \$50,253 (HOME)	Not Applicable. (CDBG Program Administration; Fair Housing Foundation) Not Applicable. (HOME Program Administration)

Table 3 – Goals Summary

Goal Descriptions

Goal Name	Goal Description
Sustain and Strengthen Neighborhoods	Using CDBG funds, the City will sustain and strengthen neighborhoods by eliminating unsafe conditions and blight while improving the quality of life of residents within the community. <i>(Projects: Special Code Enforcement; Homeowner Rehabilitation Loans and Grants Program)</i>
Preserve Existing and Create New Affordable Housing	To the extent possible, based upon the availability of funds and a project's viability, HOME funds will be used to assist affordable housing developers in the acquisition, construction and/or rehabilitation of low-income rental and/or owner housing units, and in the provision of tenant-based rental assistance (TBRA). <i>(Projects: Mercy House TBRA, Families Forward TBRA, Mobile Home TBRA, and Housing Services for TBRA)</i>
Support Efforts to Address Homelessness	Using CDBG public service funds, the City will provide assistance to homeless service providers. <i>(Projects: Pathways to Independence, Project Hope Alliance, Robyne's Nest, StandUp for Kids Street Outreach)</i>
Support Agencies that Assist Special Needs Populations	Using CDBG public service funds, the City will provide assistance to special needs service providers. <i>(Project: Senior Outreach Care Management)</i>
Increase Access to Community Services for Low- and Moderate-Income Persons	Using CDBG public service funds, the City will provide assistance to various social service agencies for programs for youth, fair housing, anti-crime, and general public services. Services must benefit at least 51 percent low/mod persons. <i>(Project: Children's Bureau)</i>
Provide Needed Infrastructure Improvements	Using CDBG funds, the City will provide financial assistance to improve public infrastructure. <i>(Projects: ADA Curb Cuts and Ramps)</i>
Planning for Housing and Community Development	The City will conduct the following administration/planning activities: (1) General Administration of CDBG and HOME Program, including preparation of budget, applications, certifications and agreements, (2) Coordination of CDBG-funded capital improvement projects, (3) Coordination of Public Service Subrecipients, (4) Coordination of HOME-funded housing projects, (5) Monitoring of CDBG and HOME projects/programs to ensure compliance with federal regulations, (6) Preparation of Annual Action Plan, and (7) Preparation of the CAPER. Up to 20% of the annual CDBG entitlement and up to 10% of the HOME entitlement is allowed for administration activities. <i>(Projects: CDBG Program Administration; Fair Housing Foundation; HOME Program Administration)</i>

Table 61 – Annual Action Plan Goal Descriptions

PROJECTS

AP-35 Projects – 91.220(d)

Introduction

The City plans to undertake the following CDBG and HOME-funded activities during FY 2025/26 to address its priority housing and community development needs. All proposed activities are eligible and meet program service targets. Additionally, the City of Huntington Beach has not exceeded any of its maximum allocations for CDBG public services, CDBG administration, or HOME administration. With an estimated CDBG allocation of \$1,077,252, the City of Huntington Beach will allocate \$161,587 for public services, representing 15% of the CDBG entitlement. This Action Plan proposes to allocate the following to 2025/26 public services: Pathways to Independence (\$19,725); Project Hope Alliance (\$19,725); Robyne’s Nest (\$38,941); StandUp for Kids (\$14,921); Senior Outreach Care Management (\$29,334); and Children’s Bureau (\$38,941). CDBG regulations also permit a maximum allocation of 20% of the annual entitlement, or \$215,450, for CDBG administration activities. The City has allocated this entire amount to CDBG Administration. Lastly, a maximum of 10% of the annual HOME entitlement, \$50,253, will be allocated to HOME Program Administration in FY 2025/26.

Consistent with the City’s Draft Citizen Participation Plan for 2025/26-2029/30 (to be adopted with this Consolidated Plan), the Annual Action Plan may contain a list of “back-up” projects to be activated during the given program year due to one or more of the following circumstances:

- Additional funding becomes available during the program year from the close out of current projects that were completed under budget.
- More program income becomes available than originally estimated and budgeted in the Annual Action Plan.
- If, during the development of the Annual Action Plan, the City of Huntington Beach has not definitively decided which public facility or infrastructure improvement project to fund, the City may opt to categorize each option as a “back-up” project until further project and budget planning is performed. Initiation and funding of one or more of the “back-up” projects would not constitute a substantial amendment as defined in the Citizen Participation Plan. Preferential consideration will be given to those projects that demonstrate the ability to spend CDBG funds in a timely manner, consistent with the City’s goal to meet CDBG timeliness rules, as well as those projects that meet the needs of the community as defined in the Consolidated Plan.

Projects

#	Project Name

16	Unallocated HOME CHDO Reserve (CR) Funds
17	Unallocated CDBG Funds

Table 62 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The highest priority is given to the needs of the lowest-income residents, recognizing their increased vulnerability to displacement, homelessness, and other severe housing challenges due to limited financial resources and various other hardships they may face.

The Consolidated Plan highlights several barriers to addressing underserved needs, including the persistent high demand for public services and the insufficient funding available to meet the community's needs, particularly in housing. This plan allocates resources specifically aimed at overcoming these challenges.

AP-38 Project Summary

Project Summary Information

1	Project Name	Special Code Enforcement
	Target Area	Special Code Enforcement Target Area
	Goals Supported	Sustain and Strengthen Neighborhoods
	Needs Addressed	Priority Housing Needs
	Funding	CDBG: \$246,506
	Description	Eligibility Citation: 24 CFR 570.202 (c) - Code Enforcement National Objective Citation: 24 CFR 570.208 (a)(1) - Low Mod Area Benefit Funding will be used to support two (2) full-time Code Enforcement Officers (CEO) to support code enforcement in the Special Code Enforcement Target Area. As the City ages, certain areas within the City of Huntington Beach need ongoing, proactive property maintenance inspections by code enforcement to maintain a safe, habitable living environment. Thus, with continued code enforcement efforts and education, the quality of life and housing standards are maintained. The Special Code Enforcement Program benefits the community overall by working to upgrade the housing stock within deteriorating/deteriorated areas.
	Target Date	6/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	600 housing units
	Location Description	Special Code Enforcement Target Area
	Planned Activities	Same as description.

2	Project Name	Homeowner Rehabilitation Loans and Grants Program
	Target Area	Citywide
	Goals Supported	Sustain and Strengthen Neighborhoods
	Needs Addressed	Priority Housing Needs
	Funding	CDBG: \$368,358
	Description	Eligibility Citation: 24 CFR 570.202 - Housing/Rehab: Single Unit Residential National Objective Citation: 24 CFR 570.208(a)(3) - Low Mod Housing Benefit The Homeowner Rehabilitation Loans and Grants Program assists lower-income households with much-needed home repairs and improvements. Available to eligible homeowners is a \$75,000 loan to pay rehabilitation costs for a single-family home, town home, or condominium. The City charges a 3% simple interest. Repayment of the loan is deferred until the home is sold, transferred, or refinanced. The City also offers a one-time grant not to exceed \$20,000 to low-income homeowners for deferred maintenance and health and safety-related household repairs. Qualified households may include owners of mobile homes. The Homeowner Rehabilitation Loans and Grants Program will also fund operation costs associated with the implementation program.
	Target Date	6/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	12 housing units
	Location Description	Citywide
	Planned Activities	Same as description.

3	Project Name	Families Forward Tenant-Based Rental Assistance (TBRA) Program
	Target Area	Citywide
	Goals Supported	Preserve Existing and Create New Affordable Housing
	Needs Addressed	Priority Housing Needs
	Funding	HOME: \$200,000
	Description	Eligibility Citation: 24 CFR 92.205(a)(1) – Tenant Based Rental Assistance National Objective Citation: 24 CFR 570.208(a)(3) - Low Mod Housing Benefit Families Forward will continue administering a Tenant Based Rental Assistance Program with a goal of assisting 15 households with short and medium-term rental assistance as well as housing relocation and stabilization services.
	Target Date	06/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	15 households
	Location Description	Citywide
	Planned Activities	Same as description.

4	Project Name	Mercy House Tenant-Based Rental Assistance (TBRA) Program
	Target Area	Citywide
	Goals Supported	Preserve Existing and Create New Affordable Housing
	Needs Addressed	Priority Housing Needs
	Funding	HOME: \$200,000
	Description	Eligibility Citation: 24 CFR 92.205(a)(1) – Tenant Based Rental Assistance National Objective Citation: 24 CFR 570.208(a)(3) - Low Mod Housing Benefit Mercy House will continue administering a Tenant Based Rental Assistance Program with a goal of assisting 15 households with short and medium-term rental assistance as well as housing relocation and stabilization services.
	Target Date	06/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	15 households
	Location Description	Citywide
	Planned Activities	Same as description.

5	Project Name	Mobile Home Tenant-Based Rental Assistance Program
	Target Area	Citywide
	Goals Supported	Preserve Existing and Create New Affordable Housing
	Needs Addressed	Priority Housing Needs
	Funding	HOME: \$101,999.26
	Description	Eligibility Citation: 24 CFR 92.205(a)(1) – Tenant Based Rental Assistance National Objective Citation: 24 CFR 570.208(a)(3) - Low Mod Housing Benefit The City of Huntington Beach will offer a Mobile Home Tenant-Based Rental Assistance Program to seniors (age 62+) with at least one year of mobile home residency. The homeowners must also be very low income (50% area median income) or below and preference will be given to veterans, extremely low income, or to seniors who are severely cost burdened (paying over 50% of their income on housing). The program proposes assisting 6 households with much needed rental assistance.
	Target Date	06/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	6 households
	Location Description	Citywide
	Planned Activities	Same as description.

6	Project Name	Housing Services for Tenant-Based Rental Assistance (TBRA) Program
	Target Area	Citywide
	Goals Supported	Preserve Existing and Create New Affordable Housing
	Needs Addressed	Priority Housing Needs
	Funding	CDBG: \$235,000
	Description	Eligibility Citation: 24 CFR 570.201 (k) – Housing Services National Objective Citation: 24 CFR 570.208(a)(3) - Low Mod Housing Benefit The City will allocate \$235,000 in CDBG funds to be used to pay costs in support of activities eligible for funding under the HOME program. This activity will fund services such as housing counseling in connection with tenant-based rental assistance, inspections, tenant selection, and management of the three Huntington Beach Tenant Based Rental Assistance Programs.
	Target Date	06/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	36 households
	Location Description	Citywide
	Planned Activities	Same as description.

7	Project Name	Pathways to Independence
	Target Area	Citywide
	Goals Supported	Support Efforts to Address Homelessness
	Needs Addressed	Priority Homeless Needs
	Funding	CDBG: \$19,725
	Description	Eligibility Citation: 24 CFR 570.201 (c) - Operating Costs of Homeless/AIDS Patients Programs National Objective Citation: 24 CFR 570.208 (a)(2) - Low/Mod Limited Clientele Benefit The mission of Pathways to Independence is to transform the lives of single young women from disadvantaged backgrounds through education, therapy, mentoring, housing, and healthcare, to break the cycle of poverty and abuse. Pathways to Independence plans to utilize City of Huntington Beach CDBG funds to support a residential program, which empowers low-income young women with the financial security to complete their college education and achieve upward mobility. Support from the City of Huntington Beach CDBG Program will offset expenses to support program staff, utilities, and transportation costs for clients and case managers.
	Target Date	6/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	40 persons (homeless)
	Location Description	Citywide
	Planned Activities	Same as description.

8	Project Name	Project Hope Alliance
	Target Area	Citywide
	Goals Supported	Support Efforts to Address Homelessness
	Needs Addressed	Priority Homeless Needs
	Funding	CDBG: \$19,725
	Description	Eligibility Citation: 24 CFR 570.201 (c) - Operating Costs of Homeless/AIDS Patients Programs National Objective Citation: 24 CFR 570.208 (a)(2) - Low/Mod Limited Clientele Benefit PHA's mission is to "end the cycle of homelessness, one child at a time." PHA utilizes a unique program methodology - placing full time, professional case managers directly on school campus for the purpose of serving the educational and social-emotional needs of students experiencing homelessness. Project Hope Alliance has continued their work at Huntington Beach High School, Valley Vista High School, Westminster High School and Ocean View High School. PHA continues to host four case managers at our four partner HBUHSD schools to work with students experiencing homelessness, providing intensive, individualized, and long-term care that includes resources for academic guidance, social-emotional mentorship, transportation, technology, basic needs, and external referrals for additional needs.
	Target Date	6/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	105 persons (homeless)
	Location Description	Project Hope Alliance is located in Costa Mesa, CA; however, services will be offered at various schools in Huntington Beach, including: Huntington Beach High School: 1905 Main Street, Huntington Beach, CA 92648 Valley Vista High School: 9600 Dolphin Street, Fountain Valley, CA 92708 Westminster High School, 14325 Goldenwest St., Westminster CA 92683 Oceanview High School: 17071 Gothard Street, Huntington Beach, CA 92647
	Planned Activities	Same as description.

9	Project Name	Robyne's Nest
	Target Area	Citywide
	Goals Supported	Support Efforts to Address Homelessness
	Needs Addressed	Priority Homeless Needs
	Funding	CDBG: \$38,941
	Description	Eligibility Citation: 24 CFR 570.201 (c) - Operating Costs of Homeless/AIDS Patients Programs National Objective Citation: 24 CFR 570.208 (a)(2) - Low/Mod Limited Clientele Benefit The mission of Robyne's Nest is to identify at-risk and homeless high school students and provide them a path to become stable and productive citizens. Robyne's Nest helps high school students in the Huntington Beach area who have little to no parental support with academic, financial, and life skills. They assist students with security, routine, and a place to belong. Their purpose is to enable students to complete their high school diploma and continue onward with college, trade school, or military programs. Robyne's Nest provides housing resources; basic needs such as food, clothing, and supplies; educational assistance such as tutoring, Chromebooks, school supplies, and fees; and overall help with health and wellbeing in the form of counseling, therapy, mentoring, and life skills classes.
	Target Date	6/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	25 persons (homeless)
	Location Description	Citywide
	Planned Activities	Same as description.

