Subject: 142 West 88th: getting the triplex back on the market

Hi,

I want the triplex back on the market as soon as possible, ideally showing by late October for a December 1 move-in.

Have Feld Architecture walk the apartment first and give me a condition schedule and a scope with a budget before we commit to repairs. Then line up the trades.

The loft-ladder railing is dangerous. Keep everyone off that ladder until it is fixed.

Feld finished the kitchen water repair in August and signed it off, so there's nothing left to do in the kitchen.

You can approve work within the funds I've set aside; I don't need to sign each contract. Deal with the contractors directly.

I'll settle the Brenners' deposit separately once we know what the damage costs.

Thanks,
Eleanor