10	Project Name	StandUp for Kids Street Outreach Program
	Target Area	Citywide
	Goals Supported	Support Efforts to Address Homelessness
	Needs Addressed	Priority Homeless Needs
	Funding	CDBG: \$14,921
	Description	Eligibility Citation: 24 CFR 570.201 (c) - Operating Costs of Homeless/AIDS Patients Programs National Objective Citation: 24 CFR 570.208 (a)(2) - Low/Mod Limited Clientele Benefit StandUp for Kids Street Outreach provides wrap-around support aimed at moving youth facing homelessness into safe and stable housing. Youth are assessed for their immediate needs and provided with food, clothing, hygiene products, and transitional housing as needed. Youth are then linked with a volunteer mentor who assists the youth to create a pathway to self-sufficiency and to obtain safe and stable housing. This pathway can include assistance, job search and resume strategies, household and budget management, and home-finding assistance. Mentoring normally continues for six months, and sometimes much longer. Huntington Beach citizens will benefit through creating new self-supporting, contributing members of their communities.
	Target Date	6/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	110 persons (homeless)
	Location Description	Citywide
	Planned Activities	Same as description.

11	Project Name	Senior Services Care Management
	Target Area	Citywide
	Goals Supported	Support Agencies that Assist Special Needs Populations
	Needs Addressed	Priority Special Needs
	Funding	CDBG: \$29,334
	Description	Eligibility Citation: 24 CFR 570.201(e) - Public Services/Senior Services National Objective Citation: 24 CFR 570.208(a)(2) - Low Mod Limited Clientele Benefit The CDBG funded Senior Center Care Management project will consist of two part time staff who will assist over 165 at-risk, older adult, Huntington Beach residents in fiscal year 2025/26. Various services will be provided to these residents and can include thorough intake, need assessment, care plan development, service implementation, as well as provision of senior specific information and referrals. Additional direct services to address unmet needs in the areas of nutrition, mobility, home safety, housing insecurity, access to services, emotional and social support needs are also provided to ongoing care management clients. Services can be short or long-term, depending on individual needs. Many of those served through this program lack the ability to access services on their own and do not have an adequate support system to assist. Most older adults served by care management are individuals and couples, with low incomes and who are at-risk. Care Managers work closely with community partners, local resources, County agencies, faith-based groups, philanthropic organizations and other City departments to help optimize the lives of our most vulnerable and isolated citizens. For all these reasons, this project positively impacts the residents of Huntington Beach.
	Target Date	6/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	165 persons (seniors)
	Location Description	The Senior Services Care Management Program is located at 18041 Goldenwest Street, Huntington Beach; however, the service is available to elderly persons citywide.
	Planned Activities	Same as description.

12	Project Name	Children's Bureau
	Target Area	Citywide
	Goals Supported	Increase Access to Community Services for LMI Persons
	Needs Addressed	Priority Community Services
	Funding	CDBG: \$38,941
	Description	Eligibility Citation: 24 CFR 570.201(e) - Public Services/Youth Services National Objective Citation: 24 CFR 570.208(a)(2) - Low Mod Limited Clientele Benefit The Oak View Family Resource Center (FRC) is located in the Oak View enhancement area where many of the families are linguistically isolated, which creates a need for specialized services. The Children's Bureau provides after school recreation in a safe environment, promoting healthy activity, and social interaction, as an alternative to unsupervised, unstructured, high-risk activity. CDBG funds pay for staffing for the after-school recreation program, as well as for related costs for supplies, equipment and services.
	Target Date	6/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	160 persons (youth)
	Location Description	Citywide
	Planned Activities	Same as description.

13	Project Name	ADA Curb Cuts in Maintenance Zone 3
	Target Area	Citywide
	Goals Supported	Provide for Needed Infrastructure Improvements
	Needs Addressed	Priority Infrastructure Needs
	Funding	CDBG: \$112,219
	Description	Eligibility Citation: 24 CFR 570.201(c) - Public Facilities and Infrastructure Improvements/Other National Objective Citation: 24 CFR 570.208(a)(2) - Low Mod Limited Clientele Benefit Residents and visitors with disabilities utilize ADA ramps to access street intersections when traveling on city sidewalks. CDBG funds will be used to remove existing curbs and gutters that act as an architectural barrier to sidewalk and street accessibility, particularly for persons with severe disabilities. The curbs and gutters will be removed in the area known as Maintenance Zone 3, which has been evaluated for specific ADA pavement and concrete improvements.
	Target Date	6/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	2,271 persons (disabled)
	Location Description	Census tracts: 099406, 099603, 099604, and 099605
	Planned Activities	Same as description.

14	Project Name	CDBG Program Administration
	Target Area	Citywide
	Goals Supported	Planning for Housing and Community Development
	Needs Addressed	Other Housing and Community Development Needs
	Funding	CDBG: \$215,450
	Description	Eligibility Citation: 24 CFR 570.206(a) - Administration and Planning/General Program Administration National Objective Citation: Not Applicable The City will conduct the following administration/planning activities: (1) General Administration of CDBG Program, including preparation of budget, applications, certifications and agreements; (2) Coordination of CDBG-funded capital improvement projects; (3) Coordination of Public Service Subrecipients, (4) Coordination of HOME-funded housing projects; (5) Monitoring of CDBG projects/programs to ensure compliance with federal regulations; and (6) Preparation of the CAPER. Up to 20% of the annual CDBG entitlement is allowed for administration activities.
	Target Date	6/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	Not applicable.
	Location Description	Not applicable.
	Planned Activities	Same as description.

15	Project Name	HOME Program Administration
	Target Area	Citywide
	Goals Supported	Planning for Housing and Community Development
	Needs Addressed	Other Housing and Community Development Needs
	Funding	HOME: \$50,253
	Description	Eligibility Citation: 24 CFR 92.207(a) - General Management, Oversight and Coordination National Objective Citation: Not Applicable The City of Huntington Beach Community Enhancement Division is responsible for administering the HOME program. Up to 10 percent of the HOME allocation will be used to provide for staffing and other program administration costs associated with the HOME program, including planning, reporting, monitoring, and IDIS setup and maintenance. In addition to the 2025/26 HOME Program Administration activities identified above, available FY 2020/21 HOME Administration funds will be allocated to 2025/26 fair housing services to be provided by the Fair Housing Foundation, preparation of the Annual Action Plan, and staff salaries. Available 2021/22 HOME Administration funds will be allocated to monitoring existing HOME units and staff salaries.
	Target Date	6/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	Not applicable.
	Location Description	Not applicable.
	Planned Activities	Same as description.

16	Project Name	Unallocated HOME CHDO Reserve Funds
	Target Area	Citywide
	Goals Supported	Not Applicable
	Needs Addressed	Not Applicable
	Funding	HOME: \$291,244.93
	Description	Unallocated HOME Funds available for the development of affordable housing with a local CHDO.
	Target Date	6/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	Not applicable.
	Location Description	Citywide.
	Planned Activities	Same as description.

17	Project Name	Unallocated CDBG Funds
	Target Area	Citywide
	Goals Supported	Not Applicable
	Needs Addressed	Not Applicable
	Funding	CDBG: \$174,640.97
	Description	Unallocated CDBG Funds available for eligible activities.
	Target Date	6/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	Not applicable.
	Location Description	Citywide.
	Planned Activities	Same as description.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Huntington Beach, situated in northwestern Orange County, California, is an urbanized coastal community characterized by extensive residential development. With much of the residentially designated land already developed, future residential growth primarily depends on the reuse of existing parcels and infill development. The City is bordered by Seal Beach to the northwest, Westminster to the northeast, Fountain Valley and Costa Mesa to the east, Newport Beach to the southeast, and the Pacific Ocean to the southwest.

CDBG and HOME funds in Huntington Beach are allocated for projects and programs citywide, with a focus on addressing the needs of the most vulnerable neighborhoods, particularly those where 51% or more of the residents are low- or moderate-income.

For Special Code Enforcement efforts, the City conducted a visual survey of CDBG-eligible areas to identify properties, businesses, parkways, alleys, and structures with violations. This survey identified areas within the vicinity bounded by Bolsa Chica Street to the west, Bolsa Avenue to the north, Brookhurst Street to the east, and Atlanta Avenue to the south as having significant deterioration issues. This designated area, known as the "Special Code Enforcement Target Area," encompasses several census tracts with a total population of 67,625 people. Of these residents, 45,300 individuals, or 69.99%, fall within the low- to moderate-income bracket.

Geographic Distribution

Target Area	Percentage of Funds
Citywide	89%
Special Code Enforcement Target Area	11%

Table 64 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The City is committed to using CDBG funds to improve all Huntington Beach communities. Public services will reach eligible residents citywide, providing much-needed services to Huntington Beach's youth, homeless, and senior populations. Nearly 90% percent of the City's federal budget for FY 2025/26 will be allocated to projects that provide citywide benefits.

Also, alleviating blight motivates investments in the Special Code Enforcement Target Area. The Special Code Enforcement Program aims to transform the area by identifying substandard residential and commercial properties and seeing to it that code deficiencies are resolved. Eleven percent of the City's federal budget for 2025/26 will be used to fund these services.

Discussion

In FY 2025/26, the City of Huntington Beach plans to allocate \$501,999.26 in HOME funds to support three tenant-based rental assistance programs. Families Forward and Mercy House will operate two of these programs, each aimed at assisting 15 households each comprising of homeless individuals, veterans, and victims of domestic violence. The third program, managed by GRC Associates, is specifically designed to aid senior residents of mobile home communities facing escalating space rent costs.

Additionally, the City anticipates having an unallocated balance of approximately \$256,386 in HOME funds, which it intends to allocate towards a new Community Housing Development Organization (CHDO) affordable housing project in the future.

AP-60 Public Housing – 91.220(h)

Introduction

The City of Huntington Beach does not have any public housing developments. However, it benefits from the services of the Orange County Housing Authority (OCHA), which manages Housing Choice Vouchers (Section 8) for residential units within Huntington Beach. Currently, 687 households in Huntington Beach receive Section 8 vouchers from OCHA.

Additionally, OCHA administers various other voucher programs, including 40 Continuum of Care, 11 Family Self-Sufficiency, 24 Family Unification, one Non-Elderly Disabled, 115 Portability, 85 Veterans Affairs Supportive Housing, and 59 Emergency Housing Vouchers. However, the waiting list for these programs is currently closed.

Actions planned during the next year to address the needs to public housing

Not applicable.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

Not applicable.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Not applicable.

Introduction

Homelessness has been a growing challenge across the country including in the Los Angeles and Orange County regions. Contributing factors include a shortage of affordable housing, increasing poverty rates, reduced subsidies, substance abuse issues, the de-institutionalization of the mentally ill, and a rising number of individuals who may view homelessness as a lifestyle choice.

To address this issue, Orange County conducts a biennial enumeration of both sheltered and unsheltered homeless individuals in a 24-hour period. This effort, known as the Homeless Point-in-Time (PIT) Count, is required by Congress for all communities receiving U.S. Department of Housing and Urban Development (HUD) funding for homeless programs. HUD mandates that the PIT Count take place during the last ten days of January. For 2024, the count was conducted by the County of Orange and the Orange County Continuum of Care, with the sheltered count taking place on the night of January 22, 2024, and the unsheltered count occurring from the morning of January 23 through January 25, 2024.

The 2024 PIT Count identified 7,322 homeless individuals in Orange County, marking a significant 28% increase from the 2022 count, which recorded 5,718 individuals. Specifically in Huntington Beach, the count revealed 433 total homeless persons, with 173 classified as unsheltered and 260 as sheltered. This represents an increase from the 2022 figures, where there were 330 total homeless individuals – 188 unsheltered and 142 sheltered.

The City of Huntington Beach has implemented an ambitious strategy to address and ultimately end homelessness. In FY 2021/22, the City took significant steps by appointing a Deputy Director of Homelessness & Behavioral Health Services and establishing the Homeless & Behavioral Health System. This comprehensive system aims to support individuals experiencing homelessness or at risk of homelessness through outreach, engagement, case management, and connecting them with essential services such as shelter, housing, and behavioral health support. Although the Deputy Director's position has evolved since February 2022, the City continues to staff and support homelessness services.

Describe the jurisdictions' one-year goals and actions for reducing and ending homelessness including:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The HB Cares Volunteer Program, a key component of the Homeless & Behavioral Health Program, plays a vital role in outreach to homeless individuals and assessing their needs. Since its launch in 2023, the program has successfully recruited and trained 21 volunteers, equipping them with skills in de-escalation techniques, trauma-informed care, vicarious trauma, and Mental

Health First Aid. Volunteers are responsible for answering the daily homeless outreach line and returning calls, providing a streamlined communication channel for individuals seeking help. In addition, a licensed Marriage and Family Therapist joined the team in December 2023, assisting with 62 Disabling Condition Assessments. The therapist will continue to offer mental health support on an as-needed basis.

The Homeless & Behavioral Health System also incorporated homeless outreach social workers who actively engaged with unhoused and at-risk of being unhoused individuals, families, veterans, and seniors. Social workers offer support by linking individuals to resources, service providers, and aiding in securing necessary documents for County of Orange housing programs. They maintain close collaboration with local and county shelters, including the Huntington Beach Navigation Center, while also partnering with crisis response teams like Be Well to provide comprehensive assistance and support to those in need. Working in collaboration with Homeless Task Force officers, they ensure that individuals receive the necessary care and resources to address their unique situations effectively.

Be Well OC in Huntington Beach (BWOC) is another component of the Homeless & Behavioral Health System that provides outreach to Huntington Beach's homeless population. BWOC employs a Mobile Crisis Response Team composed of two operating vans and two Crisis Interventionists who drive to locations and provide in-community assessment and stabilization services. The teams are well-trained and experienced in providing appropriate information, referrals, transportation to services, and additional follow-up support and case management to help address mental health-related situations.

Further, in the ensuing years covered by this Consolidated Plan, the City plans to support at least four homeless public service programs that provide outreach and assessment of homeless individuals. The Pathways to Independence Program focuses on young single women experiencing homelessness, while Project Hope Alliance, Robyne's Nest, and StandUp for Kids Street Outreach focus on homeless youth and providing wrap around services unique to young individuals such as mentoring, food, clothing, housing, academic support, and educational aid.

Finally, the City will continue to support the operations and services at the Navigation Center, located at 17642 Beach Boulevard. The Navigation Center, which opened in December 2020, offers 174 beds for overnight shelter and provides direct access to essential services aimed at helping individuals experiencing homelessness move towards housing stability.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City has partnered with Mercy House to launch the Navigation Center, an emergency homeless shelter. The facility received significant federal funding to support its operations, including CDBG, CDBG-CV (for activities related to COVID-19 prevention, preparation, and response), and HOME funding from the American Rescue Program (HOME-ARP). The Navigation Center can shelter up to 174 adults and couples under normal conditions and will continue to operate in FY 2025/26.

In FY 2021/22, the City initiated the HB Oasis project in collaboration with the State of California Homekey Program, the County of Orange, National CORE, and American Family Housing. This project involved acquiring and rehabilitating the former Quality Inn & Suites motel at 17251 Beach Boulevard to address homelessness in the region. HB Oasis served as interim housing for up to 62 individuals and households in Orange County's Central Service Planning Area. It provided not only transitional housing but also comprehensive property management and residential support services. The focus was on trauma-informed, evidence-based operations to support residents' reintegration into the community through robust case management and connections to permanent housing solutions.

In May 2024, the HB Oasis project transitioned to permanent supportive housing. This transition involved renovating the individual units to include kitchenettes and utilizing project-based vouchers to support long-term housing stability for its residents.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The City of Huntington Beach is implementing a comprehensive approach to address homelessness, with a focus on both immediate relief and long-term solutions. The strategy involves securing both short-term and long-term funding, collaborating with experienced service providers, and creating affordable housing opportunities. The City's key efforts aim to support various populations, including chronically homeless individuals, families with children, veterans, victims of domestic violence, and unaccompanied youth.

A central initiative is the Navigation Center, which has received around \$4.5 million in funding from CDBG, CDBG-CV, and HOME-ARP grants. This center offers wraparound services to help individuals transition from emergency shelter to more stable housing. The City plans to repurpose the property into a permanent facility that will provide affordable housing and supportive services for chronically homeless individuals.

Additionally, the City continues to prioritize tenant-based rental assistance (TBRA), with plans to offer rental subsidies to 36 households in 2025/26. Families Forward is responsible for providing rental assistance to households with children, while Mercy House focuses on supporting those experiencing homelessness, victims of domestic violence, and veterans. Another program is also in place to provide space rent relief for senior mobile homeowners for up to 24 months.

By focusing on both immediate housing solutions and long-term support, Huntington Beach is working to not only reduce homelessness but also prevent those recently housed from falling back into homelessness.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

To prevent homelessness and support at-risk populations, Huntington Beach actively participated in the Orange County Continuum of Care System. This system is designed to provide assistance to individuals at risk of becoming homeless, ensuring a network of support for those in need.

The City is also committed to supporting families through HOME-funded rental assistance programs. In FY 2025/26, the City is proposing to support three rental assistance programs that will assist a variety of vulnerable population groups in Huntington Beach. As mentioned above, Families Forward assists families that are homeless or at risk of homelessness, while Mercy House targets lower-income households, homeless persons, veterans, and victims of domestic violence. The Mobile Home Tenant-Based Rental Assistance Program targets senior owners of mobile homes with space rents.

Although the City does not receive Emergency Solutions Grants (ESG) or Housing Opportunities for Persons with AIDS (HOPWA) funding and therefore is not required to develop a discharge coordination policy, it remains committed to addressing this issue. The City will continue to work with the Orange County Housing Authority and the Continuum of Care Homeless Issues Task Force to develop and refine its discharge coordination policy.

Introduction

Huntington Beach has demonstrated a strong commitment to supporting affordable housing through various measures, including updates to its zoning ordinance and direct financial assistance to affordable housing projects. Despite funding constraints resulting from the loss of Redevelopment Housing Funds, which previously generated approximately \$3 million annually for housing activities, the City remains dedicated to developing affordable housing. However, one of the primary challenges faced by Huntington Beach in this regard is the scarcity of vacant land suitable for residential development. Much of the underdeveloped residentially zoned land is owned by separate owners, making lot consolidation and the demolition of existing structures necessary to accommodate higher density infill development.

To address this challenge, the City has adopted alternative policy tools, such as the Amended Downtown and Beach and Edinger Corridors Specific Plans. These plans provide opportunities for high-density mixed-use and residential infill development, facilitating the creation of affordable housing units within the community. Through continued collaboration and innovative approaches, Huntington Beach aims to overcome barriers and enhance the availability of affordable housing for its residents.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Through the administration of the CDBG and HOME programs, every effort is made to remove barriers to affordable housing through agreements with for-profit and non-profit affordable housing developers. These efforts also include working with neighborhood residents to ensure affordable housing projects are acceptable. Ongoing monitoring of “for sale” affordable units is conducted by department staff by assuring that the affordable housing covenants are recorded on title when the unit is sold. To address the decline in sources of housing funds, the City will continue to advocate for and pursue federal, state, local and private funding sources for affordable housing.

Additionally, as part of the City’s Housing Element update, the City must assess and to the extent feasible, mitigate, its governmental constraints to housing for lower and moderate income households and persons with disabilities. The Housing Element addresses the City’s provisions for affordable housing, emergency shelters, transitional housing, and supportive housing. The following programs in the City's 2013-2021 Housing Element specifically address the variety of regulatory and financial tools used by the City to remove barriers and facilitate the provision of affordable housing:

Multi-family Acquisition/Rehabilitation through Non-Profit Developers: Acquire, rehabilitate, and establish affordability covenants on 80 rental units.

Residential and Mixed-Use Sites Inventory: Maintain current inventory of vacant and underutilized development sites and provide developers with information on incentives.

Beach and Edinger Corridors Specific Plan: Facilitate development through flexible, form-based standards and streamlined processing. Encourage affordable housing by requiring inclusionary units to be provided on-site, or within the Specific Plan, and providing additional incentives for increased percentages of affordable units.

Inclusionary Program and Housing Trust Fund: Continue implementation and re-evaluate Ordinance to provide consistency with case law and market conditions. Establish in-lieu fee amount for projects between 10-30 units.

Affordable Housing Development Assistance: Provide financial and regulatory assistance in support of affordable housing. Provide information on incentives to the development community.

Affordable Housing Density Bonus: Continue to offer density bonus incentives as a means of enhancing the economic feasibility of affordable housing development.

Development Fee Assistance: Continue to offer fee reductions to incentivize affordable housing. Specify the waiver of 100% of application processing fees in the Code for projects with 10% extremely low-income units.

Residential Processing Procedures: Provide non-discretionary development review within the Beach and Edinger Corridors Specific Plan. Adopt streamlined review procedures for multi-family development on a citywide basis.

Actions planned to address obstacles to meeting underserved needs

The City of Huntington Beach has identified long-range strategies, activities, and funding sources to implement the goals in the areas of housing and community development services for the benefit of the residents.

- The City will continue to seek other resources and funding sources to address the biggest obstacle to meeting the community's underserved needs, which is the lack of funding and/or inadequate funding.
- The City will look for innovative and creative ways to make its delivery systems more comprehensive and will continue existing partnerships with both for-profit and not-for-profit organizations.
- The City will use HOME and CDBG funds to concentrate on both affordable rental housing, tenant-based rental housing, and homeowner rehabilitation programs.
- The City is currently addressing certain housing needs with federal funds, such as availability, condition, and fair housing practices to prevent homelessness.
- The City is also addressing community development needs with federal funds, such as infrastructure, improving public facilities and code enforcement.
- The City is working with surrounding jurisdictions on a regional approach to meeting the underserved needs.

Actions planned to foster and maintain affordable housing

The City's Consolidated Plan has identified the preservation of existing, and the creation of new, affordable housing as an implementing goal during the 2025/26-2029/30 timeframe. The City will continue to maintain the Affordable Housing Viewer on its website to allow the public to view where affordable housing units are located in the City.

The City will continue to offer funding to tenant based rental assistance programs in Huntington Beach through a combination of CDBG and HOME funds. In FY 2025/26, the City will allocate \$235,000 in CDBG and nearly \$502,000 in HOME funds to assist 36 households with rental assistance. The City will offer rental assistance to both eligible Huntington Beach renters, as well as to senior mobile home residents to help with increasing space rents in Huntington Beach's mobile home park communities.

Furthermore, the City will continue its residential rehabilitation programs available to Huntington Beach homeowners. The first program offers a one-time grant of up to \$20,000 to eligible lower-income homeowners to make emergency and health or safety-related household modifications. The second program offers a loan of up to \$75,000 with an interest rate of 3% for single family home and multifamily rental housing improvements. Collectively, the City is proposing to assist 12 lower-income households with rehabilitation assistance in FY 2025/26.

Lastly, to supplement the cost of the City's effort to update the streamlining process of affordable housing, the City may be awarded an SB 2 Planning Grant Program grant funds from the California Department of Housing and Community Development once the 2021-2029 Housing Element is certified. Huntington Beach is slated to receive approximately \$550,000 per year to leverage CDBG and HOME funds in the areas of affordable housing and homelessness.

Actions planned to reduce lead-based paint hazards

As a means of better protecting children and families against lead poisoning, in 1999 HUD instituted revised lead-based paint regulations focused around the following five activities:

- Notification
- Lead Hazard Evaluation
- Lead Hazard Reduction
- Ongoing Maintenance
- Response to Children with Environmental Intervention Blood Lead Level

The City has implemented HUD Lead Based Paint Regulations (Title X), which requires federally funded rehabilitation projects to address lead hazards. Lead-based paint abatement is part of the City's Residential Rehabilitation Program and the Acquisition/Rehabilitation of Affordable Rental Housing Program. Units within rental housing projects selected for rehabilitation are tested if not statutorily exempt. Elimination or encapsulation remedies are implemented if lead is detected and is paid for by either the developer of the project, or with CDBG or HOME funds, as appropriate.

Actions planned to reduce the number of poverty-level families

Huntington Beach has a strategy to help reduce poverty among local families and individuals. These programs work together to address both the immediate housing needs of low-income residents and the long-term economic self-sufficiency of vulnerable populations. Examples of the poverty reduction efforts include:

- **Housing Choice Rental Assistance Program:** Over 600 low and extremely low-income households in Huntington Beach participate in the Housing Choice Rental Assistance Voucher Program, which is administered by the Orange County Housing Authority (OCHA). This program directly supports poverty reduction by helping these households access affordable rental housing, thus easing financial strain and enabling them to allocate resources toward other basic needs, such as food, healthcare, and education.
- **Tenant-Based Rental Assistance (TBRA) Programs:** The City plans to utilize HOME funds to support three tenant-based rental assistance programs. These programs will provide direct rental subsidies to eligible low-income households, helping reduce the financial burden of housing costs and offering families a better chance at achieving long-term

stability and upward mobility. The City's goal is to provide a total of 36 households with TBRA in FY 2025/26.

- **Pathways to Independence Program:** With CDBG funding, the City will support the Pathways to Independence program, which serves single women who are homeless or unstably housed. This program helps participants achieve economic self-sufficiency through education and personal development, providing a critical link between stable housing and the long-term reduction of poverty. By equipping individuals with the skills and support they need to succeed, the program contributes to breaking the cycle of homelessness and poverty. Pathways to Independence plans to enroll 40 women into their program in FY 2025/26.
- **Affordable Housing Development:** During the five-year period of the Consolidated Plan, the City will work to utilize HOME funds to gap finance an affordable housing project at a yet-to-be-determined location. The development of new affordable housing will directly address the need for affordable living spaces for low-income families and individuals, providing them with stable housing opportunities that can help reduce economic vulnerability and improve quality of life.

Actions planned to develop institutional structure

The City proposes to strengthen, coordinate and integrate the governmental institutions, non-profit and private delivery systems to implement the City's five-year strategy and to address the priority needs outlined in the Consolidated Plan for Fiscal Years 2025/26 – 2029/30. Engaging the community and stakeholders in the delivery of services and programs for the benefit of low to moderate residents will be vital in overcoming gaps in service delivery. The City will also utilize public notices, Community Workshops and Meetings (as appropriate), the City's website, and other forms of media to deliver information on carrying out the Consolidated Plan strategies.

Actions planned to enhance coordination between public and private housing and social service agencies

In an ongoing effort to bridge the gap of various programs and activities, the City has developed partnerships and collaborations with local service providers and City departments that have been instrumental in meeting the needs and demands of the homeless, low-income individuals and families, and other special needs. The array of partners include, but are not limited to: the Huntington Beach Police Department, Library Services, Community Services, and Public Works Departments; Mercy House, Families Forward, Colette's Children's Home, AMCAL, Orange County Community Housing Corporation, Jamboree Housing, National CORE, Community SeniorServ, Project Self Sufficiency, Alzheimer's Family Services, StandUp for Kids, Robyne's Nest, Project Hope Alliance, Pathways to Independence, the Fair Housing Foundation, the Orange County Housing Authority, 2-1-1 Orange County, and OC Community Services (Orange County Continuum of Care). During FY 2025/26, the City will continue to develop these partnerships.

PROGRAM SPECIFIC REQUIREMENTS

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

The City of Huntington Beach participates in HUD's CDBG Program that is used for creating decent affordable housing, suitable living environments, and economic opportunities. The program year (2025/26) will begin on July 1, 2025. The FY 2025/26 CDBG allocation of \$1,077,252 will be used to implement CDBG projects and programs during the program year.

Community Development Block Grant Program (CDBG) Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	\$0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan	\$0
3. The amount of surplus funds from urban renewal settlements	\$0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan.	\$0
5. The amount of income from float-funded activities	\$0
Total Program Income	\$0

Other CDBG Requirements

1. The amount of urgent need activities	\$0
---	-----

**HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(l)(2)**

A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

The City will provide grants, interest-bearing and non-interest-bearing deferred payment loans or residual receipts loans permitted under 24 CFR 92.206 (b) (1). The City will not institute other forms of investment forms not described in the aforementioned section nor provide loan guarantees described under 24 CFR 92.206 (b) (21).

A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

The City is not administering a homebuyer program with CDBG or HOME funds as part of its 2025/26 Annual Action Plan. The Annual Plan, therefore, does not describe resale or recapture guidelines as required in 92.254.

A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

The City is not administering a homebuyer program with CDBG or HOME funds as part of its 2025/26 Annual Action Plan. The Annual Plan, therefore, does not describe resale or recapture guidelines that ensure the affordability of units acquired with HOME funds as required in 92.254 (a)(4).

Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The City is not proposing to use HOME funds to refinance existing debt secured by multifamily housing rehabilitated with HOME funds. Thus, since the City does not propose to undertake refinancing, the City is not required to discuss its financing guidelines required under 24 CFR 92.206(b).

APPENDIX A

GLOSSARY OF TERMS

Glossary of Terms

This glossary contains definitions for a short list of terms used in the Consolidated Plan and Action Plan. The list is provided to assist readers who may be unfamiliar with local and statewide housing issues.

Affordable Housing:

Affordable housing is generally defined as housing where the occupant is paying no more than 30 percent of his gross income for gross housing costs, including utility costs.

AIDS and Related Diseases:

The disease of acquired immunodeficiency syndrome or any conditions arising from the etiologic agent for acquired immunodeficiency syndrome.

Alcohol/Other Drug Addiction:

A serious and persistent alcohol or other drug addiction that significantly limits a person's ability to live independently.

Area Median Income (AMI):

The figure from which eligibility for very low, low and moderate income housing is calculated. The area median income is revised periodically by the U.S. Department of Housing and Urban Development.

Assisted Household or Person:

For the purpose of specifying one-year goals for assisting households or persons, a household or person is assisted if, during the coming Federal fiscal year, they will benefit through one or more programs included in the jurisdiction's investment plan. A renter is benefited if the person takes occupancy of affordable housing that is newly acquired, newly rehabilitated, or newly constructed, and/or receives rental assistance. An existing homeowner is benefited during the year if the home's rehabilitation is completed. A first-time homebuyer is benefited if a home is purchased during the year. A homeless person is benefited during the year if the person becomes an occupant of transitional or permanent housing. A non-homeless person with special needs is considered as being benefited, however, only if the provision of supportive services is linked to the acquisition, rehabilitation, or construction of a housing unit and/or the provision of rental assistance during the year. Households or persons who will benefit from more than one program activity must be counted only once. To be included in the goals, the housing unit must, at a minimum, satisfy the HUD Section 8 Housing Quality Standards (see 24 CFR Section 882.109).

CHAS:

HUD's Comprehensive Housing Affordability Strategy.

Chronically Homeless:

An unaccompanied homeless individual with a disabling condition that has been continually homeless for a year, or has had four episodes of homelessness in the past 3 years.

Committed:

Generally means there has been a legally binding commitment of funds to a specific project to undertake specific activities.

Concentration of Low/Moderate Income:

An area of low/moderate income concentration is a census block group in which a minimum of 51% of households earn 80% or below the area median income. The census block groups in Westminster that meet this criteria are depicted in Figure 2 - Low and Moderate Income Areas, located in Appendix B.

Consistent with the CP:

A determination made by the jurisdiction that a program application meets the following criterion: The Annual Plan for that fiscal year's funding indicates the jurisdiction planned to apply for the program or was willing to support an application by another entity for the program; the location of activities is consistent with the geographic areas specified in the plan; and the activities benefit a category of residents for which the jurisdiction's five-year strategy shows a priority.

Cost Burden > 50% (Severe Cost Burden):

The extent to which gross housing costs, including utility costs, exceed 50 percent of gross income, based on data published by the U.S. Census Bureau.

Cost Burden > 30%:

The extent to which gross housing costs, including utility costs, exceed 30 percent of gross income, based on data published by the U.S. Census Bureau.

Disabled Household:

A household composed of one or more persons at least one of whom is an adult (a person of at least 18 years of age) who has a disability. A person shall be considered to have a disability if the person is determined to have a physical, mental or emotional impairment that: (1) is expected to be of long-continued and indefinite duration, (2) substantially impeded his or her ability to live independently, and (3) is of such a nature that the ability could be improved by more suitable housing conditions. A person shall also be considered to have a disability if he or she has a developmental disability as defined in the Developmental Disability Assistance and Bill of rights Act (42 U.S.C. 6001-6006). The term also includes the surviving member or members of any household described in the first sentence of this paragraph who were living in an assisted unit with the deceased member of the household at the time of his or her death.

Disproportionate Housing Need:

A disproportionately greater housing need exists when the members of a racial or ethnic group at an income level experience housing problems at a greater rate (10% or more) than the income level as a whole.

Elderly (Census Bureau):

A person aged 65 or older. Includes the frail elderly population: those aged 75 or older.

Elderly (HUD):

A person aged 62 or older, as defined in 24 CFR 91.5 and 24 CFR 5.100.

Family Self-Sufficiency (FSS) Program:

A program enacted by Section 554 of the National Affordable Housing Act which directs Public Housing Agencies (PHAs) and Indian Housing Authorities (IHAs) to use Section 8 assistance under the rental certificate and rental voucher programs, together with public and private resources to provide supportive services, to enable participating families to achieve economic independence and self-sufficiency.

Family:

A household composed of two or more people related by birth, marriage, or adoption and residing together.

Federal Preference for Admission:

The preference given to otherwise eligible applicants under HUD's rental assistance programs who, at the time they seek housing assistance, are involuntarily displaced, living in substandard housing, or paying more than 50 percent of family income for rent. (See, for example, 24 CFR 882.219).

First-Time Homebuyer:

An individual or family who has not owned a home during the three-year period preceding the HUD-assisted purchase of a home that must be used as the principal residence of the homebuyer, except that any individual who is a displaced homemaker (as defined in 24 CFR 92) or a single parent (as defined in 24 CFR 92) may not be excluded from consideration as a first-time homebuyer on the basis that the individual, while a homemaker or married, owned a home with his or her spouse or resided in a home owned by the spouse.

Frail Elderly:

A person aged 75 or older (See **Elderly**).

Group Quarters:

Facilities providing living quarters that are not classified as housing units. (U.S. Census definition). Examples include: prisons, nursing homes, dormitories, military barracks, and shelters.

HOME:

The HOME Investment Partnership Program, largest federal block grant program for states and local governments; designed to provide decent and affordable housing for low-income families.

Homeless Youth:

Unaccompanied person 17 years of age or younger who is living in situations described by terms "sheltered" or "unsheltered".

Homeless Family:

Family that includes at least one parent or guardian and one child under the age of 18, a homeless pregnant woman, or a homeless person in the process of securing legal custody of a person under the age of 18.

Homeless Individual:

An unaccompanied person 18 years of age or older who is living in situations described by terms "sheltered" or "unsheltered".

Household:

One or more persons occupying a housing unit (U.S. Census definition). See also "Family".

Housing Problems:

Households with housing problems include those that: (1) occupy units lacking a complete kitchen and/or complete plumbing; (2) meet the definition of overcrowded at greater than 1 person per room; and/or (3) meet the definition of cost burden at greater than 30% of income on housing. Households with *severe* housing problems include those that: (1) occupy units lacking a complete kitchen and/or complete plumbing; (2) meet the definition of severely overcrowded at greater than 1.5 persons per room; and/or (3) meet the definition of severely cost burdened at greater than 50% of income on housing costs.

Housing Unit:

An occupied or vacant house, apartment, or a single room (SRO housing) that is intended as separate living quarters. (U.S. Census definition)

Illegal Units:

A building or portion thereof designated or occupied for residential purposes including one family, two family, and multiple family dwellings which has not received the proper discretionary approvals and/or building permits or may not meet the zoning code requirements necessary for the structure.

Income levels (HUD):

Income levels serve as eligibility criteria for persons, households, and areas participating in federally funded programs. Income levels are based on median family income (MFI), which varies geographically and by family size.

- **Extremely Low-Income:** Between 0 and 30 percent of MFI
- **Very Low-Income:** Between 30.1 and 50 percent of MFI
- **Low-Income:** Between 50.1 and 80 percent of MFI
- **Moderate-Income:** Between 80.1 and 100 percent of MFI

Incomplete kitchen facilities:

A housing unit is classified as lacking complete kitchen facilities when any of the following are not present: a sink with piped hot and cold water, a range or cook top and oven, and a refrigerator.

Incomplete plumbing facilities:

A housing unit is classified as lacking complete plumbing facilities when any of the following are not present: piped hot and cold water, a flush toilet, and a bathtub or shower.

Infrastructure:

Facilities and services, such as streets, parking lots, water lines, libraries, schools, parks, Police and Fire Departments needed to sustain industry, residential and commercial activities.

Institutions/Institutional:

Group quarters for persons under care or custody. (U.S. Census definition)

Lead-based paint hazard:

Any condition that causes exposure to lead, such as lead-contaminated dust; soil; or paint that is deteriorated or present in accessible surfaces, friction surfaces, or impact surfaces that would result in adverse human health effects.

Large Related:

A household of 5 or more persons which includes at least one person related to the householders by blood, marriage or adoption.

Legally Nonconforming:

Structures or uses that were legally built and met zoning requirements at the time of construction but do not meet current zoning requirements due to subsequent changes in the code.

Median Household Income:

The median household income is the middle value of all household incomes. One half of all households earn more than the median income and one half of all the households

earn less than the median income. Also referred to as median income or area median income.

Non-Elderly Household:

A household which does not meet the definition of "Elderly Household," as defined above.

Non-Institutional:

Group quarters for persons not under care or custody. (U.S. Census definition used)

Occupied Housing Unit:

A housing unit that is the usual place of residence of the occupant(s).

Other Household:

A household of one or more persons that does not meet the definition of a Small Related household, Large Related household or Elderly Household.

Overcrowded Conditions:

The U.S. Department of Housing and Urban Development defines overcrowding as 1.01 or more persons per room per unit. Rooms include living rooms, dining rooms, kitchens, bedrooms, finished recreation rooms, enclosed porches suitable for year-round use, and lodger's rooms. Excluded are strip or pullman kitchens, bathrooms, open porches, balconies, halls or foyers, half-rooms, utility rooms, unfinished attics or basements, or other unfinished space used for storage. A partially divided room is a separate room only if there is a partition from floor to ceiling, but not if the partition consists solely of shelves or cabinets.

Period of Affordability:

The length of time a HOME-assisted unit must remain available to low-income families. The HUD required period of affordability is dependent upon the total amount of HOME funds invested in the housing.

Physical Defects:

A housing unit lacking complete kitchen or bathroom. (U.S. Census definition) Jurisdiction may expand upon the Census definition.

Project-Based (Rental) Assistance:

Rental Assistance provided for a project, not for a specific tenant. Tenants receiving project based rental assistance give up the right to that assistance upon moving from the project.

Recapture:

The HUD regulation that ensures that the participating jurisdiction (City) recoups all or a portion of the HOME assistance to homebuyers, if the housing does not continue to be the principal residence of the family for the duration of the period of affordability.

Rent Burden > 50% (Severe Cost Burden):

The extent to which gross rents, including utility costs, exceed 50 percent of gross income, based on data published by the U.S. Census Bureau.

Rent Burden > 30% (Cost Burden):

The extent to which gross rents, including utility costs, exceed 30 percent of gross income, based on data published by the U.S. Census Bureau.

Rental Assistance:

Provides financial assistance for rental housing costs through either project-based (property) or tenant-based (portable with tenant) assistance.

Resale Restrictions:

The HUD regulation that ensures that housing is made available for subsequent purchase only to a buyer whose family qualifies as a low-income family and will use the property as its principal residence for the duration of the period of affordability.

Secondary Dwelling Unit:

An additional small residential unit which is attached or detached to an existing single family dwelling in a single-family zone. Sometimes referred to as a granny unit.

Service Needs:

The particular services identified for special needs populations, which typically may include transportation, personal care, housekeeping, counseling, meals, case management, personal emergency response, and other services to prevent premature institutionalization and assist individuals to continue living independently.

Severe Mental Illness:

A serious and persistent mental or emotional impairment that significantly limits a person's ability to live independently.

Severe Cost Burden:

See Cost Burden > 50%.

Sheltered:

Families and persons whose primary nighttime residence is a supervised publicly or privately operated shelter, including emergency shelters, transitional housing for the homeless, domestic violence shelters, residential shelters for runaway and homeless youth, and any hotel/motel/apartment voucher arrangement paid because the person is homeless. This term does not include persons living doubled up or in overcrowded or

substandard conventional housing. Any facility offering permanent housing is not a shelter, nor are its residents homeless.

Small Related:

A household of 2 to 4 persons that includes at least one person related to the householder by birth, marriage, or adoption.

Special needs populations:

Include the elderly and the frail elderly; neglected or abused children; persons with physical or sensory disabilities (including mobility impaired, blind, deaf, or chemically/environmentally sensitive); persons suffering from mental illness; victims of domestic violence; persons with disabilities related to substance abuse and chemical dependency; and emancipated foster youth.

Standard:

Any new buildings and older ones which have been adequately maintained and which exhibit no structural, plumbing, or electrical-deficiencies.

Substandard Condition and not Suitable for Rehab:

Any unit that could not be made to meet Section 8 standards.

Substandard Condition and Suitable for Rehab:

Any buildings which exhibit structural, plumbing, and/or electrical deficiencies, all of which can be repaired in conformity with current codes and ordinances for a sum not-to-exceed 80% of the value of the property...and which, by such repairs, the building (with normal maintenance) can provide decent, safe, and sanitary housing for an additional 30-40 years.

Substantial Rehabilitation:

Rehabilitation of residential property at an average cost for the project in excess of \$25,000 per dwelling unit.

Substantial Amendment:

A major change in an approved housing strategy. It involves a change to the five-year strategy, which may be occasioned by a decision to undertake activities or programs inconsistent with that strategy.

Supportive Housing:

Housing (including housing units and group quarters) linked with social services tailored to the needs of the population being housed; designed to help those with special needs live more stable, productive lives.

Supportive Services:

Services provided to residents of supportive housing for the purpose of facilitating the independence of residents. Some examples are case management, medical or psychological counseling and supervision, childcare, transportation, and job training.

Tenant-Based (Rental) Assistance:

A form of rental assistance in which the assisted tenant may move from a dwelling unit with a right to continued assistance elsewhere. The assistance is provided for the tenant, not for the project.

Transitional Housing:

Temporary housing designed to provide a safe living environment for homeless individuals and families while facilitating their transition to permanent housing within a reasonable amount of time (usually 24 months).

Unsheltered:

Families and individuals whose primary nighttime residence is a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings (e.g., streets, parks, alleys, automobiles).

Worst-Case Needs:

Unassisted, very low-income renter households who pay more than half of their income for rent, live in seriously substandard housing (which includes homeless people) or have been involuntarily displaced.

APPENDIX C

FY 2025/26 CERTIFICATIONS

CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing --The jurisdiction will affirmatively further fair housing.

Uniform Relocation Act and Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR Part 24. It has in effect and is following a residential anti-displacement and relocation assistance plan required under 24 CFR Part 42 in connection with any activity assisted with funding under the Community Development Block Grant or HOME programs.

Anti-Lobbying --To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction --The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan --The housing activities to be undertaken with Community Development Block Grant, HOME, Emergency Solutions Grant, and Housing Opportunities for Persons With AIDS funds are consistent with the strategic plan in the jurisdiction's consolidated plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) and implementing regulations at 24 CFR Part 75.

Title

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) FY 2025/26 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K and R.

Compliance with Laws -- It will comply with applicable laws.

OPTIONAL Community Development Block Grant Certification

Submit the following certification only when one or more of the activities in the action plan are designed to meet other community development needs having particular urgency as specified in 24 CFR 570.208(c):

The grantee hereby certifies that the Annual Plan includes one or more specifically identified CDBG-assisted activities which are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community and other financial resources are not available to meet such needs.

Title

Specific HOME Certifications

The HOME participating jurisdiction certifies that:

Tenant Based Rental Assistance -- If it plans to provide tenant-based rental assistance, the tenant-based rental assistance is an essential element of its consolidated plan.

Eligible Activities and Costs -- It is using and will use HOME funds for eligible activities and costs, as described in 24 CFR §§92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in §92.214.

Subsidy layering -- Before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

APPENDIX TO CERTIFICATIONS

INSTRUCTIONS CONCERNING LOBBYING CERTIFICATION:

Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

ASSURANCES – NON-CONSTRUCTION PROGRAMS (SF 424-B) FOR CDBG PROGRAM

**Applicant and Recipient
Assurances and Certifications**

**U.S. Department of Housing
and Urban Development**

OMB Number: 2501-0044
Expiration Date: 2/28/2027

Instructions for the HUD 424-B Assurances and Certifications

As part of your application for HUD funding, you, as the official authorized to sign on behalf of your organization or as an individual, must provide the following assurances and certifications. The Responsible Civil Rights Official has specified this form for use for purposes of general compliance with 24 CFR §§ 1.5, 3.115, 8.50, and 146.25, as applicable. The Responsible Civil Rights Official may require specific civil rights assurances to be furnished consistent with those authorities and will specify the form on which such assurances must be made. A failure to furnish or comply with the civil rights assurances contained in this form may result in the procedures to effect compliance at 24 CFR §§ 1.8, 3.115, 8.57, or 146.39.

By submitting this form, you are stating that all assertions made in this form are true, accurate, and correct.

As the duly representative of the applicant, I certify that the applicant: [Insert below the Name and title of the Authorized Representative, name of Organization and the date of signature]:

*Authorized Representative Name:

Travis Hopkins

*Title: City Manager

*Applicant/Recipient Organization:

City of Huntington Beach

1. Has the legal authority to apply for Federal assistance, has the institutional, managerial and financial capability (including funds to pay the non-Federal share of program costs) to plan, manage and complete the program as described in the application and the governing body has duly authorized the submission of the application, including these assurances and certifications, and authorized me as the official representative of the application to act in connection with the application and to provide any additional information as may be required.

2. Will administer the grant in compliance with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000(d)) and implementing regulations (24 CFR part 1), which provide that no person in the United States shall, on the grounds of race, color or national origin, be excluded from participation in, be denied the benefits of, or otherwise be subject to discrimination under any program or activity that receives Federal financial assistance OR if the applicant is a Federally recognized Indian tribe or its tribally designated housing entity, is subject to the Indian Civil Rights Act (25 U.S.C. 1301-1303).

3. Will administer the grant in compliance with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended, and implementing regulations at 24 CFR part 8, the American Disabilities Act (42 U.S.C. §§ 12101 et seq.), and implementing regulations at 28 CFR part 35 or 36, as applicable, and the Age Discrimination Act of 1975 (42 U.S.C. 6101-07) as amended, and implementing regulations at 24 CFR part 146 which together provide that no person in the United States shall, on the grounds of disability or age, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity that receives Federal financial assistance; except if the grant program authorizes or limits participation to designated populations, then the applicant will comply with the nondiscrimination requirements within the designated population.

4. Will comply with the Fair Housing Act (42 U.S.C. 3601-19), as amended, and the implementing regulations at 24 CFR part 100, which prohibit discrimination in housing on the basis of race, color, religion, sex, disability, familial status, or national origin and will affirmatively further fair housing; except an applicant which is an Indian tribe or its instrumentality which is excluded by statute from coverage does not make this certification; and further except if the grant program authorizes or limits participation to designated populations, then the applicant

will comply with the nondiscrimination requirements within the designated population.

5. Will comply with all applicable Federal nondiscrimination requirements, including those listed at 24 CFR §§ 5.105(a) and 5.106 as applicable.

6. Will not use Federal funding to promote diversity, equity, and inclusion (DEI) mandates, policies, programs, or activities that violate any applicable Federal anti-discrimination laws.

7. Will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (42 U.S.C. 4601) and implementing regulations at 49 CFR part 24 and, as applicable, Section 104(d) of the Housing and Community Development Act of 1974 (42 U.S.C. 5304(d)) and implementing regulations at 24 CFR part 42, subpart A.

8. Will comply with the environmental requirements of the National Environmental Policy Act (42 U.S.C. 4321 et seq.) and related Federal authorities prior to the commitment or expenditure of funds for property.

9. That no Federal appropriated funds have been paid, or will be paid, by or on behalf of the applicant, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, and officer or employee of Congress, or an employee of a Member of Congress, in connection with the awarding of this Federal grant or its extension, renewal, amendment or modification. If funds other than Federal appropriated funds have or will be paid for influencing or attempting to influence the persons listed above, I shall complete and submit Standard Form-LLL, Disclosure Form to Report Lobbying. I certify that I shall require all subawards at all tiers (including sub-grants and contracts) to similarly certify and disclose accordingly. Federally recognized Indian Tribes and tribally designated housing entities (TDHEs) established by Federally-recognized Indian tribes as a result of the exercise of the tribe's sovereign power are excluded from coverage by the Byrd Amendment, but State-recognized Indian tribes and TDHEs established under State law are not excluded from the statute's coverage.

I/We, the undersigned, certify under penalty of perjury that the information provided above is true, accurate, and correct. WARNING: Anyone who knowingly submits a false claim or makes a false statement is subject to criminal and/or civil penalties, including confinement for up to 5 years, fines, and civil and administrative penalties. (18 U.S.C. §§287, 1001, 1010, 1012, 1014; 31 U.S.C. §3729, 3802; 24 CFR §28.10(b)(1)(iii)).

* Signature:

**Applicant and Recipient
Assurances and Certifications**

**U.S. Department of Housing
and Urban Development**

OMB Number: 2501-0044
Expiration Date: 2/28/2027

Instructions for the HUD 424-B Assurances and Certifications

As part of your application for HUD funding, you, as the official authorized to sign on behalf of your organization or as an individual, must provide the following assurances and certifications. The Responsible Civil Rights Official has specified this form for use for purposes of general compliance with 24 CFR §§ 1.5, 3.115, 8.50, and 146.25, as applicable. The Responsible Civil Rights Official may require specific civil rights assurances to be furnished consistent with those authorities and will specify the form on which such assurances must be made. A failure to furnish or comply with the civil rights assurances contained in this form may result in the procedures to effect compliance at 24 CFR §§ 1.8, 3.115, 8.57, or 146.39.

By submitting this form, you are stating that all assertions made in this form are true, accurate, and correct.

As the duly representative of the applicant, I certify that the applicant: [Insert below the Name and title of the Authorized Representative, name of Organization and the date of signature]:

*Authorized Representative Name:

Travis Hopkins

*Title: City Manager

*Applicant/Recipient Organization:

City of Huntington Beach

1. Has the legal authority to apply for Federal assistance, has the institutional, managerial and financial capability (including funds to pay the non-Federal share of program costs) to plan, manage and complete the program as described in the application and the governing body has duly authorized the submission of the application, including these assurances and certifications, and authorized me as the official representative of the application to act in connection with the application and to provide any additional information as may be required.

2. Will administer the grant in compliance with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000(d)) and implementing regulations (24 CFR part 1), which provide that no person in the United States shall, on the grounds of race, color or national origin, be excluded from participation in, be denied the benefits of, or otherwise be subject to discrimination under any program or activity that receives Federal financial assistance OR if the applicant is a Federally recognized Indian tribe or its tribally designated housing entity, is subject to the Indian Civil Rights Act (25 U.S.C. 1301-1303).

3. Will administer the grant in compliance with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended, and implementing regulations at 24 CFR part 8, the American Disabilities Act (42 U.S.C. §§ 12101 et seq.), and implementing regulations at 28 CFR part 35 or 36, as applicable, and the Age Discrimination Act of 1975 (42 U.S.C. 6101-07) as amended, and implementing regulations at 24 CFR part 146 which together provide that no person in the United States shall, on the grounds of disability or age, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity that receives Federal financial assistance; except if the grant program authorizes or limits participation to designated populations, then the applicant will comply with the nondiscrimination requirements within the designated population.

4. Will comply with the Fair Housing Act (42 U.S.C. 3601-19), as amended, and the implementing regulations at 24 CFR part 100, which prohibit discrimination in housing on the basis of race, color, religion, sex, disability, familial status, or national origin and will affirmatively further fair housing; except an applicant which is an Indian tribe or its instrumentality which is excluded by statute from coverage does not make this certification; and further except if the grant program authorizes or limits participation to designated populations, then the applicant

will comply with the nondiscrimination requirements within the designated population.

5. Will comply with all applicable Federal nondiscrimination requirements, including those listed at 24 CFR §§ 5.105(a) and 5.106 as applicable.

6. Will not use Federal funding to promote diversity, equity, and inclusion (DEI) mandates, policies, programs, or activities that violate any applicable Federal anti-discrimination laws.

7. Will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (42 U.S.C. 4601) and implementing regulations at 49 CFR part 24 and, as applicable, Section 104(d) of the Housing and Community Development Act of 1974 (42 U.S.C. 5304(d)) and implementing regulations at 24 CFR part 42, subpart A.

8. Will comply with the environmental requirements of the National Environmental Policy Act (42 U.S.C. 4321 et seq.) and related Federal authorities prior to the commitment or expenditure of funds for property.

9. That no Federal appropriated funds have been paid, or will be paid, by or on behalf of the applicant, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, and officer or employee of Congress, or an employee of a Member of Congress, in connection with the awarding of this Federal grant or its extension, renewal, amendment or modification. If funds other than Federal appropriated funds have or will be paid for influencing or attempting to influence the persons listed above, I shall complete and submit Standard Form-LLL, Disclosure Form to Report Lobbying. I certify that I shall require all subawards at all tiers (including sub-grants and contracts) to similarly certify and disclose accordingly. Federally recognized Indian Tribes and tribally designated housing entities (TDHEs) established by Federally-recognized Indian tribes as a result of the exercise of the tribe's sovereign power are excluded from coverage by the Byrd Amendment, but State-recognized Indian tribes and TDHEs established under State law are not excluded from the statute's coverage.

I/We, the undersigned, certify under penalty of perjury that the information provided above is true, accurate, and correct. WARNING: Anyone who knowingly submits a false claim or makes a false statement is subject to criminal and/or civil penalties, including confinement for up to 5 years, fines, and civil and administrative penalties. NOTICE OF FUNDING AVAILABILITY Community Development Block Grant

INFORMATION AVAILABLE:

The City of Huntington Beach (City) anticipates receiving Community Development Block Grant (CDBG) program funds from the United States Department of Housing and Urban Development for qualifying projects and programs during the 2025-26 Fiscal Year. It is suggested that applicants review the Application Handbook posted online to ensure that all submissions are eligible, complete, and provided with the appropriate documentation: www.huntingtonbeachca.gov/CDBG. Applications are available for any non-profit organization interested in requesting funding. Any eligible non-profit group may be submitted for consideration.

Application packets will be available beginning Thursday, October 3, 2024, on the City's website at: www.huntingtonbeachca.gov/CDBG. All applications must be received by 5:00 p.m. on Thursday, December 12, 2024. No late applications will be accepted.

The City of Huntington Beach is developing a new "Consolidated Plan" to shape our community's future from July 2025 to June 2030. This plan will help us decide how to use federal funds, such as CDBG and HOME Investment Partnerships Act (HOME) funds for things like housing, infrastructure, public facilities, economic development, and community services. Your input will guide us in meeting our community's needs. Please take a moment to fill out the survey at: www.bit.ly/hbconsolidatedplan

In accordance with the Americans with Disabilities Act, any person or agency may request a copy of the application via telephone, email, fax, USPS or in person at no cost. LEP (Limited English Proficiency) persons may request copies of this notice and the application translated accordingly. Please contact the City Clerk's Office at (714) 536-5227 for more information, or request assistance from staff listed above.

**CITY OF HUNTINGTON BEACH
CITIZEN PARTICIPATION ADVISORY BOARD (CPAB)
PUBLIC HEARING NOTICE
ON HOUSING AND COMMUNITY DEVELOPMENT NEEDS
FOR THE 2025/26-2029/30 CONSOLIDATED PLAN
AND FY 2025-26 ANNUAL ACTION PLAN**

NOTICE IS HEREBY GIVEN that on January 16, 2025, at 6:00 PM or as soon thereafter as the matter may be heard, the Huntington Beach Citizen Participation Advisory Board (CPAB) will hold a public hearing as a means for eliciting the views and opinions of Huntington Beach residents regarding the City's community development and housing needs for the 2025-2029 Consolidated Plan and the 2025-2026 Action Plan. The meeting will be held at:

City of Huntington Beach City Hall
Lower Level, Room B-7
2000 Main Street
Huntington Beach, CA 92648

In order for the City to receive annual Community Development Block Grant (CDBG) and HOME Investment Partnerships Program (HOME) funds from the U.S. Department of Housing and Urban Development (HUD), the City must develop and submit a five-year Consolidated Plan ("Plan"). This Plan will describe Huntington Beach's community profile including its population and household types, employment, housing inventory and characteristics, housing availability and affordability, and housing and community development needs. The Plan details a strategic plan over five years that describes the City's goals, resources, and programs and activities to address the needs identified. The Plan will include a FY 2025/26 Annual Action Plan (AAP) that describes what resources, programs and activities will be used specifically in FY 2025/26 to accomplish specific, quantifiable goals related to the strategic plan, which is a component of the Plan. The Plan and AAP are due to HUD by May 15, 2025 and are subject to review and approval by HUD.

The Plan entails a general assessment of needs for all households but concentrates particularly on very low and low-income households at or below 80 percent of median family income including minorities, the elderly, the disabled, the homeless, special needs groups, and large family households. Programs and strategies covered by the Plan include activities encompassing housing rehabilitation programs, public facilities and infrastructure improvements, providing public services, tenant rental assistance, and actions to affirmatively further fair housing choice and lessen barriers and constraints to the affordability and availability of housing for all residents. The compilation of the Plan requires that the City consult with other local jurisdictions, public housing agencies, social service agencies, private and non-profit organizations, and citizens to obtain comments on specific needs and concerns. All concerned citizens are encouraged to attend and participate in this meeting.

Comments provided during the public hearing will be considered during preparation of the City's five-year 2025-2029 Consolidated Plan and the FY 2025/26 Annual Action Plan. Residents and agencies serving low- and moderate-income populations in Huntington Beach are invited to participate in the public hearing and present their comments and/or write to the City of Huntington Beach, Community Enhancement Division at 2000 Main Street, 5th Floor, Huntington Beach, CA 92648 before the CPAB public hearing on January 16, 2025.

Special accommodations for disabilities and/or language barriers are available upon request, including translation services, as required by the City's Citizen Participation Plan. Any questions may be directed to Gregory Hoang, Senior Housing Analyst, at (714) 536-5473 or via email at Gregory.Hoang@surfcity-hb.org.

In accordance with the Americans with Disabilities Act, services are available to members of our community who require special assistance to participate in public meetings. If you require special assistance, 48-hour prior notification will enable the City to make reasonable arrangements for an assisted listening device (ALD) for the hearing impaired, American Sign Language interpreters, a reader during the meeting and/or large print agendas. Any person or agency may request a copy of the plan via telephone, email, fax, USPS or in person at no cost. LEP (Limited English Proficiency) persons may request copies of this notice, Annual Action Plan, and CAPER translated accordingly. Please contact the City Clerk's Office at (714) 536-5227 for more information, or request assistance from staff listed above.

FY 2025 - 2029 ORANGE COUNTY REGIONAL ASSESSMENT OF FAIR HOUSING
FOR COMMUNITY DEVELOPMENT BLOCK GRANT AND
HOME INVESTMENT PARTNERSHIPS PROGRAMS**

This notice initiates a 30-day public review period for the City of Huntington Beach's Five-Year Consolidated Plan (FY 2025/26-2029/30), Annual Action Plan, Citizen Participation Plan, and the FY 2025-2029 Orange County Regional Assessment of Fair Housing. Public comments are encouraged, with a public hearing to consider adoption scheduled for **Tuesday, May 6, 2025**, at 6 PM, in the Central Library Theater (7111 Talbert Ave, Huntington Beach, CA 92648).

Five-Year Consolidated Plan

The Five-Year Consolidated Plan functions as a strategic plan prepared through a comprehensive process that identifies local needs and priorities, with a focus on housing, community facilities, public infrastructure, and public services. The City anticipates receiving approximately \$6 million in CDBG and \$3.5 million in HOME funds during the Five-Year period. These funds are designated to support the greatest needs in the community including affordable housing, community services, and facility and infrastructure improvements.

Annual Action Plan

An essential component of the Five-Year Consolidated Plan, this plan details how the City will allocate federal CDBG and HOME funds for FY 2025/26, specifically. The Annual Action Plan has two principal purposes: 1) Identify the projects and programs that will be undertaken during the upcoming fiscal year, and the proposed objectives and outcomes to be achieved within the overall Five-Year Consolidated Plan; and 2) serve as the City's application for federal formula grants, principally comprised of CDBG and HOME program funds. The City anticipates approximately \$1.38 million in CDBG and \$984,428 in HOME funds for the fiscal year. The City is proposing to allocate CDBG and HOME funds in the FY 2025/26 Annual Action Plan as follows:

City of Huntington Beach – Housing Rehabilitation Loan/Grant/Program	\$381,139
City of Huntington Beach – Special Code Enforcement	\$246,506
City of Huntington Beach – Housing Services for Tenant Based Rental Assistance	\$235,000
Pathways to Independence – Residential Program for Low-Income Women	\$20,530
Project Hope Alliance – On-Site Case Management for Homeless Youth	\$20,530
Robyne's Nest – Housing for Homeless High School Students	\$40,529
StandUp for Kids OC – Street Outreach Program	\$15,530
City of Huntington Beach – Senior Services Case Management	\$30,530
City of Huntington Beach – Children's Bureau	\$40,530
City of Huntington Beach – CDBG Program Administration	\$224,239
City of Huntington Beach – ADA Curb Cuts in Maintenance Zone 3	\$125,000
Total CDBG Projects	\$1,380,063
Families Forward – Tenant Based Rental Assistance Program	\$200,000
Mercy House – Tenant Based Rental Assistance Program	\$200,000
Senior Mobile Home – Tenant Based Rental Assistance Program	\$128,841
City of Huntington Beach – CHDO Reserve	\$261,754
City of Huntington Beach – HOME Program Admin (Including Carryover Funds)	\$193,833
(Includes Fair Housing Foundation – Fair Housing Program)	
Total HOME Projects	\$984,428

Citizen Participation Plan

The City's Citizen Participation Plan ensures public involvement in the allocation of federal funds, focusing on equitable representation and communication with low-income and underrepresented communities. This plan complies with HUD regulations at 24 CFR Part 91.105 and seeks to encourage participation from those least likely to engage in the process, including residents in distressed neighborhoods and assisted housing developments. This document outlines basic citizen participation principles and will remain in effect throughout the implementation of the City's entitlement awards during the Five-Year Consolidated Plan period of FY 2025/26 – 2029/30.

The City will adopt a policy to minimize displacement from CDBG and HOME-funded projects, aiming to avoid or minimize its impact. If displacement occurs, assistance will include relocation payments, help finding replacement housing, and related services. The Residential Anti-Displacement and Relocation Assistance Plan is included in the FY 2025/26-2029/30 Citizen Participation Plan.

FY 2025-2029 Orange County Regional Assessment of Fair Housing

Required under the Fair Housing Act, this assessment identifies fair housing challenges across Orange County. It includes goals to increase affordable housing in high-opportunity areas, prevent displacement of low- and moderate-income residents, and ensure equal access to housing for persons with protected characteristics. A regional collaborative approach was undertaken to review local data, conduct extensive outreach, and to identify and address impediments to fair housing choice. In the assessment, 45 factors were determined to contribute to fair housing issues across Orange County.

PUBLIC REVIEW AND COMMENTS

The public review period will run from April 4, 2025 to May 6, 2025. These documents can be viewed on the City's website at <https://www.huntingtonbeachca.gov/CDBG>, or in person at City Hall (2000 Main Street, Huntington Beach, CA 92648) and Oakview Library (17251 Oak Lane, Huntington Beach, CA 92647). Copies are also available by appointment through the Community Enhancement Division at (714) 536-5582. Written comments can be submitted to Gregory Hoang, Senior Housing Analyst, City of Huntington Beach, 2000 Main Street – Fifth Floor, Huntington Beach, CA 92648, or by email. The City Council will consider all comments received during the 30-day public comment period at the May 6, 2025 City Council public hearing.

Following adoption, the Five-Year Consolidated Plan (FY 2025/26-2029/30), FY 2025/26 Annual Action Plan, FY 2025/26-2029/30 Citizen Participation Plan, and the FY 2025/26-2029/30 Analysis of Impediments to Fair Housing Choice, will be submitted to HUD and will remain available for public review throughout

the Program Year.

MEETING ASSISTANCE NOTICE

Accommodations for disabilities or language barriers, including Spanish translation services, are available upon request. Specific requests should be submitted at least one week prior to the May 6, 2025, public hearing to Gregory Hoang at (714) 536-5473, by email at Gregory.Hoang@surfcity-hb.org, or my mail to Community Enhancement, 2000 Main Street, 5th Floor, Huntington Beach, CA 92648. Accessible parking will be provided for all public meetings.

Housing and Community Development Needs Survey

Huntington Beach is developing a new "Consolidated Plan" to shape our community's future from July 2025 to June 2030. This plan will help us decide how to use federal funds such as Community Development Block Grant (CDBG) and HOME Investment Partnership Act (HOME) funds for things like housing, infrastructure, public facilities, economic development, and community services. Your input will guide us in meeting our community's needs. Thanks for taking a moment to fill out this survey!

Encuesta sobre Necesidades de Vivienda y Desarrollo de la Comunidad

Huntington Beach está trabajando en un nuevo "Plan Consolidado" para darle forma al futuro de nuestra comunidad desde julio de 2025 hasta junio de 2030. Este plan nos ayudará a decidir cómo usar fondos federales como los del Community Development Block Grant (CDBG) y HOME Investment Partnership Act (HOME) para cosas como vivienda, infraestructura, instalaciones públicas, desarrollo económico y servicios comunitarios. Tu opinión nos ayudará a entender mejor las necesidades de la comunidad. ¡Gracias por tomarte un momento para llenar esta encuesta!

2024-12-05 19:46:43	Confidential	Confidential	Confidential	35 - 44 years	Male	Yes	Resident	Employed	Own	High density and low income housing is not needed, nor is it desired. The infrastructure cannot support a significantly larger population. Any services for vagrants should be geared towards actually helping them improve their lives or removing them from the city. Nothing should be provided to attract ne'er-do-wells to the city. Huntington Beach needs to remain desirable for residents and visitors.

2024-12-03 14:18:17	Confidential	Confidential	Confidential	35 - 44 years	Female	Yes	Resident	Employed	Own	North Huntington Beach needs improved road conditions (Heil between Gothard and Goldenwest). The roads are always under construction to accommodate HDH. Traffic is heavy in these areas and new traffic lights and road improvement (turn lanes and lights) are needed to accommodate the drastic increase. There are so many children living in HDH there needs to be a focus on public parks. Keeping green space open for all to enjoy.

2024-12-01 18:42:09	Confidential	Confidential	Confidential	45-64 years	Male	Yes	Resident	Employed	Own	Clean up streets and sidewalks in ALL of Huntington Beach, specifically Heil St between Beach Blvd and Gothard. Don't just clean up down town area but all areas in HB. Beach Blvd needs beautification as well. Newport Bch has nice trees etc on the median of roads Beach Blvd median is a disaster! Also clean up the homeless population. This is Huntington Beach, not Homeless Beach. Get them off the streets and sidewalks.

Submission Date	First Name	Last Name	Email	Age	Gender	Do you live with children under 18?	What is your affiliation with Huntington Beach?	Employment Status	Rent or Own?	Do you have any additional comments on housing and community development needs in Huntington Beach?
2024-11-30 12:43:22	Confidential	Confidential	Confidential	35 - 44 years	Male	Yes	Resident	Employed	Own	A greater focus needs to be made on the downtown area in developing a central town square model for the city's residents to gather in a safe and family friendly atmosphere. This would include blocking or restricting traffic on Main Street to allow development of greater walking space and pedestrian plazas. Also it would be beneficial to expand permit/paid parking in the surrounding downtown neighborhoods to improve vehicle space turnover and make it easier for people to visit from throughout the city, especially during the busy times of year.
2024-11-30 09:08:12	Confidential	Confidential	Confidential	35 - 44 years	Male	Yes	Resident	Employed	Rent	Limit companies to flip houses with \$100k of profit in 2-3 months. That drives market up and makes the place unaffordable. Gentrification is a real problem which house-flipping entrepreneurs don't really care about. Stop closing schools (those won't be able to reopen in the future as something else will be built on top) Bring more trees to the community. The surveys call for beautification, in my mind it is more than that. We have no shade on our streets, it becomes a concrete city that only has concrete walls for pedestrians to look at. Those would bring more folks to walk / bike rather than just drive the 2-3 miles needed. For their commute.
2024-11-30 05:47:39	Confidential	Confidential	Confidential	45-64 years	Male	Yes	Resident	Employed	Rent	
2024-11-29 21:45:22	Confidential	Confidential	Confidential	35 - 44 years	Male	Yes	Resident	Employed	Own	I'm totally fine with any efforts to improve mass transit options to Los Angeles from Huntington. I also am fine with larger scale residential projects, to help offset the out-of-control cost of living. I'd love to see the city prohibit airbnb and other short-term rentals from operating. And also, if there's a way to legally do this, bar companies and from owning homes, just so they can rent them out. I'd also like to see only primary residents own homes, so no individuals can own second homes here, nor can foreigners buy homes as investment properties. All would create more home affordability.
2024-11-29 19:19:46	Confidential	Confidential	Confidential	Over 65 years	Male	No	Resident	Retired	Own	This survey design is inadequate for the opinions you seek. Needs more nuance.

2024-11-28 20:12:18	Confidential	Confidential	Confidential	45-64 years	Female	Yes	Resident	stay at home mom	Own	Huntington Beach is a coastal town in very desirable area so it is understandable that not everybody can afford to life in HB. There is not much free land to build a lot of new housing so the best is to improve and repurpose what city has. There is not enough smaller affordable houses/condos/areas for retired people to move into instead of living in their 3 -4 bedroom houses because it is due tax props more affordable for them to stay then to move. I also believe that homeless people should be offered room in shared housing for very low cost if they are willing to follow certain rules, if they are not, they should not be allowed to stay just where ever they feel like, especially if they commit crimes, and they are not mentality heathy, they can't just roam streets - they need help. Affordable/subst. housing should be offered as priority to families/people who work in HB in not as great paying jobs but needed. maybe rent to buy options of small apartments/condos through city. Also school sites open spaces need to be protected from developers since many are used by various youth organizations during non-school hours and they are the only open grass spaces enough for soccer or football. People need green spaces and they are less and less of them. Food banks - let grocery stores donate almost expired food/just expired to nonprofits who feed homeless , low income. Cooperate with residents who have great ideas how to help their communities with simple ideas. Keep a database of small crimes with fingers prints and after 3 strikes, make them do public work. Help hardworking families of low income with services they need to survive (free dental clinic, prevention, low cost childcare...) . research how other city successfully tackled various problems and learn from their success. They are great people living in HB, but many feel like leaving because their city in getting overrun by too many unsolved problems of homelessness and crime.
2024-11-28 19:57:55	Confidential	Confidential	Confidential	18 - 34 years	Male	Yes	Resident	Employed	Rent	I believe we need to prioritize addressing critical local issues such as improving the condition of roads and sidewalks, enhancing area beautification by planting more trees and reducing excessive lighting, and upgrading our street cleaning systems, which currently fail to provide effective results. Additionally, it is essential to ensure our parks and beaches are safe, clean, and welcoming spaces for families. This includes addressing the issue of vagrancy in public spaces to maintain a safe environment for women and children while exploring compassionate and sustainable solutions to assist those in need and if they don't accept help then send them packing. By focusing on these priorities, we can foster a community that is both functional and vibrant.

2024-11-21 20:53:56	Confidential	Confidential	Confidential	35 - 44 years	Female	Yes	Resident	Employed	Own	As an Architect, homeowner and mother to two children ages 3 and 6 I see the need for additional housing in Huntington Beach. It's becoming unaffordable for many families and forcing people to pay higher rent and mortgage prices or leave the city due to lack of affordable housing. The homelessness also seems to have increased in the past 10 years and our city must continue to serve those in need. Shelter, food and access to healthcare should be available to all, regardless of income or housing status.

2024-11-21 20:34:50	Confidential	Confidential	Confidential	45-64 years	Female	Yes	Resident	Employed	Own	We do not have room for more housing. Let's use the limited resources to improve what we already have in place. Spruce up the existing parks, repair the sidewalks and streets, and get the homeless out of HB.
2024-11-21 20:11:19	Confidential	Confidential	Confidential	35 - 44 years	Male	Yes	Resident	Employed	Own	Be aware of "rehabilitation" companies buying homes in neighborhoods: with children, schools, etc. we have two of these houses in our neighborhood... the Overdose (Death) score is 4 to 2. The neighbors have grown closer because of this, and keep track of police/fire visits.
2024-11-21 19:53:43	Confidential	Confidential	Confidential	35 - 44 years	Female	Yes	Resident	Employed	Own	Affordable housing needs to be a priority. With our median age getting older, what will become of Huntington Beach once older residents pass if young families aren't able to afford housing in Huntington Beach? Already we are seeing the effect of young families not being able to afford living here, with the closure of OVSD schools due to a drop in attendance (due to less elementary school aged children living in HB). We need to think of future generations to come and not waste our time with identity politics.
2024-11-21 19:13:53	Confidential	Confidential	Confidential	35 - 44 years	Male	Yes	Resident	Employed	Own	Need more sport complex that have swimming pools
2024-11-21 13:20:34	Confidential	Confidential	Confidential	45-64 years	Female	No	Resident	Retired	Own	Maintenance of city restrooms. Regular Cleanliness and remodels when needed- our city should be ashamed of our current conditions at most public parks(central) and beach city restrooms- Additional Mobil mats ADU on the beach for additional access to handicapped and seniors . The two are great but overcrowded and parking to get to the ADU mats is horrible- if we installed more ADU mats then perhaps it would mitigate the problems for those suffering from Mobil issues. Thank yiu

2024-11-20 10:13:19	Confidential	Confidential	Confidential	35 - 44 years	Male	Yes	Resident	Employed	Own	Huntington Beach has the worst parks and library system of all the surrounding cities. South HB has Edison Park (run down, tennis courts chained shut, unusable) and Banning Library (completely run down and no funding). The air show and other events are great and should continue, but we need to scale back on the amount of tax payer money going towards it and make permanent improvements to HB instead of spending all that money on a one-time event. Making roads more bike friendly with protected bike lanes and planted trees should be a big focus as well. Making the area more walk/bike friendly will decrease car congestion and increase quality of life.

2024-11-19 22:35:33	Confidential	Confidential	Confidential	35 - 44 years	Female	Yes	Resident	Employed	Own	I highly recommend developing bike and e-bike designated roadways. On main streets that lead to middle schools and high schools. For example Slater, Goldenwest, Springdale. They should close down one lane and leave the other as bike paths/large side walks with more trees and plants. Theres never that much traffic and the wait would be well worth safe and peaceful pathways. There's kids riding all over the place in high traffic spaces and should feel safe making it to and from school. It's also especially stressful driving and seeing so many potential accidents. This is a family town but looks like a concrete jungle. This change would really change this town to the outdoor beautiful family community that it is in the inside on the outside.

Additionally, new housing is needed to foster an environment that attracts job creation, encouraging businesses to relocate to or start within HB, confident that their workforce can live close to work. Finally, our city leaders must adopt a more business-centric, pro-growth approach to create a vibrant downtown. Over the past year, walking down Main Street, the frequent emptiness has been a stark reminder of the lack of focus on issues that could improve residents' quality of life and opportunities.

2024-10-30 14:12:06	Confidential	Confidential	Confidential	Over 65 years	Male	No	Resident	Employed	Rent	HB's quality of life has diminished over the years. Helicopters that fly over and hover at all hours of the night and early morning. Perhaps review when it's absolutely necessary to disperse helicopter crews and minimize waking residents at all hours (almost every night). Keep in mind we're already dealing with Long Beach Airport's flight path until after 11pm and starting as early as 4:30am. They sometimes fly as low as 2-4k feet and shake the house when coming in for a landing. I realize HB is a destination center for many (both good and bad) and appreciate my chosen hometown for all its natural beauty and charm but remain sad that a good night's sleep can be so rare these days. Of the two topics, the helicopter issue is the worse. Thank you.

2024-10-28 13:35:13	Confidential	Confidential	Confidential	Over 65 years	Female	No	Resident	Retired	Own	I would love to see a community pool in Huntington Beach. If tiny Seal Beach can provide a community pool why can't HB? The pool at the city gym is unsuitable and out of date. Also leave the library alone, there is way to much meddling from the City Council. Parents can decide what is and isn't appropriate for their children, we don't need a nanny state deciding on books. Affordable housing is a key need for the city, teachers like my daughter struggle to pay the rent. I don't mind density so long as the buildings are well designed with enough parking allocated. Transportation would be a plus, a city shuttle bus system would go a long way to decrease congestion.

2024-10-26 08:10:46	Confidential	Confidential	Confidential	Over 65 years	Male	No	Resident	Retired	Own	Housing or facilities for homeless services should be located in the lower-cost areas of HB. I understand that some coastal cities have built housing/facilities in prime locations which is a huge waste of resources and a magnet to draw more homeless to the very areas that should be the engines of value for a city. Homeless outreach should be to encourage homeless to go to shelters and receive counseling to re-establish productive lives (similar to the work done on Oct 18 by the city's Social Workers). Recognizing that the vast majority of homelessness is the result of drugs/alcohol and mental illness, religious organizations often have far more effective programs than governments; to the extent that funding can go to such religious programs, I believe the funds will be used more efficiently and effectively.

2024-10-26 04:37:40	Confidential	Confidential	Confidential	Over 65 years	Female	No	Resident	Retired	Own	I feel this city needs to stop building expensive apartments and condos. It would be better to focus on areas that can be upgraded. So many of the streets need repair. And while the homeless issue has greatly improved, more needs to be done to assist people with mental health and addiction. This might help with the open drug dealing in our city.
2024-10-25 19:51:49	Confidential	Confidential	Confidential	Over 65 years	Female	No	Resident	Retired	Own	Yes, For seniors, it is important to have social activities that encourage thought, creativity, and friendships. There is the HBAC which in some ways serves this aspect of needs. But there is a rather large group of residents that regularly attend a monthly meeting of the Huntington Beach Art League. In addition this group not only puts on this free, open to the public art demonstrations with art of members to view and be judged for ribbons by the guest artist. But there is also light refreshments and camaraderie among seniors with like interests. This group has been meeting and active for over the 25 years that I have been involved. Yet we get NO city funding at all. We are also required to pay the same hourly rate that residents who want a baby shower in the center or a wedding pay. (So I ask: why do we call it a senior center, IF seniors are not given some financial advantages. And we, the seniors, are mostly on fixed incomes, with the prices of basic needs constantly going up.) I feel this is a community need that has not been developed at all. Please also note that the City of Cypress, as well as other cities, let's their art league use the community building with no charge, for meetings, workshops and juried shows.

2024-10-25 16:44:16	Confidential	Confidential	Confidential	Over 65 years	Female	No	Resident	Retired	Own	Huntington Beach has historically integrated affordable housing in neighborhoods so they did not stand out or look like ghetto housing. They should continue on this path and allow homeowners to add housing on their property for extended family or rentals. We do not need to become a gentrified, unaffordable place to live, denying ordinary workers the ability to live here, like our police, fire, and city workers, and those in the tourist service industries. I do not support City Attorney Gates's endless litigation against affordable housing.

2024-10-21 10:02:12	Confidential	Confidential	Confidential	Over 65 years	Female	No	Resident	Employed	Own	I support the need to bring young families to HB, in turn this will support our currently operating businesses and our schools with declining enrollment. Therefore, I support housing to buy or rent for moderate to low/moderate income families that are employed. I would not like to see the city support low income housing and then it become an expense to the tax payers to take care of it. Has the city thought to work with the school districts to provide low income housing for qualified/employed new teachers that can't afford to live here for the first 10 years of their careers? It would support the education of students in HB by hiring highly qualified teachers. Same for new city employees, including our police/fire. I feel if they are bringing support to the city, we should support them or provide some kind of an allowance. I do not support new home construction for low income, but do support transitioning existing housing to make affordable for low income employed residents. New construction should be for moderate income families to buy starter homes.

2024-10-21 07:45:12	Confidential	Confidential	Confidential	45-64 years	Female	No	Resident	Employed	Own	Mobile homes should have their own set of housing laws. Mobile homeowners do not receive the same benefits as an apartment renter. We own our mobilehomes but pay lot rent to the Owner. We do not get free maintenance, if something breaks, we, the owners have to pay someone to fix it. We don't get use of the park gardener and when they decided to install solar panels, they only installed them on their rentals and did not even ask any of the homeowners if they would like to be included. So, their rentals are getting free electricity, and we still have to pay for ours. The corporations that have bought the parks have consistently raised the rent at least once a year sometimes twice at around 8.5 to 10% each time. Even during Covid they continued to raise the rent, even though we couldn't even use the facilities, such as the pool. Everyone assumes it is cheap to live here and believe me it is not. My current lot rent per month is almost \$3,000 per month and I am a single person. I hope to retire in a few years but am concerned it I will be able to keep up these kinds of rents. HB should make these parks part of "Affordable Housing", we are already established, you wouldn't need to build anything, and you would already have tenants in place. Your job would be to restrict these corporations from overwhelming us with these huge rent increases. So sad to see all these mobile homes that are for sale. This is no longer a place for Seniors to retire and selling these homes is almost impossible once prospective buyers find out about the lot rent

2024-10-18 18:17:57	Confidential	Confidential	Confidential	Over 65 years	Female		Resident	Retired	Own	Family-sized housing units of more than two bedrooms are needed; and rather than in apartment buildings these should be in single family homes or town homes with plenty of green space and open space surrounding them. Plan for adequate open space in each new development, perhaps using a formula requiring X amount of public open space per dwelling unit. Require new multi-family buildings to have off-street loading zones and off-street parking for residents. Residents without cars will need to be served by commercial transportation services, or picked=up/dripped-off by friends; it is a mistake to think that "transit-oriented development" can logically translate to fewer parking spaces or loading zones. Require off-street loading/parking zones for all new housing to allow for delivery and service vehicles and visitors to access residences without parking in the street. Carefully measure the capacity of water/sewer infrastructure to accommodate new residential growth, and deny new development permits until/unless capacity is adequate. Spend money to increase infrastructure capacity before increasing housing density. Concurrency principle.

2024-10-17 05:12:46	Confidential	Confidential	Confidential	35 - 44 years	Female	No	Resident	Employed	Own	I wish the city would stop fighting the state on housing issues. Let city staff do their job developing housing plans for the city and making life easier for our residents. We have a city where we expect people to bag our groceries, serve our fast food, and ring us up for our clothing purchase, but heaven forbid the bedrock workers of our businesses be able to afford to live in the city where they work. We need more and affordable housing. And not just apartments for rent, we need to let people have a chance to own property. And while I think the city has done a good job with resources for homeless individuals, I think it could use more services for low income people, or at least better direct them to resources if their are existing appropriate agencies. But if we are simply directing them to a waiting list, that again highlights the issue that we need greater housing supply or things like rental assistance (instead of a network of nonprofits like Salvation Army that nobody knows how to reach, and they run out of money quickly anyways). It would also be useful to have landlord/tenant guidance. So many people have no idea what their rights and responsibilities are—both landlord and tenant, and understandably so, as it is a complex field. Any improvements to bike/pedestrian traffic and public transportation are welcome! And adding greenery where possible, and maintaining our incredible parks, beaches, and wetlands for wildlife and people alike is essential.

2024-10-14 19:59:33	Confidential	Confidential	Confidential	45-64 years	Female	No	Resident	Employed	Own	In addressing the allocation of funding, I believe it's important to distinguish between different groups within the homeless population. The survey does not dig deep into the weeds to distinguish this in the questions that were asked. We should prioritize support for veterans, seniors, and single mothers with children, and I recommend implementing drug testing for individuals seeking assistance before distributing taxpayer dollars. Additionally, I propose allocating funding specifically to existing animal rescue groups with proven track records that already help OC Animal Care with their situation, ensuring they can expand their efforts to address and prevent animal abuse. I will oversee this budget allocation process closely to ensure effectiveness and accountability.. feel free to ask for my expansion on this project and credentials.
2024-10-14 18:23:13	Confidential	Confidential	Confidential	45-64 years	Female	No	Resident	Retired	Own	I strongly favor rehabilitating existing housing so that our neighborhoods remain vital instead of disintegrating and becoming housing for wealthy/part timers. This includes renovating multi-family. The city's approach to short term rentals is critical for sustaining our neighborhoods. The city's approach to not tipping toward the needs of short term visitors and their activities in a way that makes it undesirable for full time residents. Our small businesses benefit from tourism, but need full time residents to sustain them annually. PLEASE police the fireworks. It is not fun to live in a war zone for weeks around July 4. Law enforcement seems less visible this year vs last. Good times can work with law and order. It makes this place special. City does a great job cleaning streets and sidewalks and beaches. Our street lighting is good. Neighborhood events to pick up trash might be good. We all know when the bad street trash occurs in the summer... I hope our City Council will be able to work together for common good or it seems this plan will be difficult to make and execute.

2024-10-14 12:30:09	Confidential	Confidential	Confidential	45-64 years	Female	No	Resident	Employed	Own	I would like to see comprehensive services/systems/shelter put in place for drug addicted individuals that start with lockdown and eventually progress through a system of recovery/re-training/repayment (in terms of giving back to the institution that served them. In other words; get them off the street and start a long term treatment plan that integrates them back into society. Also, please separated the TRULY unhoused or homeless due to circumstances other than drug and alcohol. Severe mental impairment primarily due to drugs is a separate and much more sever problem that needs to be addressed at it's own entity.

2024-10-14 04:40:31	Confidential	Confidential	Confidential	Over 65 years	Male		Resident	Employed	Own	Please implement the HB mobility plans recommendation to improve safety on HB's crowded class 1 beach path: provide lane separation of the bicycles and pedestrian extending the striping from the bluffs between dog park and about 6th street for the entire length of the HB coastal path. Please follow ADA guidelines to provide an minimum 80" overhead clearance (with a minimum of 3' width for sidewalks) by trimming all trees and foliage in all of the HB parks. Please amend the cumbersome policy of having code enforcement contact owners of property with foliage that comes over the their walls and impinges on the sidewalks. Yes It is the owners wall but the city has air rights over its sidewalks. please allow a multiple choice answer . I am both a resident and worker in HB

Garages are excluded as people use them for storage or living space. Parking lots or on street, in the next complex not on existing streets, is necessary. Parking should allow for 1-2 cars for studios and 1 bedroom and 2-3 cars for 2 bedroom. This has been a major issue in our city. Each new construction should have a higher percentage of low and moderate units than we currently have.
2024-10-12 19:48:37	Confidential	Confidential	Confidential	Over 65 years	Female	No	Resident	Retired	Own	I would like more affordable housing for families and people who work in Huntington Beach, such as service industry workers. Improved bike lanes and shuttle services so cars can be reduced.

2024-10-12 11:00:14	Confidential	Confidential	Confidential	Over 65 years	Male	No	Resident	Retired	Own	ALL housing concerns should be left to the free market system to sort out/prioritize etc. No government favors, handouts, set-asides etc. AND NO, NONE, low income housing. There are plenty of other places to live in California far less expensive than along the coast. If someone can't afford the housing here, then look elsewhere. As for community development, how about instead of casting around for ways to spend our money, you instead look for ways to spend far far less and give the overburdened taxpayer here a break. Personally, I and I'm sure many others would appreciate a refund for the school taxes we're forced to pay even though many of us have no children in those schools. If I could walk my dog on the grounds that I have to pay for that would be one thing but you fence it off and therefore prevent us from using property that we pay for. Not right, not fair, not equitable.

2024-10-11 16:47:46	Confidential	Confidential	Confidential	Over 65 years	Male	No	Resident	Retired	Own	
2024-10-11 16:26:54	Confidential	Confidential	Confidential	Over 65 years	Male	No	Resident	Retired	Own	Stop the high density building. It's out of control. The people have repeatedly voiced opposition to this nonsense. Hmmm, who's making money from this? Most of us don't want HB to become Santa Monica. We used to have a nice beachside community. Overdevelopment has ruined the feel of our once beautiful community. We need to really examine what "progress" means. It doesn't mean "more" and "bigger". Not everyone can afford to live in Beverly Hills. Not everyone can afford to live in California. Not everyone can afford to live in Huntington Beach. It's not some sort of right that anyone who wants to live here gets to. Let's be sensitive to the needs of others and do the right thing. But the community should decide what the right thing is. It's not just the city council, planning commission, and certainly not those who profit from overdevelopment.
2024-10-11 13:49:12	Confidential	Confidential	Confidential	45-64 years	Female	No	Resident	Retired	Own	
2024-10-10 11:28:36	Confidential	Confidential	Confidential	45-64 years	Female	No	Resident	Employed	Own	I feel strongly that HB needs to do significant pushes for affordable senior services and housing. I know that there are services at the Senior Center across from the library BUT NONE of the services are free and there is no prorated service for low income seniors. It seems to be set up for only the wealthy senior residents. Clean updated Senior housing is almost nonexistent. There are new condos and apartments but the costs are way out of reach.
2024-10-10 10:03:26	Confidential	Confidential	Confidential	45-64 years	Female	No	Resident	Retired	Own	We need to welcome ideas from our diverse population and give everyone a voice. The current city council majority has eliminated the voices of many of our HB residents, destroyed diversity and inclusion initiatives.

2025-2029 CONSOLIDATED PLAN

COMMUNITY WORKSHOP

Meeting Overview

WELCOME /
INTRODUCTIONS

STAFF PRESENTATION

PUBLIC COMMENTS
ON COMMUNITY
NEEDS

NEXT STEPS

What is the Consolidated Plan?

- ▶ 5-Year Plan required by the U.S. Department of Housing and Urban Development (HUD)
- ▶ Identifies community needs
- ▶ Proposes use of the following resources to address those needs:
 - ▶ Community Development Block Grant (CDBG) Funds
 - ▶ Approximately \$1,000,000/year
 - ▶ HOME Investment Partnership (HOME) Funds
 - ▶ Approximately \$550,000/year

Major Components of the Consolidated Plan

- ▶ Community participation
- ▶ Housing and Community Development Needs Assessment
- ▶ 5-year Strategic Plan to establish priorities for addressing needs
- ▶ 1-year Action Plan that identifies use of Federal CDBG and HOME monies

Opportunities for Community Input

Community Development Needs Survey

Community Meeting (October 30th and
November 7th)

Stakeholders Workshop (November 14th)

City Council Public Hearing (January 16th)

30-day Public Review of Consolidated Plan
(March 31st – May 6th)

City Council Public Hearing (May 6th)

Results of Community Needs Survey So Far

- ▶ 162 surveys received as of 10/28/24
- ▶ Top housing needs include more affordable rental housing, senior housing, and code enforcement
- ▶ Parks and playgrounds ranked highest of public facility needs
- ▶ Sidewalk improvements and beautification ranked highest among eligible infrastructure needs
- ▶ Most requested public services include anti-crime, domestic violence, and homeless services

Housing and Community Development Needs Assessment

2025-2029 Five-Year Strategic Plan

Establish priorities/goals for addressing needs using CDBG and HOME funds

- ▶ Housing Goals
- ▶ Homeless Goals
- ▶ Public Service Goals
- ▶ Public Facility Goals
- ▶ Infrastructure Goals
- ▶ Economic Development Goals

Current Use of HOME Funds

- ▶ Tenant-Based Rental Assistance Programs
 - ▶ Homeless
 - ▶ At-Risk of Homelessness
 - ▶ Veterans
 - ▶ Victims of Domestic Violence
 - ▶ Senior Mobile-Home Owners
- ▶ Affordable Housing
 - ▶ Huntington Beach Senior Housing Project (\$2.8 million, 43 units)

Current Use of CDBG Funds

- ▶ Homeowner Improvements Grants and Loans
- ▶ Code Enforcement in Low/Mod Neighborhoods
- ▶ Central Library Restroom Improvement Project
- ▶ ADA Curb Cuts

Low- and Moderate-Income Areas

Current Use of CDBG Funds

Public
Services –
max. 15% of
funds
(~\$168,000)

- Homeless Services
- Senior Services
- Youth Services

Program
Administration
– max. 20% of
funds
(~\$225,000)

- Staff Costs
- Fair Housing
Services

We Want Your Input!

- ▶ What are Huntington **Beach's greatest** housing and community development needs?
- ▶ Thank you for attending Huntington **Beach's Consolidated** Plan Workshop!

Huntington Beach Citizen Participation Comments

FY 2025/26 – 2029/30 Consolidated Plan & 2025/26 Annual Action Plan

CITIZEN PARTICIPATION ADVISORY BOARD PUBLIC HEARING ON COMMUNITY DEVELOPMENT AND HOUSING NEEDS

Date: January 16, 2025, 6:00 pm

Attendees:

CPAB

- 1. Jonathon Hammel**
- 2. Jignesh Padhiar**
- 3. Dennis Pappas**
- 4. Joe Pena**
- 5. Stephen Quinn**

Huntington Beach City Staff

- 1. Community Development Department/Community Enhancement Division – Charles Kovac, Housing Manager**
- 2. Community Development Department/Community Enhancement Division – Gregory Hoang, Sr. Housing Analyst**
- 3. Community Development Department/Community Enhancement Division – Kim Radding, Management Aide**

Public Comments

- Michelle Alvarez, Huntington Beach resident and Director of Family Support Programs with the Boys and Girls Club of Huntington Valley, spoke in support of the Oak View Family Resource Center Drop-in Recreation Program that offers an afterschool program to support families in the Oak View neighborhood. Ms. Alvarez shared details about the impact of the program that features a variety of healthy recreation activities, reading programs, computer access, homework clubs and tutoring, along with meals and snacks in a safe environment after school.
- Parents and students that actively participate in the afterschool program spoke about their appreciation for the program:
 - Vanessa Hernandez (parent) stated that she is very happy with the program and feels that the staff take good care of her children, which allows her to work.
- Maricela Espinoza (parent) expressed gratitude that her son has a safe place to go after school. He always mentions the afterschool program as the best part of his day.

Huntington Beach Citizen Participation Comments

FY 2025/26 – 2029/30 Consolidated Plan & 2025/26 Annual Action Plan

- o Melanie (school-age program participant) described the activities she enjoys through the program and likes making friends to spend time with there.
- o Erickson (school-age program participant) enjoys the kind staff and feels that he always has someone to talk to when needed. He likes being able to do all the activities with his friends in the program.

Public Hearing

- Staff Liaison Kovac advised the Board that the City anticipates HUD will award approximately the same allocation of CDBG Public Services funding (\$165,000) as was received by the City for the current 2024-25 Program Year. Mr. Kovac provided a PowerPoint presentation to outline the process for receiving and expending CDBG funding. Mr. Kovac explained how the Citizen Participation Advisory Board shall determine recommendations for Public Services funding, which will become part of the Annual Action Plan and the Five-Year Consolidated Plan.
- Cheryl Gatch, Huntington Beach resident, expressed concern about locations she has observed throughout the City where colorful paint has been added to the roadway. Ms. Gatch stated that it appeared to be expensive and potentially a pollutant. In addition, Ms. Gatch would like to see opportunities for solar panels, and windows facing prevailing winds addressed in new buildings as an environmental method to decrease ongoing housing cost.

Huntington Beach Citizen Participation Comments

FY 2025/26 – 2029/30 Consolidated Plan & 2025/26 Annual Action Plan

CITIZEN PARTICIPATION ADVISORY BOARD

- 3. Community Development Department/Community Enhancement Division – Kim Radding, Administrative Aide**

Public Comments

- None.

Review of Annual Community Development Block Grant Public Services Applications for 2025/26 Program Year

- Staff Liaison Kovac reported that the City anticipates receiving approximately \$1.1 million in Community Development Block Grant (CDBG) funding for the 2025-26 Fiscal Year. CDBG regulations allow 15 percent (\$165,000) of those funds to be allocated to Public Services programs. The City has received seven applications requesting a total of \$390,000 in funding. Mr. Kovac advised that during this meeting the Board will hear presentations from the requesting agencies and have an opportunity to ask questions. The Board will then convene on February 20 to determine funding recommendations that will be presented the City Council at a Joint Study Session on March 18.

Drop-in Recreation Program - Grant Request \$85,000

Huntington Beach Citizen Participation Comments

FY 2025/26 – 2029/30 Consolidated Plan & 2025/26 Annual Action Plan

Presentation given by Kristin Martinez (City of Huntington Beach), Teffany Nowell (Oak View Family Resource Center), and Ryan Brenes (Boys and Girls Club of Huntington Valley)

The Boys and Girls Clubs of Huntington Valley is requesting \$85,000 to operate an after-school enrichment program at the Oak View FRC to serve 160 school-age children of low-income Huntington Beach families. The program offers a safe environment for children to learn, play, and explore during non-school hours including spring and summer breaks, addressing the need for childcare when parents work. Partnerships also provide essential resources, such as meals to the children, and non-perishable foods to their families.

- **Pathways to Independence**

Grant Request \$40,000

Presentation given by Diana Hill

This is the first funding request from the organization, which has operated in Huntington Beach for 34 years. The program serves women aged 18-35 that are facing adversity without support systems and provides support for three to five years. The mission focuses on education, therapy, mentoring, housing and health care to help the women build successful lives. Accountability and commitment are emphasized, with a 20-hour-a-week job requirement. The program demonstrates an 80% graduation rate and currently supports 40 clients.

- **StandUp for Kids Orange County**

Street Outreach - Grant Request \$33,478

Presentation given by Denise Zermeno and Elle Martinez

The program offers wraparound services for individuals aged 18-24, providing mentors, housing navigators, and employment specialists. Street Outreach involves meeting youth at various locations including colleges and areas where individuals are found on the streets. In 2024-25, the program assisted 98 individuals, mentored 20, and provided housing, employment support, and meals/grocery deliveries. The program seeks to serve 110 youth in 2025-26.

- **Open Arms Food Pantry and Resource Center**

Rattles of Love Diaper Bank - Grant Request \$60,000

This organization was not present to provide a verbal presentation but did submit a presentation that will be distributed to CPAB members. The program provides no cost emergency-based infant care products including diapers, clothing, blankets, and hygiene supplies. The 2025-26 program goal is to serve 10,000 Huntington Beach households.

- **Project Hope Alliance**

On-Site Case Management for OC Youth Experiencing Homelessness - Grant Request \$50,000

Presentation given by Jennifer Friend

Case managers provide support to teenagers facing challenges by maintaining consistent presence in their lives, attending meetings, supplying food, and offering enrichment activities. The program's comprehensive support extends beyond school hours, including summer enrichment. Supporting youth facing the most significant challenges with a case manager-to-youth ratio 30:1, the program serves 188 youth from 101 families on five Huntington Beach campuses. A 100% high school graduation rate demonstrates the effectiveness of this approach.

- **Robyne's Nest**

Robyne's Nest Housing and Support to Homeless & At-Risk Youth in Huntington Beach
Grant Request \$75,000

Presentation given by Lisa Farmer

The organization provides support to at-risk students lacking parental support, focusing on prevention and tailored assistance. Services include addressing basic needs, mental health therapy, life skills training (finance, cooking, stress management), and educational support. The program has grown since the inception 10 years ago. It aims to help students graduate high school and pursue further education or vocational training. A 100% high school graduation rate has been achieved by the program that currently serves 40 children from various Huntington Beach schools.

- **City of Huntington Beach**

Senior Center Care Management - Grant Request \$46,000

Presentation given by Michelle Yerke

The Huntington Beach Senior Center has served the community for over 40 years, reaching over 700 older adults annually with 6,000+ contacts. Huntington Beach now has a significant population (25-26%) aged 60 or older. Many older adults remain self-sufficient; however, a significant portion require support to maintain independent living due to age-related health issues or financial constraints. The program faces challenges meeting the rising demand of a growing older adult population. Limited staffing (four part-time Care Managers since 1997) hinders meeting the increasing demand. The funding request will provide two additional part-time positions, which would significantly increase capacity and allow for deeper work.

Huntington Beach City Council
2000 Main Street
Huntington Beach, CA 92648

Dear Mayor Burns and Members of the Huntington Beach City Council,

I am writing in strong support of Pathways to Independence and their recent grant application to the City of Huntington Beach through the Community Development Block Grant (CDBG) program.

For over three decades, Pathways to Independence has been a vital force in Orange County, empowering single young women who have faced significant adversity and are working to build stable, successful futures. The organization's proven track record of supporting clients through higher education, professional development, and trauma-informed services speaks to the transformative impact of its mission.

As the proud representative in the California State Senate of Huntington Beach, I am especially encouraged by the presence of three residential buildings operated by Pathways right here in our city. These safe and stable housing options are critical to the success of the young women they serve — and to the long-term strength and stability of our community as a whole.

Supporting Pathways to Independence through the CDBG program is an investment in people, in potential, and in a stronger Huntington Beach. I respectfully urge your full consideration of their application and applaud your ongoing commitment to initiatives that create lasting, positive change.

Sincerely,

Tony Strickland
California State Senate, 36th District
